

Deschutes County Juvenile Community Justice
Barbed Wire Removal Request / Release of Liability

I, the undersigned owner of the property listed below, or authorized agent representing the property owner, hereby consent to entry upon said property by personnel and equipment of the Deschutes County Juvenile Community Justice and community service participants, as is necessary to carry out the community service project requested by the owner. I understand there is no cost for this service and that any money received for the recycling of the wire will be retained by Deschutes County Juvenile Community Justice.

I understand that removal of the barbed wire fencing involves the removal of the wire only and does not include removal of any metal or wooden support posts. I further understand that removal of the fencing may not occur in a single day and that it may require Juvenile Community Service crews to return on more than one occasion over a period of several days to remove all of the wire fencing.

By signing below, I acknowledge that I have requested and authorize Deschutes County Juvenile Community Justice staff and community service program participants to enter onto my property to use equipment for the purpose of removing unwanted barbed wire fencing from my property. In consideration of the removal of wire from my property, I hereby release and hold harmless Deschutes County and each of its officers, employees, agents and volunteers from and against any and all claims, demands, damages, actions, causes of action or obligations whatsoever arising out of or relating to entry on my property to remove barbed wire fencing and/or to the removal of barbed wire on my property, including, but not limited to, any and all claims for property damage, personal injury or claims related to the appearance of my property following the removal of the fencing. The Deschutes County juvenile community service program agrees to release and hold harmless the property owner/authorized agent listed below from any personal injury or claims arising out of or relating to the removal of barbed wire fencing and/or entry onto the owner's property as necessary for the project's completion.
