

DESCHUTES COUNTY
APPLICATION PROCESS
FOR
Chapter 8.16
EVENTS AND PARADES

Introduction

Chapter 8.16 of the Deschutes County Code defines and outlines permitting requirements for Events, Parades and Outdoor Mass Gatherings within the jurisdiction of the County. To aid the customer, as well as the various County Departments and other coordinating agencies, this guide has been prepared to explain the process for obtaining the appropriate and necessary permits.

Every effort has been made to streamline the process, while providing the customer the necessary information in order to obtain all the required information within the required timeline.

Cities within Deschutes County may have their own code, ordinances or policies on similar gatherings. Customers are reminded that food preparation and restaurant licensing are under the jurisdiction of the County's Environmental Health Division regardless whether inside or outside a city's boundaries.

DEFINITION MATRIX

People assemble for a number of reasons as spectators, attendees, organizers, performers and participants for varying durations of time. When congregations of people are on or use Public Property or Public Right of Way, it is an “Event”. When an assembly of people is less than 3000, where the duration is for more than 4, but less than 240 hours and uses private property it is an “Outdoor Mass Gathering”. When the number of people congregating is more than 3000, or over 500 and the duration is for more than 240 hours and uses private property then it is an “Extended Outdoor Mass Gathering.” **Exceptions are funeral processions, regularly scheduled religious services, activities by the school district or any County program, or any city or athletic contests organized by the park and recreation district.**
