PETITION TO WITHDRAW PROPERTY FROM
____Sisters Camp Sherman Fire District____
(Name of District)

To: The Board of County Commissioners, Deschutes County, Oregon

The undersigned, in support of this Petition, state as follows:

1. This Petition for Withdrawal is filed pursuant to ORS 198.870 to 198.882.
2. This Withdrawal Petition affects only Deschutes County and ____ Sisters Camp Sherman Fire District ____
(Name of District)
3. The principal act for ____ Sisters Camp Sherman Fire District ____ is
(Name of District)
ORS __198.010 (14) A rural fire protection district organized under ORS chapter 478.
(Proper statutory reference, see ORS 198.010 for listing of appropriate act)
4. The territory that is subject to this Petition for Withdrawal is primarily inhabited uninhabited (circle one). The attached petitions in support of this withdrawal are signed by landowners and registered voters in the area proposed to be withdrawn as indicated opposite their respective signature, and that all signatures were obtained on or after the 12th day of February, 2016.
5. It is requested that proceedings be taken for the withdrawal of said territory from ____ Sisters Camp Sherman Fire District, Deschutes County, Oregon.
(Name of District)
6. A description of the boundaries of the territory to be withdrawn is attached hereto and marked Exhibit "A" and depicted on the map attached as Exhibit "B".
7. That said Petition has been signed by at least 15 percent of the electors, or 100 electors, (whichever number is lesser) registered in the district, or at least 15 owners or owners of 10 percent of the land, (whichever is greater) within the area proposed to be withdrawn.
8. The above listed district has not or cannot feasibly service the territory proposed to be withdrawn because (brief description):

____ The US Department of Agriculture, Forest Service (USFS), is the primary fire protection agency to respond, control and mitigate wildland fires within the area of lands that are proposed to be withdrawn from the Sisters-Camp Sherman Fire District solely within the boundaries of Jefferson County.

The original Camp Sherman Fire District boundary lines were established before being consolidated with the Sisters Fire District recorded March 15, 1989. The Camp Sherman boundary lines were defined upon formation to be the same boundaries as the Black Butte School District which reduced the District formation costs by using existing boundaries of another District that already had the exact legal descriptions for the Department of Revenue. This procedure may have been less expensive but also brought a vast amount of USFS properties into the Fire District which pays no property taxes to the Fire District. The majority of the USFS property within the Fire District is very remote with no road access and it would be nearly impossible for the Fire District to adequately combat a fire with the limited equipment and personnel they have trained in wildland fires.

Due to the dangers of wildland firefighting and the limited wildland firefighting resources available to the Fire District for combating forest fires within the established fire district boundaries within Jefferson County, and that only the most remote lands solely under the responsibility of the USFS without valued structures on these identified lands that may require a need for a City-Rural Fire Protection District to provide fire protection, it is the request of the USFS to remove these lands from the Sisters-Camp Sherman Fire Protection District. The USFS will continue to utilize the Sisters-Camp Sherman Fire District through "Mutual-Aid" contracts to assist in the protection when structures may be threatened from a wildfire or forest fire. Sisters Camp Sherman will also continue to be the primary responder for the few structures owned by the USFS and those privately owned structures that are located on lands leased from the USFS within the original boundary area.

DATED this 12 day of February, 2016.
