<b>Caption</b> 10 words which reasonably identifies the subject of the measure. Renewable 5-year Option Tax for District Dust Abatement			
<b>Question</b> 20 words which plainly phrases the chief purpose of the measure. Shall the District request a renewable \$2.00/\$1000 of assessed value Tax for the Dust Abatement Program for five years beginning 2021-2022? This measure may cause property taxes to increase more than three percent.			
<b>Summary</b> 175 words which concisely and impartially summarizes the measure and its major effect. The Two Rivers Special Road District ("District") will use the renewable five-year option tax revenue to apply a double pass of Dust Abatement material on all roads within District. The District will comply with DEQ requirements of Dust Pollution Control within the County. Without this additional revenue the District will be unable to apply sufficient Dust Abatement Product and save money to purchase rock to build a future road base. The proposed rate would generate approximately \$100,000 over the five year period. On a \$100,000 home, the assessment would be \$200 per year. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of the estimate and may reflect the impact of early payment discounts, compression, and the collection rate.			
<b>Explanatory Statement</b> 500 words that impartially explains the measure and its effect.
