Violence Against Women Grant Review Committee,

The Deschutes County Local Public Safety Coordinating Council (LPSCC) is writing to provide documentation of our support for the Deschutes County District Attorney's Office Victims' Assistance Program's grant application for the Violence Against Women grant. We recognize the important services provided by Victim Advocates in our community and are excited to express support for the co-location of advocates within our law enforcement agencies. We recognize that by co-locating an advocate within law enforcement, there is a better opportunity that victims will receive information about their rights and options for their safety in a timely fashion.

Sincerely,

Honorable Judge Wells Ashby
LPSCC Chair
