Question: Under the paragraph called “Format” on page 7, the RFP states that our response “is limited to no more than 15 pages, exclusive of items included in the appendix.” However, under the “Contents” paragraph just below the “Format” paragraph, it says “Proposals may not exceed 20 pages of single-spaced text (excluding supporting documentation and attachments.)”

Answer: Proposals may be up to 20 pages in length, exclusive of attachments and appendices, as stated in the “contents” section.
