MINUTES OF BUSINESS MEETING
DESCHUTES COUNTY BOARD OF COMMISSIONERS
MONDAY, JUNE 20, 2016

Commissioners' Hearing Room - Administration Building - 1300 NW Wall St., Bend

Present were Commissioners Alan Unger, Tammy Baney and Anthony DeBone. Also present were County Administrator Tom Anderson and Deputy County Administrator Erik Kropp; Dave Doyle, County Counsel; Whitney Hale, Communications; Christina Partain, Finance; Sgt. Nathan Garibay and Capt. Deron McMaster, Sheriff's Office; Matt Martin, Community Development; and approximately a dozen other citizens. No representatives of the media were in attendance.

1. CALL TO ORDER

Chair Unger called the meeting to order at 10:00 a.m.

2. PLEDGE OF ALLEGIANCE

3. CITIZEN INPUT

None was offered.

4. Before the Board was Consideration of the Reading and Board Signature of a Proclamation recognizing Amateur Radio Week.

Sgt. Nathan Garibay gave an overview of the services provided by amateur radio operators in the area, who donate hours of their time to support law enforcement and emergency services organizations. They offer a great contingency plan in times of serious disasters.

Commissioner DeBone encouraged people to learn more about what this group does. Mr. Garibay stated they are hosting a field day in Sisters this coming weekend for the public to see what they do. Commissioner Baney added that the ham radio folks provide a very valuable service that many people do not know about.

Commissioner DeBone read the proclamation at this time, a copy of which is attached for reference.

5. Before the Board was the Bicycle & Pedestrian Advisory Committee Annual Presentation of “Big Chainring” and “Safe Sidewalks” Awards.

Cheryl Howard explained the role of BPAC and its history. They have evolved over the years, and this is a hard-working committee that advocates alternative transportation, such as bicycling and walking. She then listed the members of BPAC. They have three standing sub-committees and some members sit on other committees regionally with various agencies and private companies. They are a part of COACT for the tri-county area. They have also been able to identify champions of BPAC in other counties.

The sixth annual bike-ped summit will be focused on La Pine, which is dealing with many issues common to all communities, including a major highway going through it. The summits allow them to measure how they are doing and enable them to share resources and ideas. The State summit is being patterned after what is being done here on a regional basis.

They could not do this by themselves, and rely on community and agency support. They recognize those businesses and organizations that not only meet certain goals, but exceed them. Both nominations came under the community of Sisters.

A Safe Sidewalks Award is going to Bi-Mart, which provides clear and safe access all year long. Mary Ellen Wheeler, Manager of the Sisters Bi-Mart, accepted the award. The other Safe Sidewalks Award went to Melvin's First Street Market in Sisters. *(No one was available to accept this award.)*

The Big Chainring Award has been in place since 1996. The winner, Therese Madrigal, is the Chair of Commute Options but was unable to attend today, so Jeff Munson was present to accept the award. Ms. Madrigal has worked tirelessly to enhance bicycling in the region. Mr. Munson said that they just had their 25th anniversary at Commute Options.

The remaining winner was nominated by ODOT, for active transportation redesign. BPAC decided that Bob Bryant of ODOT should get a Lifetime Achievement Award for all of his contributions over the years. Many projects are still coming forward that Mr. Bryant has championed. Mr. Bryant thanked the Board of Commissioners since much of this work would not have been accomplished without the support of the County and many others.

Ms. Howard thanked the Commissioners for their active support, and Matt Martin of CDD; as well as the other members of BPAC past and present. Chair Unger thanked Ms. Howard for her continued leadership and the work of the other members. He also acknowledged staff's efforts as employees and active participants.

6. Before the Board was Consideration of Board Signature of Document No. 2016-345 Amending an Agreement with Telmate for Inmate Telephone Services.

Tom Anderson explained the item, which provides for phone services for inmates in the jail. With this document, the rates can be changed based on FCC adjustments to law.

7. Before the Board was a Public Hearing and Consideration of Adoption of the Deschutes County FY 2016-17 Fee Schedule through Board Signature of Resolution No. 2016-014.

Christina Partain said that the fee schedule was reviewed by the Board a few weeks ago. Adjustments were made to various fees as appropriate. The Fair & Expo fees have been added this year to cover charges for use of the facilities, as negotiated and at the discretion of the Director. David Doyle had advised that the Internal Auditor felt these should be listed, so this is somewhat of a compromise. Mr. Anderson stated that the facilities are used by nonprofits, but the other users of the facilities often want to negotiate a rental rate that the Director is well suited to handle, based on demand and competition.

Chair Unger opened the public hearing.

Carol MacBeth of Central Oregon Landwatch testified that they feel the appeal fees are misallocated, and should be allocated towards those who are asking for land use approval and not across the board. These should apply to the people who are applying for the permit. The applicant is the one receiving the benefit of the fee. The Supreme Court has heard this kind of issue a couple of times. The County cannot charge a fee for a generalized benefit to everyone in the County. The hearing itself is an individualized benefit and should be for just that applicant.

She said it cost \$250 to appeal to the Commissioners in Harney County. Applicants have to exhaust their remedies before LUBA will hear something. However, the fees are so exorbitant in Deschutes County that no one can pay them. Others charge \$400 to LUBA, or \$373 to the Court of Appeals, so she asked why the County's fees are so high. ORS allows the County to charge fees but these are too high for most people.

This cost must be related to the actual cost of service. If an Administrative remedy is not the only way to exhaust remedies, they are supposed to have other avenues, but most people cannot afford the hearings process at the County. They are required to come to the County but most people cannot afford the cost. This is almost a guarantee that they cannot move forward.

The fees for individual actions should benefit the applicant and not be thought to benefit everyone and therefore result in high costs. She feels this violates the Oregon Constitution, since this means justice is for sale, and it should not be. Just become someone is poor does not mean they should not be able to get justice under the law. But Deschutes County makes this unaffordable to many. She said that this cost can be around \$11,000, about what it costs for one year of college.

Commissioner Baney said they work diligently towards hearing public testimony and outreach to get questions answered early in an issue. They also try not to use tax dollars to offset costs of service. They don't want to charge more for some things to handle appeals. She sees that the cost of an appeal is \$2,600. There is a lot of work that goes into preparing information for appeals. With applications or appeals, they want to recover the actual cost of services so as not to have others support a certain case. She is not sure how Harney County could charge so little. She asked if the \$11,000 is a true price tag.

Nick Lelack said the fee is \$2,600 plus 20% of the original fee. He does not know where \$11,000 came from for this applicant but will find out. \$2,600 is the base fee for twenty hours of legal processing of an appeal for the Board. There can be a lot of work put into this. The 20% comes from the staff time to assemble the record and participate in the meetings and more. These cases are becoming more complicated and that drives up staff time and the cost.

This is a financial and policy decision of the Board. CDD issues about 96% of all land use decisions administratively. The initial appeal to the Hearings Officer requires a \$5,000 deposit. There are times when that cost is higher and the applicant or appellant has to cover it. Alternatively, if they use staff time for one applicant, they have to reallocate resources away from other applicants and work.

Mr. Kropp asked if the fee before the Board is proposed to be higher. Mr. Lelack said they did not propose this fee go up, but the 20% of the original fee would because other fees are going up that affect the 20%.

Ms. MacBeth stated that the County keeps accurate records and knows how many times certain issues are appealed. This could be averaged out. The destination resorts often benefit the most, while the smaller property owners cannot afford to go through an appeal or a hearing. Destination resorts know this is a cost of doing business. For the individual, the high cost is a huge barrier.

Mr. Lelack replied that this would mean those cases that are not appealed would still end up supporting the costs for others that are appealed. Commissioner Baney said that the destination resorts often pay more because their cases are very complicated. She would like to see some of the costs negated whenever possible.

No other testimony was offered, so Chair Unger closed the hearing.
