 - Cognitive Behavioral Treatment (MRT / Moving On)
 - Sober Housing/Transitional Housing
 - Recovery Mentors
 - Alcohol and Drug Treatment

GOALS OF JRI

- Reduce Recidivism.
- Reduce Prison Utilization
- Increase Public Safety
- Hold Offenders Accountable
- All Focused on Drug, Property, and Driving Offenders

MAJOR ACCOMPLISHMENTS FOR OUR JRI PROGRAM

- We have launched Moving On a gender specific cognitive behavioral treatment group
 - 32 session program designed for Women
 - Works at addressing criminal thinking and behavior, but also incorporates a trauma informed approach
- Skills Streaming
 - As part of our effort to increase the effectiveness of our MRT program we have incorporate skills streaming into the group sessions
- Pfeifer and Associates passed their follow up CPC
 - The assessment team was very impressed with the changes they have made
 - Their score fell into the very high adherence to evidence based practices range

PROGRAM CHALLENGES

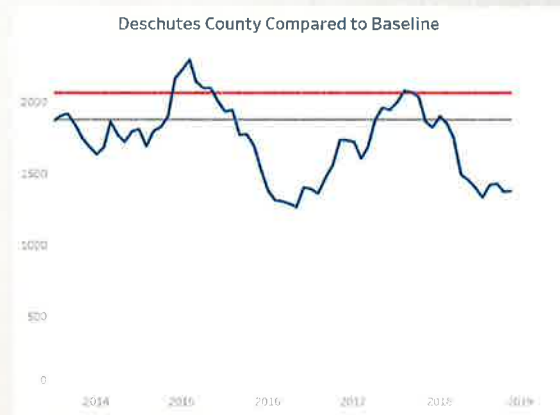

- Drug and Alcohol Treatment Provider
 - Redmond area provider currently on work plan to improve use of evidence-based practices after poor first CPC score
 - Newly contracted additional provider; unknown ability to provide evidence-based practices. CPC estimated November 2019.

JRI PROGRAM STATS

- MRT/Moving On
 - 33 Successful Completions
- Face to Face Contact
 - Double when compared to a general street crimes caseload
- Recovery Mentors
