DATE: April 9, 2015

FROM: George Kolb, County Engineer Road 541-322-7113

TITLE OF AGENDA ITEM:
Consideration of Signature of Resolution No. 2015-030, Initiating Legalization Proceedings for a Portion of Tetherow Road.

Note: This action was previously presented through Order No. 2015-015 and Resolution No. 2015-015, but due to scheduling issues, the hearing date was changed from May 6, 2015 to June 3, 2015.

PUBLIC HEARING ON THIS DATE? NO.

BACKGROUND AND POLICY IMPLICATIONS:
On February 3, 2015, a portion of an existing retaining wall gave way on Tetherow Road located on the uphill grade to the east of the bridge across the Deschutes River (see attached photos labeled Exhibit 1). County crews came in for emergency repairs and as a result of clearing the road, the side slope of the road was extended onto private property owned by Platt Properties, LLC. The property owners were notified of the project and the County was given permission to complete the work located on their property with the understanding that a slope easement would be acquired by the County to cover the portion of private property needed for the repair.

When the Road Department went to write the legal description for the slope easement, it was determined that the centerline of the existing road does not match the approximate location of the A.J. Warrin (Jordan) Road that was established 3/6/1879, Wasco County CJ “B” PG 499, right of way width 60 feet or the 1892 D.W. Barnett Road that was established 5/5/1892, Crook County CJ 2. PG 28, right of way width 60 feet (see attached maps). In order to write a legal description for the slope easement, the existing centerline of the road will have to be legalized per Oregon Revised Statutes. The proposed legalization will encompass the 0.27 mile segment of the road beginning 75 feet westerly of the east line of the Central Oregon Park and Recreation Districts "Tetherow Crossing Park" and ending at the north property line of Tax Lot 141236D000400 (Platt Properties LLC). The legalization process involves the following:

1. A Resolution is signed by the Board of County Commissioners initiating the legalization proceedings

2. Signature of an Order which:
   - Initiates the survey of a portion of Tetherow Road
   - Requires a written report from the Road Department concerning the legalization.
   - Sets a public hearing before the Board concerning the legalization
   - Causes notice of the legalization to be provided to the public
- Causes notice of the legalization to be provided to the public

3. Signature of an Order after the public hearing which:
   - Accepts or rejects the Road Departments report
   - Determines the status of the legalization based on public testimony and the Engineer's report.
   - Approves or denies the legalization of a portion of Tetherow Road

4. Filing of the new right-of-way map of this portion of Tetherow Road at the County Surveyor's office.

Signature of Order No. 2015-024 will cause a portion of Tetherow Road to be surveyed and sets a public hearing for the legalization of a portion of Tetherow Road on June 3, 2015.
