County Measure					
9-107 Form 9-1-1 District with Permanent Rate, Withdraw from Existing District Question: Should a new 9-1-1 district be formed with a \$.425/\$1,000 permanent tax rate beginning 2016-2017, and current district territory withdrawn? Summary: Since 1990, the 9-1-1 Service District has depended on temporary tax measures to fund 9-1-1 emergency and non-emergency call-taking and police, fire and EMS dispatch services for District residents. The 9-1-1 User Board, comprised of all local police and fire chiefs, adopted a strategic plan to improve 9-1-1 service and replace the end of life radio communications system by establishing stable funding prior to the expiration of the existing, temporary operating levy in 2018. Stable funding would assure the continuation of quality, responsive 9-1-1 emergency service responses for everyone in the District. This new tax would replace both the current permanent tax rate of \$.1618 and the expiring temporary rate of \$.20. The Governing Board has committed to maintaining the levy rate at \$.3618, the current level, for the next two years. The maximum levy rate of \$.4250 is not expected to be reached until 2030 or later. If levied at the maximum amount, the total increase over the current levies on a property with an assessed value of \$200,000 would be \$1.05 per month. Yes No

If levied at the maximum amount, the total increase over the current levies on a property with an assessed value of \$200,000 would be \$1.05 per month. ☐ Yes ☐ No		9-108 Sisters School District General Obligation Bond Authorization for Capital Improvements Question: Shall Sisters School District issue general obligation bonds not exceeding \$10,700,000 to pay for capital costs? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution. Summary: If approved, this measure would primarily finance needed improvements to the District's facilities. Specifically, this measure is expected to fund: - Installation of security systems - Safety and ADA improvements - Facility and site improvements including HVAC renovations and parking lot repairs - Athletic facilities improvements - Refinancing of outstanding obligations for prior capital improvements - Bond issuance costs. Bonds would mature in a period not to exceed fifteen (15) years. The estimated tax rate is approximately \$0.41 per \$1,000 of assessed property value. The tax rate may vary based upon actual interest rates incurred and changes in assessed values. ☐ Yes ☐ No
