City of Bend					
9-105 Motor Vehicle Fuel Tax Question: Should Bend impose a 5-cent per gallon fuel tax for street maintenance and repair and seek reauthorization in 2026? Summary: This measure, if approved, would authorize Bend to impose a tax on motor vehicle fuel sold within the City. The 5-cent per gallon tax would provide funding for preservation of City streets, including repair and maintenance. Proceeds could only be used for street preservation purposes. City streets include bike-lanes, sidewalks and curb ramps. Proceeds from the tax, if approved, would be used as part of Bend's Pavement Preservation Program, which performs pavement maintenance to avoid more costly street reconstruction and replacement. If approved, the measure would take effect on July 1, 2016. If the measure is adopted, the fuel tax would expire if not reauthorized by the City's voters by June 30, 2026.  Yes  No
