**Deschutes County Board of Commissioners and
Deschutes County Solid Waste Department**

The Department update was held July 15, 2015, at 9 AM, at Solid Waste.

Commissioners Anthony DeBone, Alan Unger and Tammy Baney, along with County Administrator Tom Anderson and Deputy County Administrator Erik Kropp, met with Timm Schimke, Chad Centola and Crystal Wills. They discussed the landfill gas to energy project and a potential contract extension for Waste to Energy Group. They also discussed the Negus Transfer Station in Redmond and potential improvements to that site in the future.

The group then proceeded to the landfill to tour the recently completed Cell 6 project.

They discussed landfiling technology in general and each Commissioner received a hands on demonstration (in the seat) of a landfill compactor, including an overview of the GPS system that is installed on the machine.

No official decisions were made during the visit, and the Board left the site at about 11:00 am.

DATED this 27th Day of July 2015 for the Deschutes County
Board of Commissioners.
