David Doyle provided a brief overview of the item, which has been discussed twice in work sessions with the County Administrator, Assessor and Finance Director. They are in favor of going forward.

Jason Carr and Troy Snyder of Cypress Creek came before the Board. They explained the tax ramifications using the PILOT program results in about the same amount for the County, but allows simplicity and certainty. The company wants to know what the tax bill will be rather than having to assess every year, even if it costs them a bit more.

Chair Unger asked how many megawatts are involved. Mr. Carr said that this program could supply 2,000 to 2,500 homes per year. Commissioner DeBone stated that this allows for the further development of solar energy. There is a land use process involved as well.

Commissioner Baney noted that the previous meeting with the Assessor and Finance Director helped to gain some clarity. This agreement allows certainty in a business that is subject to technological changes in the future.

OTHER ITEMS (continued)

Chair Unger presented a letter of support for a La Pine Health Center grant application. Commissioner DeBone did not like the wording regarding the area being in poverty; he noted that the area is very dedicated and working hard to improving things. Chair Unger would like the language to stay the same for grant purposes to show that these services are needed there. Commissioner Baney said that this is a competitive grant and wants the letter to be as strong as possible. The challenges of the alpine pass geography and difficulty getting to other areas during the winter can be a serious issue.

BANEY: Move approval, with some minor adjustments.

DEBONE: Second.

VOTE: BANEY: Yes.

DEBONE: Yes.

UNGER: Chair votes yes.

Mr. Kropp noted that a last-minute request was made of Chair Unger to provide a letter of support for a Health Council grant being sought by the Bethlehem Inn. The Commissioners ratified this action.

Nick Lelack provided an update regarding Mt. Bachelor Corporation's desire to build more ski lifts. The State Building Code regulates this. If it is interpreted as being a federal project on federal land, it is exempt from local regulations. If it is a lease agreement, they need local permits. They indicated they did not think they needed permits.

There were further discussions on this matter, and it was found that local permits had been required previously for the Pine Marten lift. Mt. Bachelor Corporation has a third party inspector in place. It has been determined to be a local interpretive matter. The Department advised Mt. Bachelor's representatives that whatever has to be done by the County would be expedited.

Being no further items addressed, the meeting was adjourned at 11:50 a.m.
