RE: File ZDO-254, Proposed Zoning and Development Ordinance Amendments—
Marijuana-Related Land Uses

BACKGROUND

The growing and processing of medical marijuana has been permitted in Oregon since the effective date of the Oregon Medical Marijuana Act, passed by the voters in 1998. Retail medical marijuana dispensaries have been permitted since 2014. In November 2014, Oregon voters approved Measure 91, legalizing the use of marijuana for recreational purposes. In 2015, the State Legislature approved five bills that relate to recreational and medical marijuana, the most significant of which from a land-use perspective is House Bill 3400. In July, the Board of County Commissioners agreed to proceed with considering new or amended land use regulations for recreational and medical marijuana facilities, to be effective by January 2016.

Recreational marijuana became legal for personal use in Oregon on July 1, 2015. The Oregon Liquor Control Commission (OLCC) is required to adopt administrative rules by January 1, 2016, to administer and implement the law to regulate recreational marijuana purchase, sale, production, processing, transportation and delivery. The OLCC will begin receiving license applications by January 4, 2016, to produce, process, wholesale and retail recreational marijuana. Medical marijuana production, processing and retailing are regulated by the Oregon Health Authority (OHA) with changes to the existing state law in these areas set to take effect on March 1, 2016.

State law provides for four categories of OLCC-licensed, marijuana-related uses—recreational marijuana production, recreational marijuana processing, recreational marijuana wholesaling and recreational marijuana retailing—and three categories of OHA-registered, marijuana-related uses—medical marijuana production, medical marijuana processing and medical marijuana dispensaries.

The county may not completely prohibit any of the defined types of marijuana-related land uses without a vote of the people. However, state law gives the county the authority to adopt “reasonable regulations” regarding these uses.

The county is responsible for regulating land uses, including those related to recreational and medical marijuana, pursuant to the Zoning and Development Ordinance (ZDO). Currently, marijuana production, processing and sale are no different than any other land use when it comes to administering the ZDO because no standards specific to marijuana-related uses have been adopted. As with other land uses, the zoning districts where marijuana-related uses may locate are identified based on characteristics of the use (growing, processing, wholesaling, retailing or a combination thereof). Medical marijuana-related uses have been regulated in the same manner as other similar uses under the ZDO since medical marijuana was legalized in the late 1990s. Recreational marijuana-related use, while they may be permissible under the construct of the ZDO, cannot legally operate until such time as the OLCC issues a license for each facility.

Following the legalization of medical marijuana dispensaries in Oregon in 2014, the county adopted a “time, place and manner (TPM)” ordinance for marijuana retailers in April 2015. This ordinance is part of the business regulations of the County Code, rather than part of the ZDO. It is anticipated that the TPM ordinance will be repealed if related regulations are added to the ZDO as proposed under File ZDO-254. Many of the TPM standards are proposed to be moved to the ZDO, though editing of the text and some substantive changes are proposed.

PROPOSAL

This is a legislative text amendment to the Clackamas County Zoning and Development Ordinance (ZDO).

The proposal is to define four types of marijuana-related land uses and to specify whether these uses are primary, limited, conditional, or prohibited in 49 residential, natural resource, commercial and industrial zones in unincorporated Clackamas County. In some of the zones where permitted, these uses would be subject to standards specific to the use. The four uses generally are defined as follows:

- ***Production*** -- manufacture, planting, cultivation, growing, trimming, harvesting or drying of marijuana
- ***Processing*** -- processing, compounding or conversion of marijuana into cannabinoid products, concentrates, or extracts
- ***Wholesaling*** -- purchasing marijuana items for resale to a person other than a consumer
- ***Retailing*** -- selling marijuana items to a consumer

The proposed ZDO amendments are to Sections 106 (Authorization of Similar Uses), 202 (Definitions), 315 (Urban Low Density Residential, Village Standard Lot Residential, Village Small Lot Residential, Village Townhouse, Planned Medium Density Residential, Medium Density Residential, Medium High Density Residential, High Density Residential, Village Apartment, Special High Density Residential, and Regional Center High Density Residential Districts), 316 (Rural Area Residential 1-Acre, Rural Area Residential 2-Acre, Recreational Residential, Rural Residential Farm Forest 5-Acre, Farm Forest 10-Acre, and Future Urban 10-Acre Districts), 317 (Mountain Recreational Resort and Hoodland Residential Districts), 401 (Exclusive Farm Use District), 406 (Timber District), 407 (Ag/Forest District), 510 (Neighborhood Commercial, Community Commercial, Regional Center Commercial, Retail Commercial, Corridor Commercial, General Commercial, Planned Mixed Use, Station Community Mixed Use, Office Apartment, Office Commercial, and Regional Center Office Districts), 511 (Village Community Service District), 512 (Village Office District), 513 (Rural Tourist Commercial and Rural Commercial Districts), 601 (Campus Industrial District), 602 (Business Park, Light Industrial, and General Industrial Districts), 604 (Rural Industrial District), 822 (Home Occupations) and 1307 (Procedures). Section 801 (General Provisions) would be repealed. A new Section 841 (Marijuana Production, Processing, and Retailing) would be added.

Key elements of the proposal are:

- The regulations would *not* apply to personal recreational marijuana or personal medical marijuana, as allowed by state law.
- The regulations *would* apply to recreational marijuana businesses licensed by the OLCC.
- The regulations *would* apply to medical marijuana businesses and to those growing medical marijuana for a medical marijuana cardholder at an address other than the address where the cardholder resides *or* at an address where more than 12 mature marijuana plants are produced.
- **None** of the **regulated** marijuana-related land uses (production, processing, wholesaling, retailing) would be permitted in the following zones:
 - Urban Residential Districts
 - Future Urban 10-Acre (FU-10)
 - High Density Residential (HDR)
 - Medium Density Residential (MR-1)
 - Medium High Density Residential (MR-2)
 - Planned Medium Density Residential (PMD)
 - Regional Center High Density Residential (RCHDR)
 - Special High Density Residential (SHD)
 - Urban Low Density Residential (R-2.5, R-5, R-7, R-8.5, R-10, R-15, R-20, R-30)
 - Village Standard Lot Residential (VR-5/7)
 - Village Small Lot Residential (VR-4/5)
 - Village Townhouse (VTH)
 - Village Apartment (VA)

- **Rural Residential Districts**
 - Hoodland Residential (HR)
 - Mountain Recreational Resort (MRR)
 - Recreational Residential (RR)
 - Rural Area Residential 1-Acre (RA-1)
 - Rural Area Residential 2-Acre (RA-2)

- **Urban Commercial Districts**
 - Office Apartment (OA)
 - Village Community Service (VCS)

- **Urban Industrial District**
 - Campus Industrial (CI)

- **Natural Resource Districts:** Marijuana production (growing) would be a primary use in the Exclusive Farm Use (EFU), Ag/Forest (AG/F) and Timber (TBR) Districts. Processing would be a primary use in the EFU and AG/F Districts, subject to limits in state law for agricultural processing (maximum 10,000 square feet of floor area; minimum of 25% of processed crops grown on-site). Wholesaling and retailing would be prohibited. Production and processing would be subject to special development standards for minimum setbacks, access, odor, lighting, security cameras, water, and secure disposal; however, medical marijuana production and processing would have some of these standards waived if a larger minimum setback of 200 feet were maintained.

- **Rural Residential Farm Forest 5-Acre (RRFF-5) and Farm Forest 10-Acre (FF-10) Districts:** Marijuana production (growing) would be a primary use, processing a conditional use, and wholesaling and retailing prohibited uses. Production and processing would be subject to special development standards for minimum setbacks, access, odor, lighting, security cameras, water, secure disposal, noise, property owner residency onsite, minimum lot size of five acres, operations limited to enclosed buildings, and maximum building size; however, medical marijuana production and processing would have some of these standards waived if a larger minimum setback of 200 feet were maintained.

- **Urban and Rural Industrial Districts:** Marijuana production, processing and wholesaling would be primary uses in the Business Park (BP), Light Industrial (LI), General Industrial (GI) and Rural Industrial (RI) Districts consistent with other manufacturing and wholesaling uses. Operations would be required to be indoors; otherwise, the uses would be subject to the same development standards as other similar uses in those zones. Retailing would be prohibited.

- **Rural Commercial Districts:** Marijuana wholesaling would be a primary use in the Rural Tourist Commercial (RTC) and Rural Commercial (RC) Districts consistent with other wholesaling of agricultural products. Operations would be required to be indoors; otherwise, the use would be subject to the same development standards as other similar uses in those zones. Production (growing), processing and retailing would be prohibited.

- Urban Commercial Districts: Marijuana retailing would be a primary use in the Corridor Commercial (CC), General Commercial (C-3), Station Community Mixed Use (SCMU), Office Commercial (OC), Neighborhood Commercial (NC), Community Commercial (C-2), Regional Center Commercial (RCC), Retail Commercial (RTL), Planned Mixed Use (PMU) and Regional Center Office (RCO) Districts consistent with similar retailing uses. Retailing would be subject to special development standards for operating hours, odor, prohibitions on drive-up and walk-up window service, secure disposal, restrictions on minors onsite, restrictions on co-location of related activities and uses, and minimum separation distances between medical marijuana retailers, between recreational retailers, and between marijuana retailers and schools, public parks, libraries, light-rail transit stations, public housing units, daycare facilities and, in certain circumstances, residentially-zoned property. Many of these standards are already part of the County Code for marijuana retailers. Note that the separation distances significantly limit the number of sites that could be developed with a marijuana retailer. However, the separation distance between retailers is proposed to be reduced from the current 2,500-foot standard in the County Code to 1,000 feet. This is because new state legislation prohibits the County from applying a standard greater than 1,000 feet between recreational retailers. Processing (excluding primary processing) would be a primary use in the CC, C-3, SCMU, OC and Village Office (VO) districts consistent with other processing uses. Processing operations would be required to be indoors; otherwise, the use would be subject to the same development standards as other similar uses in those zones. Production (growing) and wholesaling would be prohibited.
- Miscellaneous Amendments: Other related amendments are proposed as follows:
 - Add marijuana-related definitions to Section 202, *Definitions*.
 - Amend definitions of farmers' market, mobile vending unit, and produce stand to exclude marijuana. Adopt a definition of community garden and exclude marijuana.
 - Amend the home occupation provisions to prohibit marijuana-related land uses as home occupations. Instead, the use would be permitted only if otherwise listed in the applicable zone and subject to any relevant development standards particular to marijuana-related uses.
 - Repeal the general language in Section 801, which is partially inconsistent with other ZDO provisions. Replace this language with a provision in Section 106 that prohibits using the Authorization of Similar Uses process to permit a use specifically listed as a special use in Section 800.
 - Make housekeeping edits where warranted (e.g., formatting, terminology).

SIGNIFICANT ISSUES

Staff has identified four significant policy issues.

1. *Should marijuana production (growing) be permitted in industrial zones?*

The proposed ZDO amendments would allow marijuana production as a primary use in four of the county's five industrial districts: Business Park, Light Industrial, General Industrial and Rural Industrial. The fifth district, Campus Industrial, applies to only one property and does not currently allow the types of industrial uses that are most consistent with marijuana production.

Under the current ZDO, medical marijuana production has been approved as a primary use in industrial zoning districts. The description of manufacturing that applies in the Business Park, Light Industrial, General Industrial and Rural Industrial Districts seems to encompass growing of plants and in staff's opinion permits marijuana production as well as other horticultural uses such as the growing of orchids or hydroponic tomatoes. In addition, the Rural Industrial District permits "ornamental and horticultural nurseries."

With legal recreational marijuana production about to come online, however, concerns have been raised about the industry's potential to deplete the county's already scarce industrial land. Also, it has been argued that the legalization of recreational marijuana in Colorado, and the resulting demand for industrial space, has driven land prices and building rents to levels too high for other small businesses to afford.

On the other hand, with concerns about marijuana production focused on security, intrusive grow lights, odor, noise and high water and energy usage, it may be appropriate to allow this use to locate in industrial areas where other uses with similar impacts are permitted and where public services are often available. In addition, this approach has the advantage of allowing growing to occur on the same industrial site as processing and wholesaling, both of which are proposed to be primary uses in the BP, LI, GI and RI Districts.

2. *Should marijuana production (growing), processing and wholesaling be permitted in rural residential districts?*

In the Rural Residential Farm Forest 5-Acre and Farm Forest 10-Acre Districts, the proposed ZDO amendments would allow marijuana production as a primary use and marijuana processing as a conditional use. Marijuana wholesaling would be prohibited. In addition to the discretionary conditional use approval criteria applying to marijuana processing, clear and objective development standards would be applied to both production and processing to address impacts. The proposal is to prohibit marijuana production, processing and wholesaling in the other rural residential districts, which are RA-1, RA-2 and RR.

Under the current ZDO, both “raising, harvesting, and selling crops” and “any other agricultural or horticultural use . . .” are primary uses in the RRFF-5 and FF-10 Districts, and no development standards specific to those uses exist in the ZDO. (Both of these categories of farm use are permitted in RA-2 also. Raising, harvesting, and selling crops is permitted in RR on lots larger than five acres and in RA-1.) Processing and wholesaling of farm crops are permitted as conditional uses in RRFF-5 and FF-10 under the category of “commercial or processing activities that are in conjunction with farm or forest uses.” However, concerns have been raised that the impacts of marijuana growing, processing and wholesaling are unique and impose particular burdens on neighbors (e.g., security, outdoor grow lights, noise from ventilation systems, odor).

3. *Should marijuana retailing be permitted in the Rural Commercial and Rural Tourist Commercial Districts?*

In adopting the existing TPM ordinance, the county prohibited marijuana retailers outside the Portland Metropolitan Urban Growth Boundary. The underlying reason for this decision appears to have been concern about insufficient law enforcement resources in rural areas. However, during the development of the current proposal, this policy choice has been questioned. One argument in favor of allowing retailing in rural commercial areas is that it would prevent the need for rural residents to drive long distances to purchase marijuana items. Options for Planning Commission consideration include:

- Allow marijuana retailing in the Rural Commercial and Rural Tourist Commercial Districts. (Other retailing uses are permitted in these zones.)
- Allow marijuana retailing only in those Rural Commercial and Rural Tourist Commercial areas that are inside an unincorporated community. There are eight unincorporated communities that include commercial zoning: Government Camp, Wemme/Welches, Rhododendron, Boring, Mulino, Colton, Beaver Creek and Redland. Other rural commercial areas in the county are somewhat randomly located because they reflect historical commercial uses. In contrast, unincorporated communities include concentrations of commercial uses as well as more dense rural residential areas and, in some cases, rural industrial areas as well.
- Allow marijuana retailing only inside Rural Tourist Commercial areas in the urban unincorporated community of Government Camp. This would provide for marijuana retailing along the Highway 26 corridor in a community with urban levels of zoned residential density and a distinct commercial core.
- Retain the prohibition on marijuana retailing in rural areas.

4. *Do the development standards proposed in ZDO Section 841 for marijuana-related uses adequately address the anticipated impacts of these uses?*

Refer to the draft of ZDO Section 841 for standards that would be applied to production, processing and retailing to mitigate the impacts of these uses.

For recreational marijuana, most of the production and processing standards would apply in the EFU, TBR and AG/F Districts (except that processing is not permitted in TBR under state law), and all of them would apply in the RRFF-5 and FF-10 Districts. For medical marijuana, there are two options proposed: comply with the same standards as recreational marijuana or provide a larger setback of 200 feet in lieu of complying with several of the other standards. The reason for the distinction is that state law does not appear to provide for the county to apply “reasonable regulations” to the *manner* in which medical marijuana is produced or processed; however, location can be regulated. Staff is not proposing to apply the standards of Section 841 to production, processing or wholesaling in those commercial and industrial districts where these uses would be permitted.

The retailing standards would apply in all zones where retailing would be permitted. In large part, the standards for retailing derive from the county’s existing “time, place, and manner (TPM)” ordinance adopted as part of the County Code earlier this year. Staff is proposing to replace the existing discretionary odor standard with a more technical one and to edit several standards (retailing hours, waste management, minors on the premises) to mirror the draft OLCC rules. Also, House Bill 3400 prohibits the county from applying a separation distance of greater than 1,000 feet between recreational retailers. Staff’s proposal is to replace the existing 2,500-foot buffer in the TPM ordinance with a 1,000-foot standard between recreational retailers and between medical dispensaries.

ANALYSIS AND FINDINGS

1. The proposed text amendments are legislative. Section 1400 of the ZDO establishes procedural requirements for legislative amendments, which have been or are being followed in this case. However, the ZDO contains no review criteria that must be applied when considering an amendment to the text of the ZDO.
2. Chapter 11 of the Plan contains a section entitled City, Special District and Agency Coordination. The Oregon Department of Transportation, the Oregon Department of State Lands, Clackamas River Water District, Oak Lodge Sanitary District, North Clackamas Parks and Recreation District, Clackamas County Service District No. 1 and all cities within the county are on a standing list to receive notice of all proposed amendments. This level of notification furthers the goals and policies of this section of the Plan.

Chapter 11 of the Plan also contains a section entitled Amendments and Implementation. This section contains procedural standards for Plan amendments, requires the Plan and the ZDO to be consistent with Statewide Planning Goals and Guidelines and Metro’s Urban Growth Management Functional Plan, and requires the ZDO to be consistent with the Plan. Policy 3.0 establishes the procedural standards. The process followed for ZDO-254 is compliant with these standards. Specifically, notice was sent to all recognized Community Planning Organizations, Hamlets and Villages at least 35 days before the scheduled public hearing and the Department of Land Conservation and Development and Metro were provided with an opportunity to review and comment on the proposed amendments.

Advertised public hearings are scheduled before the Planning Commission and the Board of County Commissioners to consider the proposed amendments. The Statewide Planning Goals and Guidelines and the Urban Growth Management Functional Plan are addressed below.

3. Statewide Planning Goals and Guidelines

- a. Goal 1: Citizen Involvement: The text amendment does not propose to change the structure of the county's citizen involvement program. Notice of the proposed amendment was provided to Community Planning Organizations, Hamlets and Villages and a list of interested parties. Also, notice of the Planning Commission and Board of County Commissioners hearings was published in the newspaper.
- b. Goal 2: Land Use Planning: Not applicable because the text amendment does not propose to change the county's land use planning process. The county will continue to have a comprehensive land use plan and implementing regulations that are consistent with the plan. No exceptions from the Goals are required.
- c. Goal 3: Agricultural Lands: House Bill 3400 specifies that marijuana is a crop for purposes of the definition of farm use in ORS 215.203 and clearly permits the production and small-scale processing of marijuana in Exclusive Farm Use zones. House Bill 3400 also prohibits marijuana-related farm dwellings, farm stands and commercial activities in conjunction with farm use. The proposed amendments to the ZDO are consistent with these provisions of state law and are therefore consistent with Goal 3.
- d. Goal 4: Forest Lands: House Bill 3400 specifies that marijuana is a crop for purposes of the definition of farm use in ORS 215.203 and explicitly provides for marijuana production on land zoned for farm or forest use in the same manner as the production of marijuana is allowed in exclusive farm use zones. The AG/F District is a mixed farm and forest zone and therefore allows all of the uses permitted in the EFU District. TBR is a forest zone and allows farm use but not agricultural processing. The proposal to allow marijuana production in AG/F and TBR and small-scale processing in AG/F is consistent with House Bill 3400 and is therefore consistent with Goal 4.
- e. Goal 5: Open Spaces, Scenic and Historic Areas, and Natural Resources. Not applicable because the text amendment does not propose to change the county's Plan policies or implementing regulations for Goal 5 open spaces, scenic and historic areas, and natural resources.
- f. Goal 6: Air, Water and Land Resources Quality. Not applicable because the text amendments do not propose to change the county's Plan policies or implementing regulations for compliance with Goal 6.

- g. Goal 7: Areas Subject to Natural Disasters and Hazards: Not applicable because the text amendment does not propose to change the county's Plan or implementing regulations regarding natural disasters and hazards.
- h. Goal 8: Recreational Needs: Not applicable because the text amendment does not propose to change the county's Plan or implementing regulations regarding recreational needs.
- i. Goal 9: Economy of the State: Goal 9 and its implementing regulations focus on economic analysis and economic development planning required in urban Comprehensive Plans. The proposed amendments apply to commercial and industrial lands but do not propose to amend the Comprehensive Plan. Goal 9 does identify land use controls and ordinances as one of a suite of economic development tools. The proposal includes allowing specified marijuana-related uses in certain commercial and industrial zones; however, these uses are already permitted in these zones as part of other more general use categories (e.g., manufacturing, wholesaling, retailing).
- j. Goal 10: Housing: Not applicable because the text amendments do not propose to change the county's Plan or implementing regulations regarding housing.
- k. Goal 11: Public Facilities and Services: Not applicable because the text amendments do not propose to change the county's Plan or implementing regulations regarding public facilities and services.
- l. Goal 12: Transportation: Goal 12 is implemented by Oregon Administrative Rules Chapter 660, Division 12. Local governments are required to adopt a Transportation System Plan and land use regulations to implement the TSP. This proposal does not include amendments to the county's TSP or transportation-related land use regulations. However, Plan and land use regulation amendments must be evaluated under OAR 660-012-0060. The proposal includes allowing specified marijuana-related uses in certain zones; however, these uses are already permitted in these zones as part of other more general use categories (e.g., growing of crops, manufacturing, retailing). There is no greater impact to the transportation system by more specifically identifying these uses in the zones where they are permitted.
- m. Goal 13: Energy Conservation: Not applicable because the text amendments do not propose to change the county's Plan or implementing regulations regarding energy conservation.
- n. Goal 14: Urbanization: Not applicable because the text amendments do not propose to change the county's Plan or implementing regulations regarding urbanization.
- o. Goal 15: Willamette River Greenway: Not applicable because the text amendments do not propose to change the county's Plan or implementing regulations regarding the Willamette River Greenway.

The Department of Land Conservation and Development (DLCD) was notified of this proposal, but no response has been received.

4. Urban Growth Management Functional Plan:

- a. Title 1. Housing Capacity. Not applicable because the proposed text amendments would not reduce zoned housing capacity, amend minimum density standards, or prohibit accessory dwelling units.
- b. Title 2. Regional Parking Policy: This title was repealed and moved to the Regional Transportation Functional Plan.
- c. Title 3. Water Quality and Flood Management: Not applicable because the proposed text amendments would not change the county's Plan or implementing regulations regarding water quality and flood management.
- d. Title 4. Industrial and Other Employment Areas: Not applicable because the proposed text amendments would not change the county's Plan or implementing regulations regarding industrial and other employment areas. Industrial areas are subject to a 5,000-square-foot per use/20,000-square-foot per property limit on retail uses, which the County has implemented in the urban industrial districts. However, this proposal is to prohibit marijuana retailing entirely in the urban industrial districts, which is also compliant with Title 4. The County's commercial zoning districts, where marijuana retailing would be permitted, are exempt from the Metro limits on retail square footage.
- e. Title 5. Neighbor Cities and Rural Reserves: This title was repealed.
- f. Title 6. Centers, Corridors, Station Communities and Main Streets: Not applicable because Title 6 establishes voluntary actions that a local jurisdiction can take to become eligible for a regional investment, lower mobility standards and lower trip generation rates; sets recommended activity levels for centers, corridors, station communities and main streets; and prescribes the process for revising the boundaries of centers, corridors, station communities and main streets.
- g. Title 7. Housing Choice: Not applicable because the proposed text amendments would not change the county's Plan or implementing regulations concerning housing choices.
- h. Title 8. Compliance Procedures: Not applicable. This Title is administrative and relates to Metro's process for ensuring local governments comply with the Functional Plan.
- i. Title 9. Performance Measures: This title was repealed.
- j. Title 10. Functional Plan Definitions: Not applicable. This Title contains definitions only.

- l. Title 11. Planning for New Urban Areas: Not applicable because the proposed text amendment would not change the county's Plan or implementing regulations concerning planning for new urban areas.
- m. Title 12. Protection of Residential Neighborhoods: Not applicable because the proposed text amendment would not change the county's Plan or implementing regulations concerning residential density, designation of neighborhood centers or access to parks and schools.
- n. Title 13. Nature in Neighborhoods: Not applicable because the proposed text amendment would not change the county's Plan or implementing regulations regarding Habitat Conservation Areas, the regulation of which is required by Title 13.
- o. Title 14. Urban Growth Boundary: Not applicable because the proposed text amendment would not change the county's Plan or implementing regulations regarding the Portland Metropolitan Urban Growth Boundary.

Metro was notified of this proposal, but no response has been received.

RECOMMENDATION

Staff recommends approval of the proposed amendments.

Overview of *Second DRAFT of Proposed Marijuana Land Use Regulations* for Clackamas County

UPDATED: October 14, 2015

The Clackamas County Board of Commissioners is considering amending the county Zoning and Development Ordinance (ZDO) to add land use regulations for businesses that grow, process, wholesale or retail recreational or medical marijuana. Planning and Zoning Division staff drafted regulations and sent them to the Oregon Department of Land Conservation and Development on Sept. 21, 2015, as required, and issued amended draft regulations Oct. 14, based on direction from the County Planning Commission. The draft amendments can be reviewed by clicking on *DRAFT County Regulations* at www.clackamas.us/planning/marijuana.html.

This document provides a brief overview of where marijuana businesses would be allowed in unincorporated Clackamas County based on the second draft of proposed regulations as of Oct. 14, 2015. This is for informational purposes only, and is not intended as legal guidance. In addition to new marijuana land use regulations, marijuana businesses will also have to comply with the same building, fire and other codes that apply to businesses in Clackamas County, as well as to requirements from the Oregon Liquor Control Commission (OLCC) for recreational marijuana and the Oregon Health Authority (OHA) for medical marijuana. The draft county regulations are likely to be revised as the county goes through the Planning Commission and Board of County Commissioner public hearings process.

The second draft of proposed marijuana land use regulations that were sent to the state on Oct. 14, 2015...

- ... Apply only to unincorporated Clackamas County, and set limits on where and how various marijuana businesses can operate;
- ... Do *not* apply to: Noncommercial growing or processing of recreational marijuana, as allowed by state law without a license from OLCC
 - Growing medical marijuana by a medical marijuana cardholder at the cardholder’s residence as long as no more than 12 mature plants are grown at that address (up to 6 mature plants per cardholder are permitted by state law)
 - Processing of medical cannabinoid products or concentrates by a medical marijuana cardholder, or a designated primary caregiver for a cardholder
- ... Do apply to: Recreational marijuana businesses (growing, processing, wholesaling or retailing) licensed by the OLCC
 - Growing medical marijuana for a medical marijuana cardholder at an address other than the address where the cardholder resides or at an address where more than 12 mature marijuana plants are produced
 - Processing of medical marijuana *except* for processing of medical cannabinoid products or concentrates by a medical marijuana cardholder, or a designated primary caregiver for a cardholder
 - Retailing medical marijuana

The draft regulations allow recreational and medical marijuana facilities – production/grow, processing, wholesaling and retailing -- in zones shown below.

The County Commission plans to have new regulations in place by January 2016, which is when the Oregon Liquor Control Commission (OLCC) is required to begin accepting applications for licenses related to marijuana businesses.

STATE BACKGROUND: In November 2014, Oregon voters approved Measure 91, legalizing the use of marijuana for personal recreational use. In 2015, the State Legislature approved five bills that amend and provide regulations related to recreational and medical marijuana. State law gives the county the authority to adopt “reasonable regulations” regarding recreational and medical marijuana. The law defines four types of marijuana business:

- *Production:* manufacture, planting, cultivation, growing or harvesting of marijuana in Oregon
- *Processing:* processing, compounding or conversion of marijuana into cannabinoid products, concentrates, or extracts; excluding packaging or labeling
- *Wholesaling:* purchasing marijuana items in Oregon for resale to a person other than a consumer in Oregon
- *Retailing:* selling marijuana items to a consumer in Oregon

MEMORANDUM

TO: Planning Commission

FROM: Jennifer Hughes, Principal Planner

DATE: October 20, 2015

RE: File ZDO-254, Proposed Zoning and Development Ordinance Amendments—
Marijuana-Related Land Uses

The purpose of this memo is to provide an explanation of the changes made to the first draft of the proposed ZDO amendments (dated 9/21/15) to assist in your review of the second draft (dated 10/14/15). Here are the *key* points:

- The number of ZDO sections (19) that are part of this proposal has not changed.
- Thirteen of the sections remain unchanged since the first draft. These are easy to identify because the date on the documents remains 9/21/15.
- Section 316 was changed based on Planning Commission input at the October 12th study session. In the RRFF-5 and FF-10 Districts, marijuana production is now identified as a primary use rather than with two options—primary or prohibited; processing is now identified as a conditional use rather than with two options—conditional or prohibited; wholesaling is identified as a prohibited use rather than with two options—conditional or prohibited.
- Section 510 was changed to require that marijuana processing, in the four urban commercial zones that would permit it, be conducted entirely within enclosed buildings. (See note 41 to Table 510-1.)
- Section 513 was changed to require that marijuana wholesaling in the Rural Commercial and Rural Tourist Commercial Districts be conducted entirely within enclosed buildings. (See note 15 to Table 513-1.)
- Section 602 was changed based on Planning Commission input at the October 12th study session. In the Business Park, Light Industrial and General Industrial Districts, marijuana production is now identified as a primary use rather than a prohibited use. Also, marijuana production, processing and wholesaling would be required to be conducted entirely within enclosed buildings. (See note 11 to Table 602-1. This note is not required for the BP District because all uses in that zone must be conducted indoors.)

- Section 604 was changed based on Planning Commission input at the October 12th study session. In the Rural Industrial District, marijuana production is now identified as a primary use rather than a prohibited use. Also, marijuana production, processing and wholesaling would be required to be conducted entirely within enclosed buildings. (See note 4 to Table 604-1. There is an error in the 10/14/15 draft where note 4 appears in the notes list, but the number has not been added to the table for the three marijuana-related uses. Staff will make this correction for the next draft.)
- Section 841:
 - The applicability section was expanded to identify the zoning districts where the section applies. Previously this information was found only in the ZDO sections that regulate each zone.
 - The security cameras standard was changed to allow exceptions needed to meet state law.
 - The odor standards were changed to a lower filtration standard (cubic feet per minute) because the previous standards likely were excessive. In response to Commissioner Pasko’s comments at the October 12th study session, an alternative was added to allow an applicant to use a different type of filtration system if it is supported by an expert opinion. The standards also were clarified to require the system to be in working order and in use.
 - The standards for water, waste management, hours of operation for retailers and minors on retail premises were changed to be consistent with the draft Oregon Liquor Control Commission rules. Hours of operation for actual retail sales would be 8:00 a.m. to 10:00 p.m. Retail business operations not involving consumers (e.g., taking inventory, staff meetings, cleaning) could occur anytime. The current standard in the County Code for these facilities is 10:00 a.m. to 9:00 p.m.
 - Two options are now proposed for *medical* marijuana production and processing: comply with the same standards as recreational marijuana or provide a larger setback of 200 feet in lieu of complying with the odor, lighting (for other than grow lights), water, waste management, and noise standards. The reason for this approach is that state law does not appear to provide for the county to apply “reasonable regulations” to the *manner* in which medical marijuana is produced or processed; however, location and hours clearly can be regulated.
 - The standard for measuring the buffer between retailers was changed to measure from the building space occupied by one retailer to the building space occupied by another retailer, rather than the building space of one retailer to the lot line of the other.
 - The provision that specifies that a new buffer is not created if a buffered use (e.g., a school) is established *after* a marijuana retailer is established was changed to refer to a complete Type I county application rather than a state license.
 - A second provision that exempts certain preexisting medical marijuana retailers from the buffers has been added. (One such provision already exists in the County Code and is proposed to be retained in the ZDO. That provision was in the first draft.) The new provision is intended to address a specific preexisting dispensary whose status is somewhat in limbo at present.

- The provision to deal with a buffer conflict that occurs if two retailers want to locate in the same general area has been amended by removing the requirement to obtain a final state license or registration prior to filing a county application.
- The Type I county application approval period for retailing has been increased from 180 days to one year. In part this is due to concerns that the Oregon Liquor Control Commission will not process license applications quickly enough in 2016 to allow an applicant to begin operation within 180 days of county approval. However, the provision also requires the applicant to file the license or registration application with the state within three months of county approval of the county application.

- ⁹ Attached single-family dwellings are permitted on 100 percent of the lots in a planned unit development and 20 percent of the lots in a subdivision that is not a planned unit development.
- ¹⁰ As a primary use, only two attached single-family dwellings may be attached in succession except in the VR-4/5 District when transferring density from a Resource Protection Area—as shown on Comprehensive Plan Map X-SV-1, *Sunnyside Village Plan Land Use Plan Map*—in which case this limit does not apply.
- ¹¹ Attached single-family dwellings that do not comply with Note 10 to Table 315-1 are a conditional use.
- ¹² Multifamily dwellings are limited to those containing four dwelling units.
- ¹³ Two- and three-family dwellings are subject to Section 802, *Two- and Three-Family Dwellings*.
- ¹⁴ Only indoor facilities are permitted.
- ¹⁵ Uses similar to this use may be authorized pursuant to Section 106.

1. Maximum lot coverage does not apply to swimming pools.
 2. Maximum lot coverage is 50 percent for a lot of record that is 6,000 square feet or less in area, was created prior to the application of an Urban Low Density Residential District to the subject lot of record, and is developed with a detached single-family dwelling.
 3. For a detached single-family dwelling, minimum rear yard depth is 10 feet and there is no minimum side yard depth from one side lot line if:
 - a. The dwelling is developed on a lot of record that is 6,000 square feet or less in area and was created prior to the application of an Urban Low Density Residential District to the subject lot of record; and

In the case of single-family dwellings, condominium platting supersedes the requirement that each dwelling unit be on a separate lot of record.
- B. Manufactured Dwelling Parks: Redevelopment of a manufactured dwelling park with a different use is subject to Subsection 825.03.

- C. Structure and Façade Design: Single-family dwellings and manufactured homes, except temporary dwellings approved pursuant to Section 1204, shall include at least three of the following features visible to the road. If the single-family dwelling or manufactured home is located on a corner lot, the features shall be visible from the road from which the single-family dwelling or manufactured home takes access.
1. A covered porch at least two feet deep;
 2. An entry area recessed at least two feet from the exterior wall to the door;
 3. A bay or bow window (not flush with the siding);
 4. An offset on the building face of at least 16 inches from one exterior wall surface to the other;
 5. A dormer;
 6. A gable;
 7. Roof eaves with a minimum projection of 12 inches from the intersection of the roof and the exterior walls;
 8. A roofline offset of at least 16 inches from the top surface of one roof to the top surface of the other;
 9. An attached garage;
 10. Orientation of the long axis and front door to the street;
 11. A cupola;
 12. A tile, shake, or composition roof; and
 13. Horizontal lap siding.
- D. Restricted Areas: Generally residential development is prohibited in the Floodplain Management District regulated by Section 703, river and stream corridors, wetlands, mass movement hazard areas regulated by Section 1003, and on slopes greater than 25 percent. However, a single-family dwelling or manufactured home may be developed in a restricted area on a lot of record created prior to the adoption of this standard, subject to compliance with the applicable criteria in this Ordinance for such development. In the case of a land division, density accruing to restricted areas may be eligible for transfer to unrestricted areas as provided in Section 1012, *Density*.

² A farm stand shall not be used for the sale, or to promote the sale, of marijuana items. (See Section 34, Chapter 614, Oregon Laws 2015.)

³ A commercial activity carried on in conjunction with a marijuana crop is prohibited. (See Section 34, Chapter 614, Oregon Laws 2015.)

401.05 APPROVAL CRITERIA FOR SPECIFIC USES

The following criteria apply to some of the uses listed in Table 401-1. The applicability of a specific criterion to a listed use is established by Table 401-1.

A. General Criteria

1. Uses may be approved only where such uses:
 - a. Will not force a significant change in accepted farm or forest practices on surrounding lands devoted to farm or forest use; and

- b. Will not significantly increase the cost of accepted farm or forest practices on surrounding lands devoted to farm or forest use.
2. The Natural Resources Conservation Service (NRCS) Internet Soils Survey for Clackamas County shall be used to determine the soil classification and soil rating for a specific lot of record, except for purposes of approving a Lot of Record Dwelling application, the applicant may submit a report from a professional soils classifier whose credentials are acceptable to the Oregon Department of Agriculture that the soil class, soil rating or other soil designation should be changed; and submits a statement from the Oregon Department of Agriculture that the Director of Agriculture or the director's designee has reviewed the report and finds the analysis in the report to be soundly and scientifically based.
3. The landowner for the dwelling shall sign and record in the deed records for the County a document binding the landowner, and the landowner's successors in interest, prohibiting them from pursuing a claim for relief or cause of action alleging injury from farming or forest practices for which no action or claim is allowed under ORS 30.936 or 30.937.
4. An approval to construct a dwelling may be transferred to any other person after the effective date of the land use decision.
5. No enclosed structure with a design capacity greater than 100 people, or group of structures with a total design capacity of greater than 100 people, shall be approved in connection with the use within three miles of an urban growth boundary, unless an exception is approved pursuant to ORS 197.732 and OAR chapter 660, division 4, or unless the structure is described in a master plan adopted under the provisions of OAR chapter 660, division 34.
 - a. Any enclosed structures or group of enclosed structures described in Subsection 401.05(A)(5) within a tract must be separated by at least one-half mile. For purposes of Subsection 401.05(A)(5), "tract" means a tract as defined by Subsection 401.03(U) that was in existence as of June 17, 2010.
 - b. Existing facilities wholly within a farm use zone may be maintained, enhanced, or expanded on the same tract, subject to other requirements of law, but enclosed existing structures within a farm use zone within three miles of an urban growth boundary may not be expanded beyond the requirements of Subsection 401.05(A)(5).

B. Farm and Forest Uses

1. A facility for the processing of farm crops or the production of biofuel as defined in ORS 315.141 or an establishment for the slaughter or processing of poultry pursuant to ORS 603.038 shall be located on a farm that provides at least one-quarter of the farm crops processed at the facility. If a building is established or used for the processing facility or establishment, the farm operator may not devote more than 10,000 square feet of floor area to the processing facility or establishment, exclusive of the floor area designated for preparation, storage, or other farm use. A processing facility or establishment must comply with all applicable siting standards but the standards may not be applied in a manner that prohibits the siting of the processing facility. Any division of a lot of record that separates a processing facility or establishment from the farm operation on which it is located is prohibited.
2. A facility for the primary processing of forest products shall not seriously interfere with accepted farming practices and shall be compatible with farm uses described in ORS 215.203(2). Such facility may be approved for a one-year period that is renewable and is intended to be only portable or temporary in nature. The primary processing of a forest product, as used in Subsection 401.05(B)(2), means the use of a portable chipper or stud mill or other similar methods of initial treatment of a forest product in order to enable its shipment to market. Forest products as used in Subsection 401.05(B)(2) means timber grown upon a tract where the primary processing facility is located.

C. Residential Uses

1. A lawfully established dwelling may be altered, restored, or replaced if, when an application for a permit is submitted, substantial evidence is provided that:
 - a. The dwelling to be altered, restored, or replaced has, or formerly had:
 - i. Intact exterior walls and roof structure;
 - ii. Indoor plumbing consisting of a kitchen sink, toilet, and bathing facilities connected to a sanitary waste disposal system;
 - iii. Interior wiring for interior lights; and
 - iv. A heating system; and
 - b. The dwelling was assessed as a dwelling for the previous five property tax years, or, if the dwelling has existed for less than five years, from that time; and

- c. Notwithstanding Subsection 401.05(C)(1)(b), if the value of the dwelling was eliminated as a result of either of the following circumstances, the dwelling was assessed as a dwelling until such time as the value of the dwelling was eliminated:
 - i. The destruction (i.e., by fire or natural hazard), or demolition in the case of restoration of the dwelling; or
 - ii. The applicant establishes the dwelling was improperly removed from the tax rolls. "Improperly removed" means the dwelling has taxable value in its present state, or had taxable value when the dwelling was first removed from the tax roll or was destroyed by fire or natural hazard and the County stopped assessing the dwelling even though the current or former owner did not request removal of the dwelling from the tax roll.
 - d. The dwelling to be replaced must be removed, demolished or converted to an allowable nonresidential use:
 - i. Within one year from the certified occupancy; or
 - ii. If the dwelling to be replaced is in such a state of disrepair that the structure is unsafe for occupancy or constitutes an attractive nuisance, the dwelling to be replaced must be removed within 90 days from the date a replacement permit is issued; and
 - iii. If a dwelling is removed to another off-site location, the applicant must obtain approval for the new location.
 - e. A dwelling to be replaced shall be recorded in the deed records of the County that it has been removed, demolished or converted.
 - f. If a dwelling to be replaced is located on a portion of the parcel that is not zoned EFU, the applicant shall record in the deed records of the County an irrevocable statement prohibiting the siting of another dwelling on that portion of the parcel.
2. Lot of Record Dwelling when determined to be located on Low Value Farmland, subject to the following criteria:
 - a. The lot of record on which the dwelling will be sited was lawfully created prior to January 1, 1985.
 - b. The lot of record has been under the continuous ownership of the present owner who either,

- i. Acquired the lot of record prior to January 1, 1985, or
 - ii. Acquired the lot of record by devise or intestate succession from a person or persons who had continuously owned the property since January 1, 1985.
 - c. The tract on which the dwelling will be sited does not include a dwelling;
 - d. The lot of record on which the dwelling will be sited was not part of a tract that contained a dwelling on November 4, 1993.
 - e. The proposed dwelling is not prohibited by, and will comply with, the requirements of the acknowledged Comprehensive Plan, this Ordinance and other provisions of law.
 - f. When the lot of record on which the dwelling will be sited is part of a tract, all remaining portions of the common ownership shall remain in common ownership as long as the dwelling remains as approved.
 - g. The dwelling either will not seriously interfere with the preservation of big game winter range areas identified on Comprehensive Plan Map III-2, *Scenic and Distinctive Resource Areas*, or can be adequately mitigated. Estimated impacts and appropriate mitigation measures shall be submitted by the applicant and based on the best available data and assessment methods from the appropriate agency. The Oregon Department of Fish and Wildlife (ODFW) suggests to the County that in the absence of mitigation measures, winter range is seriously impacted by residential densities which exceed one unit per 80 acres or one unit per 40 acres, if clustered within 200 feet.
3. Lot of Record Dwelling when determined to be located on High Value Farmland consisting predominantly of Class III and IV Soil, subject to the following criteria:
 - a. The lot of record on which the dwelling will be sited was lawfully created prior to January 1, 1985.
 - b. The lot of record has been under the continuous ownership of the present owner who either,
 - i. Acquired the lot of record prior to January 1, 1985, or
 - ii. Acquired the lot of record by devise or intestate succession from a person or persons who had continuously owned the property since January 1, 1985.

- c. The tract on which the dwelling will be sited does not include a dwelling.
 - d. The lot of record on which the dwelling will be sited was not part of a tract that contained a dwelling on November 4, 1993.
 - e. The proposed dwelling is not prohibited by, and will comply with, the requirements of the acknowledged Comprehensive Plan, this Ordinance and other provisions of law.
 - f. When the lot of record on which the dwelling will be sited is part of a tract, all remaining portions of the common ownership land shall remain in common ownership as long as the dwelling remains as approved.
 - g. The tract is no more than 21 acres.
 - h. The tract is bordered on at least 67 percent of its perimeter by tracts that are smaller than 21 acres, and at least two such tracts had dwellings on January 1, 1993; or, the tract is bordered on at least 25 percent of its perimeter by tracts that are smaller than 21 acres, and at least four dwellings existed on January 1, 1993, within one-quarter mile of the center of the subject tract. Up to two of the four dwellings may lie within an urban growth boundary, but only if the subject tract abuts an urban growth boundary.
 - i. The dwelling either will not seriously interfere with the preservation of big game winter range areas identified on Comprehensive Plan Map III-2, *Scenic and Distinctive Resource Areas*, or the impacts can be adequately mitigated so as not to interfere. Estimated impacts and appropriate mitigation measures shall be submitted by the applicant and based on the best available data and assessment methods from the appropriate agency. ODFW suggests to the County that in the absence of impact mitigation measures, winter range is seriously considered impacted by residential densities which exceed one unit per 80 acres or one unit per 40 acres, if clustered within 200 feet.
4. Lot of Record Dwelling when determined to be located on High Value Farmland consisting predominantly of Prime, Unique, Class I or II Soils, subject to the following criteria:
- a. The lot of record on which the dwelling will be sited was lawfully created prior to January 1, 1985.
 - b. The lot of record has been under the continuous ownership of the present owner who either,

- i. Acquired the lot of record prior to January 1, 1985, or
 - ii. Acquired the lot of record by devise or intestate succession from a person or persons who had continuously owned the property since January 1, 1985.
- c. The tract on which the dwelling will be sited does not include a dwelling;
- d. The lot of record on which the dwelling will be sited was not part of a tract that contained a dwelling on November 4, 1993.
- e. The proposed dwelling is not prohibited by, and will comply with, the requirements of the acknowledged Comprehensive Plan, this Ordinance and other provisions of law.
- f. When the lot of record on which the dwelling will be sited is part of a tract, all remaining portions of the common ownership land shall remain in common ownership as long as the dwelling remains as approved.
- g. The lot of record cannot practicably be managed for farm use, by itself or in conjunction with other land, due to extraordinary circumstances inherent in the land or its physical setting that do not apply generally to other land in the vicinity. Extraordinary circumstances include very steep slopes, deep ravines, rivers, streams, roads, railroads or utility lines or other similar natural or physical barriers that by themselves or in combination, separate the subject property from adjacent agricultural land and prevent it from being practicably managed for farm use by itself or together with adjacent or nearby farms. A parcel that has been put to farm use despite the proximity of a natural barrier or since the placement of a physical barrier shall be presumed manageable for farm use.
- h. The dwelling will not materially alter the stability of the overall land use pattern in the area.
- i. The dwelling either will not seriously interfere with the preservation of big game winter range areas identified on Comprehensive Plan Map III-2, *Scenic and Distinctive Resource Areas*, or can be adequately mitigated. (Estimated impacts and appropriate mitigation measures shall be submitted by the applicant and based on the best available data and assessment methods from the appropriate agency. ODFW suggests to the County that in the absence of mitigation measures, winter range is seriously impacted by residential densities which exceed one unit per 80 acres or one unit per 40 acres, if clustered within 200 feet).

5. Dwelling in conjunction with a farm use on High Value Farm Land: A primary farm dwelling for the farm operator may be allowed subject to the following criteria:
 - a. The subject tract is currently employed in farm use on which the farm operator earned at least \$80,000 in gross annual income from the sale of farm products in each of the last two years or three of the last five years, or in an average of three of the last five years;
 - b. Lots of record in Eastern Oregon shall not be used to qualify a dwelling under this criterion.
 - c. The lot of record on which the dwelling will be sited was lawfully created;
 - d. Except as permitted in Subsection 401.05(C)(12), there is no other dwelling on the subject tract;
 - e. The dwelling will be occupied by a person or persons who produced the commodities which generated the income;
 - f. In determining the gross income requirement, the cost of purchased livestock shall be deducted from the total gross annual income attributed to the tract.
 - g. Only gross income from land owned, not leased or rented, shall be counted.
 - h. An irrevocable deed restriction shall be recorded with the County Clerk's Office acknowledging that all future rights to construct a dwelling on other properties used to qualify the primary farm dwelling is precluded except for accessory farm dwellings, accessory relative farm dwellings, temporary hardship dwelling or replacement dwellings, and that any gross farm income used to qualify the primary farm dwelling cannot be used again to qualify any other parcel for a primary farm dwelling.
 - i. Only a lot of record zoned for farm use in Clackamas County or a contiguous county may be used to meet the gross income requirements.
6. Dwelling in conjunction with a farm use on Low Value Farmland: A primary farm dwelling for the farm operator may be allowed on low value farmland subject to the following criteria:

CLACKAMAS COUNTY ZONING AND DEVELOPMENT ORDINANCE

- a. The subject tract is currently employed in farm use on which the farm operator earned at least \$32,500 in gross annual income from the sale of farm products in each of the last two years or three of the last five years, or in an average of three of the last five years;

 - g. Only gross income from land owned, not leased or rented, shall be counted.
 - h. Gross farm income earned from a lot of record which has been used previously to qualify another lot of record for the construction or siting of a primary farm dwelling may not be used.
 - i. Only lots of record zoned for farm use in Clackamas County or a contiguous county may be used to meet the gross income requirements.
 - j. An irrevocable deed restriction shall be recorded with the County Clerk's Office acknowledging that all future rights to construct a dwelling on other properties used to qualify the primary farm dwelling is precluded except for accessory farm dwellings, accessory relative farm dwellings, temporary hardship dwelling or replacement dwellings, and that any gross farm income used to qualify the primary farm dwelling cannot be used to qualify any other parcel for a primary farm dwelling.
7. A dwelling customarily provided in conjunction with a commercial dairy farm, which is a dairy operation that owns a sufficient number of producing dairy animals capable of earning the gross annual income required by OAR 660-033-0135(3)(a) or (4)(a), whichever is applicable, from the sale of fluid milk, if;

CLACKAMAS COUNTY ZONING AND DEVELOPMENT ORDINANCE

- a. The subject tract will be employed as a commercial dairy; and
 - b. The dwelling is sited on the same lot of record as the buildings required by the commercial dairy; and
 - c. Except for a replacement of a lawfully established dwelling, there is no other dwelling on the subject tract; and
 - d. The dwelling will be occupied by a person or persons who will be principally engaged in the operation of the commercial dairy farm, such as the feeding, milking or pasturing of the dairy animals or other farm use activities necessary to the operation of the commercial dairy farm; and
 - e. The building permits, if required, have been issued for and construction has begun for the buildings and animal waste facilities required for a commercial dairy farm; and
 - f. The Oregon Department of Agriculture has approved the following:
 - i. A permit for a “confined animal feeding operation” under ORS 468B.050 and 468B.200 to 468B.230; and
 - ii. A Producer License for the sale of dairy products under ORS 621.072.
8. 160 Acre Test, subject to the following criteria:

 - b. The subject tract is currently employed in a farm use.
 - c. The dwelling will be occupied by a person or persons who will be principally engaged in the farm use of the land, such as planting, harvesting, marketing or caring for livestock at a commercial scale.
 - d. Except as permitted in Subsection 401.05(C)(12), there is no other dwelling on the subject tract; or
9. Capability Test, subject to the following criteria:
- a. The subject tract is at least as large as the median size of those commercial farm or ranch tracts capable of generating at least \$10,000 in annual gross sales that are located within a study area which includes all tracts wholly or partially within one mile from the perimeter of the subject tract.

- b. Lots of record in Eastern Oregon shall not be used to qualify a dwelling under this criterion.
 - c. The subject tract is capable of producing at least the median level of annual gross sales of county indicator crops as the same commercial farm or ranch tracts used to calculate the tract size in Subsection 401.05(C)(9)(a).
 - d. The subject tract is currently employed for a farm use at a level capable of producing the annual gross sales required in Subsection 401.05(C)(9)(a).

 - f. Except as permitted in Subsection 401.05(C)(12), there is no other dwelling on the subject tract.
 - g. The dwelling will be occupied by a person or persons who will be principally engaged in the farm use of the land, such as planting, harvesting, marketing or caring for livestock, at a commercial scale.
 - h. If no farm use has been established at the time of application, land use approval shall be subject to a condition that no building permit may be issued prior to the establishment of the farm use required by Subsection 401.05(C)(9)(~~da~~).
10. Dwelling not in Conjunction with a Farm Use: A dwelling for a nonfarm use may be allowed subject to the following criteria:
- a. The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming or forest practices on nearby lands devoted to farm or forest use;
 - b. The dwelling will be sited on a lot of record that is predominantly composed of Class IV through Class VIII soils that would not, when irrigated, be classified as prime, unique, Class I or Class II soils;
 - c. The dwelling will be sited on a lot of record lawfully created before January 1, 1993.
 - d. The dwelling shall not materially alter the stability of the overall land use pattern of the area. The County shall consider the cumulative impact of possible new nonfarm dwellings and parcels on other lots of record in the area similarly situated, subject to:

- i. Identify a study area for the cumulative impacts analysis. The study area shall include at least 2,000 acres or a smaller area not less than 1,000 acres, if the smaller area is a “distinct agricultural area” based on topography, soils types, land use pattern, or the type of farm operations or practices that distinguish it from other adjacent agricultural areas. Findings shall describe the study area, its boundaries, and the location of the subject parcel with this area, why the selected area is representative of the land use pattern surrounding the subject parcel and is adequate to conduct the analysis required by this standard. Lands zoned for rural residential or other urban or nonresource uses shall not be included in the study area; and to the extent OAR 660-033-0130(4)(a)(D)(ii) is applicable.
- ii. Identify within the study area the broad types of farm uses (irrigated or nonirrigated crops, pasture, or grazing lands), the number, location, and type of existing dwellings (farms, nonfarm, hardship, etc.), and the dwelling development trends since 1993. Determine the potential number of nonfarm/lot-of-record dwellings that could be approved under Subsections 401.05(C)(2) through (4) and (10), including identification of predominant soil classifications, the parcels created prior to January 1, 1993, and the parcels larger than the minimum lot size that may be divided to create new parcels for nonfarm dwellings under ORS 215.263(4). The findings shall describe the existing land use pattern of the study area, including the distribution and arrangement of existing uses and the land use pattern that could result from approval of the possible nonfarm dwellings.
- iii. Determine whether approval of the proposed nonfarm dwelling together with existing nonfarm dwellings will materially alter the stability of the land use pattern in the area. The stability of the land use pattern will be materially altered if the cumulative effect of existing and potential nonfarm dwellings will make it more difficult for the existing types of farms in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the study area.
- e. The dwelling shall comply with such other conditions as the County considers necessary.

- f. Prior to Planning Director approval for issuance of a building or manufactured dwelling permit, the applicant shall notify the County Assessor that the lot of record is no longer being used for farmland and; request the County Assessor to disqualify the lot of record for special assessment under ORS 308.370, 308.765, 321.257 to 321.381, 321.730 or 321.815 and; pay any additional tax imposed upon disqualification from special assessment. A lot of record that has been disqualified pursuant to Subsection 401.05(C)(10)(f) shall not requalify for special assessment unless, when combined with another contiguous lot of record, it constitutes a qualifying parcel.

11. Accessory Farm Dwelling – Relative: An accessory farm dwelling for a relative, and their immediate family unless otherwise specified, of the farm operator may be allowed subject to the following criteria:

- a. The accessory farm dwelling shall be located on the same lot of record as the primary farm dwelling of the farm operator;
- b. The accessory farm dwelling shall be located on a lawfully created lot of record;
- c. The accessory farm dwelling shall be occupied by child, parent, stepparent, grandchild, grandparent, stepgrandparent, sibling, stepsibling, niece, nephew or first cousin, of the farm operator or the farm operator’s spouse, whose assistance in the management and farm use, such as planting, harvesting, marketing or caring for livestock, is or will be required by the farm operator.
- d. The size, type, and intensity of the farm operation shall be used to evaluate the need for the dwelling.
- e. The net income derived from the farm products shall be significant and products from the farm unit shall contribute substantially to the agricultural economy, to agricultural processors and farm markets.
- f. The accessory farm dwelling shall be occupied by a person or persons whose assistance in the management and farm use of the existing commercial farming operation is required by the farm operator. The farm operator shall continue to play the predominant role in the management of the farm use of the farm unit. A farm operator is a person who operates a farm, doing the work and making the day-to-day decisions about such things as planting, harvesting, feeding and marketing;

- g. There are no other dwellings on the lot of record that are vacant or currently occupied by persons not working on the subject farm unit that could reasonably be used as an accessory farm dwelling.
 - h. At any time the accessory farm dwelling is not used for farm help or the farm management plan is not implemented and maintained as approved in the land use application, the dwelling shall be removed, demolished or if not a manufactured dwelling, converted to a nonresidential accessory structure (change of occupancy permit) within 90 days.
 - i. Any lot of record land division or property line adjustment which results in the location of any accessory farm dwelling on a lot of record separate from the farm use property for which it has been established is prohibited.
12. Accessory Farm Dwellings – Year-round and Seasonal Farm Workers:
An accessory farm dwelling for a nonrelative, and their immediate family unless otherwise specified, of the farm operator may be allowed subject to the following criteria:
- a. The accessory farm dwelling shall be occupied by a person or persons who will be principally engaged in the farm use of the land and on other commercial farms in the area, whose seasonal or year-round assistance in the management of the farm use, such as planting, harvesting, marketing or caring for livestock, is or will be required by the farm operator on the farm unit.
 - b. The accessory farm dwelling shall be located on a lawfully created lot of record;
 - c. The accessory farm dwelling shall be located:
 - i. On the same lot of record as the primary farm dwelling; or
 - ii. On the same tract as the primary farm dwelling when the lot of record on which the accessory farm dwelling will be sited is consolidated into a single parcel with all other contiguous lots of record in the tract; or

- iii. On a lot of record on which the primary farm dwelling is not located, when the accessory farm dwelling is a manufactured dwelling and a deed restriction is filed with the County Clerk. The deed restriction shall require the manufactured dwelling to be removed when the lot of record is conveyed to another party. The manufactured dwelling may remain if it is re-approved pursuant to Section 401; or
- iv. On any lot of record, when the accessory farm dwelling is limited to only attached multi-unit residential structures allowed by the applicable state building code or similar types of farmworker housing as that existing on the farm operation registered with the Department of Consumer and Business Services, Oregon Occupational Safety and Health Division under ORS 658.750. All accessory farm dwellings approved under Subsection 401.05(C)(12)(c)(iv) shall be removed, demolished, or converted to a nonresidential use when farm worker housing is no longer required.
- v. On a lot of record on which the primary farm dwelling is not located, when the accessory farm dwelling is located on a lot of record at least the size of the applicable minimum lot size and the lot of record complies with the gross farm income requirements of Subsection 401.05(C)(12)(f)(i) or 401.05(C)(12)(f)(ii), whichever is applicable.
- d. There are no other dwellings on lands designated for exclusive farm use owned by the farm operator that is vacant or currently occupied by persons not working on the subject farm or ranch and that could reasonably be used as an accessory farm dwelling.
- e. All multi-unit accessory dwellings shall be consistent with the intent of the Legislative Assembly as provided in ORS 215.243.
- f. The primary farm dwelling to which the proposed dwelling would be accessory shall meet one of the following:
 - i. On Low Value Farmland, the primary farm dwelling is located on a farm operation that is currently employed for farm use, as defined in ORS 215.203, on which the farm operator earned the lower of at least \$32,500 in gross annual income from the sale of farm products or at least the midpoint of the median income range of gross annual sales of \$10,000 or more according to the 1992 Census of Agriculture, Oregon, in each of the last two years or three of the last five years or in an average of three of the last five years, or

- ii. On land identified as High Value Farmland, the primary farm dwelling is located on a farm operation that is currently employed for farm use, as defined in ORS 215.203, on which the farm operator earned at least \$80,000 in gross annual income from the sale of farm products in each of the last two years or three of the last five years or in an average of three of the last five years.
- g. In determining the gross annual income, the cost of purchased livestock shall be deducted from the total gross income attributed to the tract.
- h. Only gross annual income from land owned, not leased or rented, shall be counted.
- i. Any proposed land division or property line adjustment of a lot of record for an accessory farm dwelling approved pursuant to Subsection 401.05(C)(12) shall not be approved. If it is determined that an accessory farm dwelling satisfies the requirements for a dwelling in conjunction with a farm use under Subsection 401.05(C)(5) or (6), a parcel may be created consistent with the minimum parcel size requirements in Subsection 401.07(A).
- j. An accessory farm dwelling approved pursuant to Subsection 401.05(C)(12) shall not later be used to satisfy the requirements for a dwelling not provided in conjunction with farm use pursuant to Subsection 401.05(C)(10).
- k. At any time the dwelling is not used for farm help or the farm management plan is not implemented and maintained as approved in the land use application, the dwelling shall be removed, demolished or if not a manufactured dwelling, converted to a nonresidential accessory structure (change of occupancy permit) within 90 days.
- l. “Farmworker”, means an individual who, for an agreed remuneration or rate of pay, performs labor, temporarily or on a continuing basis, for a person in the production of farm products, planting, cultivating or harvesting of seasonal agricultural crops; or forestation or reforestation of land, including but not limited to planting, transplanting, tubing, precommercial thinning and thinning of trees or seedlings, the clearing, piling and disposal of brush and slash and other related activities.
- m. “Farmworker Housing”, means housing limited to occupancy by farmworkers and their immediate families, and no dwelling unit of which is occupied by a relative of the owner or operator of the farmworker housing.

- n. “Relative”, for the purposes of Subsection 401.05(C)(12), means an ancestor, lineal descendant, or whole or half sibling of the owner or operator or the spouse of the owner or operator.
 - o. “Farmworker Housing Owner”, means a person that owns farmworker housing. It does not mean a person whose interest in the farmworker housing is that of a holder of a security interest in the housing.
13. One manufactured dwelling, residential trailer, or recreational vehicle, in conjunction with an existing dwelling as a temporary use for the term of a hardship suffered by the existing resident or a relative of the resident. Within three months of the end of the hardship, the manufactured dwelling, residential trailer, or recreational vehicle shall be removed or demolished. A temporary residence approved under Subsection 401.05(C)(13) is not eligible for replacement under Subsection 401.05(C)(1). County Department of Water Environment Services on-site sewage disposal system review and removal requirements also apply.

D. Commercial Uses

- 1. The home occupation shall not unreasonably interfere with other uses permitted in the EFU zoning district and shall not be used as justification for a zone change.
- 2. A landscape contracting business, as defined in ORS 671.520, or a business providing landscape architecture services, as described in ORS 671.318, if the business is pursued in conjunction with the growing and marketing of nursery stock on the land that constitutes farm use.

406.05 APPROVAL CRITERIA FOR SPECIFIC USES

The following criteria apply to some of the uses listed in Table 406-1. The applicability of a specific criterion to a listed use is established by Table 406-1.

A. General Criteria

1. The use may be allowed provided that:
 - a. The proposed use will not force a significant change in, or significantly increase the cost of, accepted farming or forest practices on agriculture or forest lands; and
 - b. The proposed use will not significantly increase fire hazard or significantly increase fire suppression costs or significantly increase risks to fire suppression personnel.
2. A written statement recorded with the deed or written contract with the County or its equivalent is obtained from the land owner that recognizes the rights of the adjacent and nearby land owners to conduct forest operations consistent with the Oregon Forest Practices Act and Rules.
3. The landowner for the dwelling shall sign and record in the deed records for the County a document binding the landowner, and the landowner's successors in interest, prohibiting them from pursuing a claim for relief or

cause of action alleging injury from farming or forest practices for which no action or claim is allowed under ORS 30.936 or 30.937.

4. An approval to construct a dwelling may be transferred to any other person after the effective date of the land use decision.
5. If road access to the use is by a road owned and maintained by a private party or by the Oregon Department of Forestry, the United States Bureau of Land Management (BLM), or the United States Forest Service (USFS), then the applicant shall provide proof of a long-term road access use permit or agreement. The road use permit may require the applicant to agree to accept responsibility for road maintenance.
6. A land division for the use may be approved pursuant to Subsection 406.09(D).

B. Farm and Forest Uses

406.06 PROHIBITED USES

Uses of structures and land not specifically permitted are prohibited.

406.07 DIMENSIONAL STANDARDS

- A. Minimum Lot Size: New lots of record shall be a minimum of 80 acres in size, except as provided in Subsection 406.09 or as modified by Section 902. For the purpose of complying with the minimum lot size standard, lots of record that front on existing county or public roads may include the land area between the front property line and the middle of the road right-of-way.
- B. Minimum Front Yard Setback: 30 feet.
- C. Minimum Side Yard Setback: 10 feet.

- D. Minimum Rear Yard Setback: 30 feet; however, accessory structures shall have a minimum rear yard setback of 10 feet.
- E. Exceptions: Dimensional standards are subject to modification pursuant to Section 900.
- F. Variances: The requirements of Subsections 406.07(B) through (D) may be modified pursuant to Section 1205.

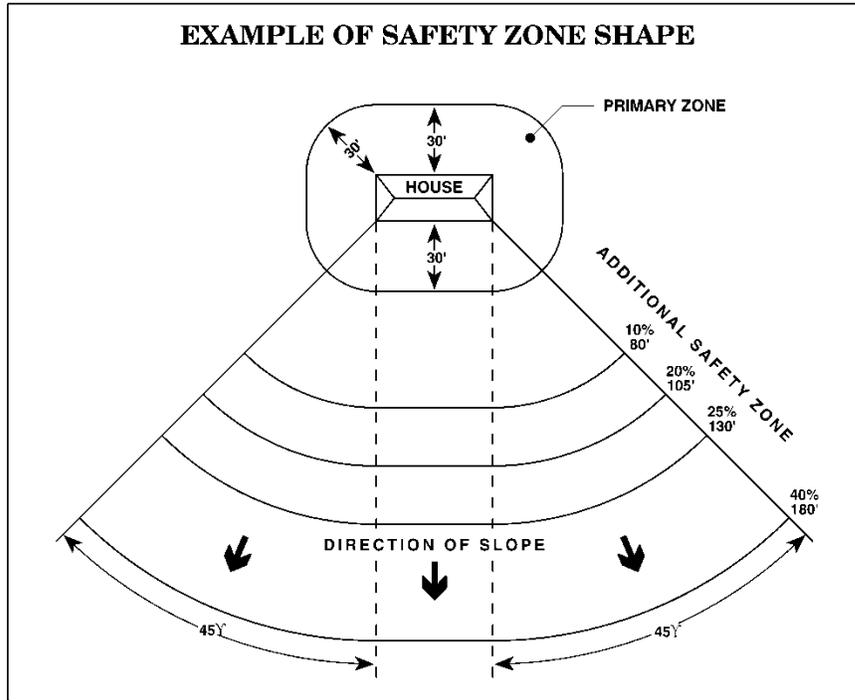

406.08 DEVELOPMENT STANDARDS

- A. Fire-Siting Standards for New Structures: Fuel-free break areas shall be provided surrounding any new structure approved pursuant to a land use application based on standards in effect on or after February 5, 1990, as follows:
 - 1. A primary fuel-free break area shall be maintained surrounding any new structure, including any new dwelling.
 - a. The primary safety zone is a fire fuel break extending a minimum distance around structures. The minimum distance is established by Table 406-2 and Figure 406-1. The goal within the primary safety zone is to remove fuels that will produce flame lengths in excess of one foot. Vegetation within the primary safety zone may include green lawns and shrubs less than 24 inches in height. Trees shall be spaced with greater than 15 feet between the crowns and pruned to remove dead and low (less than eight feet) branches. Accumulated leaves, needles, limbs and other dead vegetation shall be removed from beneath trees. Nonflammable materials (i.e., rock) instead of flammable materials (i.e., bark mulch) shall be placed next to the structure. As slope increases, the primary safety zone shall increase away from the structure and down the slope at a 45-degree angle from the structure, in accordance with Table 406-2 and Figure 406-1:

Table 406-2: Minimum Primary Safety Zone

Slope	Feet of Primary Safety Zone	Feet of Additional Primary Safety Zone Down Slope
0%	30	0
10%	30	50
20%	30	75
25%	30	100
40%	30	150

Figure 406-1: Example of Primary Safety Zone

2. For any new dwelling, a secondary fuel-free break area shall be cleared and maintained on land surrounding the dwelling that is owned or controlled by the owner.
 - a. The secondary fuel-free break extends around the primary safety zone required pursuant to Subsection 406.08(A)(1). The goal of the secondary fuel-free break shall be to reduce fuels so that the overall intensity of any wildfire would be lessened and the likelihood of crown fires and crowning is reduced. Vegetation within the secondary fuel-free break shall be pruned and spaced so that fire will not spread between crowns of trees. Small trees and brush growing underneath larger trees shall be removed to prevent spread of fire up into the crowns of the larger trees. Dead fuels shall be removed. The minimum width of the secondary fuel-free break shall be 100 feet.
3. Where the fuel-free breaks can reasonably be satisfied, they must be.
4. Section 1205 shall not be used to modify fuel-free breaks.
5. If a structure cannot reasonably satisfy fuel-free breaks on the subject property due to the size, shape, topography, or other physical characteristics of the property, the standards may be modified by one or more of the following alternatives:

- a. Irrevocable easements for fuel-free break safety zones may be obtained from adjacent property owners so that the fuel-free break safety zone can be maintained. The easement(s) shall be recorded with the County Clerk.
 - b. The area of an existing road right-of-way or access easement in use and adjacent to the subject property may be utilized to satisfy the fuel-free break safety zone requirement.
 - c. Structures within a River and Stream Conservation Area or the Willamette River Greenway shall be sited consistent with the requirements of Sections 704 and 705, respectively. Structures shall be sited so that a primary safety zone can be completed around the structure outside of the river or stream corridor setback/buffer area. The area within the river or stream setback/buffer area shall be exempt from the secondary fuel-free break area requirements.
6. The fuel-free break standards shall be completed and approved by the Planning Director prior to issuance of any septic, building, or manufactured dwelling permits. Maintenance of the fuel-free breaks shall be the continuing responsibility of the property owner.
- B. Additional Fire-Siting Standards for New Dwellings: The following fire-siting standards shall apply to any new dwelling approved pursuant to a land use application based on standards in effect on or after February 5, 1990.
1. The dwelling shall be located upon a parcel within a fire protection district or shall be provided with residential fire protection by contract. If the dwelling is not within a fire protection district, the applicant shall provide evidence that the applicant has asked to be included within the nearest such district. If inclusion within a fire protection district or contracting for residential fire protection is impracticable, an alternative means for protecting the dwelling from fire hazards shall be provided. The means selected may include a fire sprinkling system, onsite equipment and water storage, or other methods that are reasonable, given the site conditions. If a water supply is required for fire protection, it shall be a swimming pool, pond, lake, or similar body of water that at all times contains at least 4,000 gallons or a stream that has a continuous year round flow of at least one cubic foot per second. The applicant shall provide verification from the Oregon Water Resources Department that any permits or registrations required for water diversion or storage have been obtained or that permits or registrations are not required for the use. Road access shall be provided to within 15 feet of the water's edge for firefighting pumping units. The road access shall accommodate the turnaround of firefighting equipment during the fires season. Permanent signs shall be posted along the access route to indicate the location of the emergency water source.

2. The dwelling shall have a fire retardant roof.

Evidence of a domestic water supply means:

- B. Multiple Dwelling Land Divisions: A lot of record may be divided subject to Subsection 406.05(A)(2) and the following provisions:
 - 1. At least two lawfully established dwellings existed on the lot of record prior to November 4, 1993;
 - 2. Each dwelling complies with the criteria for a replacement dwelling under Subsection 406.05(D)(1);
 - 3. Except for one lot or parcel, each lot or parcel created under this provision is not less than two nor greater than five acres in size;
 - 4. At least one of the existing dwellings is located on each lot or parcel created under this provision;
 - 5. The landowner of a lot or parcel created under this provision provides evidence that a restriction has been recorded in the Deed Records for Clackamas County that states the landowner and the landowner's successors in interest are prohibited from further dividing the lot or parcel. This restriction shall be irrevocable unless released by the Planning Director indicating the land is no longer subject to the statewide planning goals for lands zoned for Forest use;
 - 6. A lot of record may not be divided under this provision if an existing dwelling on the lot of record was approved through:

- a. A statute, an administrative rule, or a land use regulation that prohibited or required removal of the dwelling or prohibited a subsequent land division of the lot of record; or
 - b. A farm use zone provision that allowed both farm and forest uses in a mixed farm and forest use zone under Goal 4 (*Forest Lands*);
7. Existing structures shall comply with the minimum setback standards of Subsections 406.07(B) through (D) from new property lines; and

- C. Homestead Dwelling Land Division: A land division may be approved for the establishment of a parcel for an existing dwelling, subject to the following criteria:
1. The parcel established for the existing dwelling shall not be larger than five acres, except as necessary to recognize physical factors such as roads or streams, in which case the parcel shall be no larger than 10 acres;
 2. The dwelling existed prior to June 1, 1995;
 3. The remaining parcel, not containing the existing dwelling, is:
 - a. At least 80 acres; or
 - b. The remaining parcel, not containing the existing dwelling, is consolidated with another parcel, and together the parcels total at least 80 acres;
 4. The remaining parcel, not containing the existing dwelling, is not entitled to a dwelling unless subsequently authorized by law or goal;
 5. The landowner shall provide evidence that an irrevocable deed restriction on the remaining parcel, not containing the existing dwelling, has been recorded with the County Clerk. The restriction shall state that the parcel is not entitled to a dwelling unless subsequently authorized by law or goal and shall be irrevocable unless a statement of release is signed by the Planning Director that the law or goal has changed in such a manner that the parcel is no longer subject to statewide planning goals pertaining to agricultural or forest land; and
 6. The landowner shall sign a statement that shall be recorded with the County Clerk, declaring that the landowner and the landowner's successors in interest will not in the future complain about accepted farming or forest practices on nearby lands devoted to farm or forest use.

- D. Conditional Use Divisions: A land division creating parcels less than 80 acres in size may be approved for a conditional use to which Subsection 406.05(A)(6) is applicable, subject to the following criteria:
1. The parcel created for the conditional use shall be the minimum size necessary for the use;
 2. Either the conditional use was approved pursuant to Subsections 406.05(A)(1) and (2), or—for those uses not subject to Subsections 406.05(A)(1) and (2)—compliance with Subsections 406.05(A)(1) and (2) shall be demonstrated; and

In addition, the landowner shall sign a statement that shall be recorded with the County Clerk, declaring that the landowner will not in the future complain about accepted farming or forest practices on nearby lands devoted to farm or forest use.
- F. Forest Practice Divisions: A land division creating parcels less than 80 acres in size may be approved, subject to the following criteria:
1. The division will facilitate a forest practice as defined in ORS 527.620;
 2. There are unique property specific characteristics present in the proposed parcel that require an amount of land smaller than 80 acres in order to conduct the forest practice;
 3. Parcels created pursuant to Subsection 406.09(F):
 - a. Are not eligible for siting of a new dwelling;
 - b. May not serve as the justification for the siting of a future dwelling on other lots of record;
 - c. May not, as a result of the land division, be used to justify redesignation or rezoning of resource lands; and
 - d. May not result in a parcel of less than 35 acres, unless the purpose of the land division is to:
 - i. Facilitate an exchange of lands involving a governmental agency;
or

- ii. Allow transactions in which at least one participant is a person with a cumulative ownership of at least 2,000 acres of forest land; and
- e. The landowner shall sign a statement that shall be recorded with the County Clerk, declaring that the landowner and the landowner's successors in interest will not in the future complain about accepted farming or forest practices on nearby lands devoted to farm or forest use.

406.11 APPROVAL PERIOD AND TIME EXTENSION

- A. Approval Period: Approval of a Type I or II application is valid for four years from the date of the final written decision. If the County's final written decision is appealed, the approval period shall commence on the date of the final appellate decision. During this four-year period, the approval shall be implemented. "Implemented" means:
 - 1. For a land division, the final plat shall be recorded with the County Clerk. If a final plat is not required under Oregon Revised Statutes Chapter 92, deeds with the legal descriptions of the new parcels shall be recorded with the County Clerk; or
 - 2. For all other applications, a building or manufactured dwelling placement permit for a new primary structure that was the subject of the application shall be obtained and maintained. If no building or manufactured dwelling placement permit is required, all other necessary County development permits shall be obtained and maintained.
- B. Time Extension: If the approval of a Type I or II application is not implemented within the initial approval period established by Subsection 406.11(A), a two-year time extension may be approved pursuant to Section 1310.
- C. Subsections 406.11(A) and (B) do not apply to home occupations or conditional uses, which shall be subject to any applicable approval period and time extension provisions of Sections 822 or 1203, respectively.

510 NEIGHBORHOOD COMMERCIAL (NC), COMMUNITY COMMERCIAL (C-2), REGIONAL CENTER COMMERCIAL (RCC), RETAIL COMMERCIAL (RTL), CORRIDOR COMMERCIAL (CC), GENERAL COMMERCIAL (C-3), PLANNED MIXED USE (PMU), STATION COMMUNITY MIXED USE (SCMU), OFFICE APARTMENT (OA), OFFICE COMMERCIAL (OC), AND REGIONAL CENTER OFFICE (RCO) DISTRICTS

510.01 PURPOSE

Section 510 is adopted to implement the policies of the Comprehensive Plan for the Neighborhood Commercial zoning district and Community Commercial, Regional Center Commercial, Retail Commercial, Corridor Commercial, General Commercial, Planned Mixed Use, Station Community Mixed Use, Office Apartment, Office Commercial, and Regional Center Office areas.

510.02 APPLICABILITY

Section 510 applies to land in the Neighborhood Commercial (NC) Community Commercial (C-2), Regional Center Commercial (RCC), Retail Commercial (RTL), Corridor Commercial (CC), General Commercial (GC), Planned Mixed Use (PMU), Station Community Mixed Use (SCMU), Office Apartment (OA), Office Commercial (OA), and Regional Center Office (RCO) Districts, hereinafter collectively referred to as the urban commercial and mixed-use zoning districts.

510.03 USES PERMITTED

Uses permitted in each zoning district are listed in Table 510-1, *Permitted Uses in the Urban Commercial and Mixed-Use Zoning Districts*. In addition, uses similar to one or more of the listed uses for the applicable zoning district may be authorized pursuant to Section 106, *Authorization of Similar Uses*.

A. As used in Table 510-1:

1. "P" means the use is a primary use.
2. "A" means the use is an accessory use.
3. "L" means the use is a limited use and shall be developed concurrently with or after a primary use is developed on the same site.

4. “C” means the use is a conditional use, approval of which is subject to Section 1203, *Conditional Uses*.
 5. “S” means the use may be authorized only pursuant to Section 106; however, identifying a use as “S” does not indicate that any determination has been made regarding whether the use will be authorized pursuant to Section 106.
 6. “X” means the use is prohibited.
 7. Numbers in superscript correspond to the notes that follow Table 510-1.
- B. If a use is identified in Table 510-1 as prohibited, it is prohibited even if it also falls within a broader use description that is permitted in the applicable zoning district. For example, a car wash may be prohibited even if commercial services in general are permitted.
- C. If a use is included in more than one use description in Table 510-1, the more specific listing applies. For example, if a car wash is a conditional use, but commercial services in general are a primary use, the car wash shall be reviewed as a conditional use. Notwithstanding this provision, a use may be included in two of the following categories because it is allowed with fewer restrictions in one category than another: primary, accessory, limited, and conditional. In that case, the use may be approved in either category, to the extent that it complies with the respective approval criteria. For example, daycare facilities may be permitted as a limited use with a maximum building floor area and as a conditional use without a maximum building floor area.
- D. Permitted uses are subject to the applicable provisions of Subsection 510.04, *Dimensional Standards*, Subsection 510.05, *Development Standards*, Section 1000, *Development Standards*, and Section 1100, *Development Review Process*.

- ⁵ An assembly facility with a maximum capacity of more than 500 people is a conditional use.
- ⁶ Freestanding congregate housing facilities and freestanding multifamily dwellings are subject to the development and dimensional standards applicable to congregate housing facilities and multifamily dwellings in the RCHDR District. This requirement does not apply to congregate housing facilities or multifamily dwellings in a mixed-use building.
- ⁷ A congregate housing facility shall have a minimum of four dwelling units.
- ⁸ Freestanding congregate housing facilities and freestanding multifamily dwellings are subject to the development and dimensional standards applicable to congregate housing facilities and multifamily dwellings in the HDR District. However, a freestanding eating and drinking establishment shall be allowed in conjunction with a primary use in the same development, subject to the following criteria:
- a. The building floor area of the freestanding eating and drinking establishment shall not exceed 5,000 square feet.

 - c. If the primary use in the same development is a multifamily dwelling or a congregate housing facility, the acreage developed with the eating and drinking establishment, and any parking or accessory structures that are used exclusively for the eating and drinking establishment, may be subtracted from the total acreage when calculating minimum density pursuant to Table 510-2.
 - d. The eating and drinking establishment shall be developed concurrently with or after a primary use is developed on the site.
- ¹² Drive-thru window service is prohibited on streets designated as Main Streets on Comprehensive Plan Map X-CRC-3, *Clackamas Regional Center Area Design Plan, Urban Design Elements*.

Notes to Table 510-2:

- ¹ The minimum lot size for land with a Comprehensive Plan land use plan designation of Low Density Residential shall be the same as that allowed by the zoning district that applied to the subject property immediately prior to the application of the NC zoning district.
- ² The minimum lot size standard applies only to subdivisions, partitions, and property line adjustments. Notwithstanding the minimum lot size standard, an undersized lot of record may be developed, subject to other applicable standards of this Ordinance.
- ³ No minimum lot size standard applies to a lot created by partition or subdivision or adjusted through a property line adjustment, provided that the newly created or adjusted lot is developed only with a dwelling classified as a nonconforming use and uses accessory to that dwelling.
- ⁴ The minimum lot size standard applies to subdivisions, partitions, and property line adjustments. Notwithstanding the minimum lot size standard, an undersized lot of record may be developed with primary, accessory, and limited uses, provided that the lot of record is physically separated from all other undeveloped or underdeveloped properties in the same zoning district as the subject property. In addition, contiguous undersized lots of record may be aggregated for development purposes, if such aggregation results in land area equal to or greater than the minimum lot size. Alternatively, contiguous undersized lots of record may be aggregated for development purposes, if such aggregation satisfies the requirement to demonstrate that the undersized site is physically separated from all other undeveloped or underdeveloped properties in the same zoning district as the subject property.
- ⁵ The minimum is 2,000 square feet for a lot developed only with an attached single-family dwelling and uses accessory to that dwelling.
- ⁶ The minimum street frontage standard applies only to subdivisions, partitions, and property line adjustments. The minimum for a lot of record developed only with an attached single-family dwelling, and uses accessory to that dwelling, shall be 20 feet. A lot of record with frontage on more than one street shall meet the minimum on each street.
- ⁷ The maximum front yard depth standard applies only if required by Subsection 1005.03(L).
- ⁸ The maximum front yard depth standard shall be met for all buildings, except as set forth in Note 8 to Table 510-2. However, if a lot has more than one front yard, the standard must be met for only one. A private road used to satisfy the maximum front yard depth standard must comply with the standards in Subsection 1005.08(G). The maximum front yard depth from Main Streets identified on Comprehensive Plan Map X-CRC-3 is 10 feet.

CLACKAMAS COUNTY ZONING AND DEVELOPMENT ORDINANCE

- ⁹ The maximum front yard depth may be exceeded to the minimum extent necessary to accommodate pedestrian amenities. Freestanding parking structures are exempt from the maximum front yard depth, except from Main Streets identified on Comprehensive Plan Map X-CRC-3.
- ¹⁰ In lieu of complying with the standard, an applicant for design review on a site of 25 acres or larger may submit for approval alternate yard depth standards, which will be reviewed as part of the application. The alternative standards, or any part thereof, shall be approved if they are found to be equally effective as the regular standards in establishing a visual image, sense of place, and quality pedestrian environment for the area.
- ¹¹ There is no minimum yard depth from a front lot line that abuts a Main Street identified on Comprehensive Plan Map X-CRC-3.
- ¹² If the rear yard abuts a residential or OSM zoning district, the minimum shall be 15 feet.
- ¹³ If the rear yard abuts a residential or OSM zoning district, the minimum shall be 35 feet.
- ¹⁴ If the rear yard abuts a residential or OSM zoning district, the minimum shall be 15 feet plus one foot for each one-foot increase in building height over 35 feet. Height increments of less than one foot shall be rounded up to the nearest foot. For example, if the building height is 38.8 feet, the minimum setback shall be 19 feet.
- ¹⁵ If the rear yard abuts an Urban Low Density Residential, VR-4/5, or VR-5/7 zoning district, the minimum shall be: 10 feet for the portion of a building that is 25 feet or less in height; 20 feet for the portion of a building that is greater than 25 feet and less than or equal to 35 feet in height; and 40 feet for the portion of a building that is greater than 35 feet and less than or equal to 45 feet in height.
- ¹⁶ If the rear yard abuts a residential zoning district, the minimum shall be 35 feet.
- ¹⁷ If the rear yard abuts a residential or OSM zoning district, the minimum shall be 35 feet plus one foot for each one-foot increase in building height over 35 feet. Height increments of less than one foot shall be rounded up to the nearest foot. For example, if the building height is 38.8 feet, the minimum setback shall be 39 feet.
- ¹⁸ If the side yard abuts a residential or OSM zoning district, the minimum shall be 15 feet.
- ¹⁹ If the side yard abuts a residential or OSM zoning district, the minimum side yard setback shall be 15 feet plus one foot for each one-foot increase in building height over 35 feet. Height increments of less than one foot shall be rounded up to the nearest foot. For example, if the building height is 38.8 feet, the minimum setback shall be 19 feet.

CLACKAMAS COUNTY ZONING AND DEVELOPMENT ORDINANCE

- ²⁰ If the side yard abuts an Urban Low Density Residential, VR-4/5, or VR-5/7 zoning district, the minimum shall be: six feet for the portion of a building that is 25 feet or less in height; 16 feet for the portion of a building that is greater than 25 feet and less than or equal to 35 feet in height; and 40 feet for the portion of a building that is greater than 35 feet and less than or equal to 45 feet in height.
- ²¹ If the side yard abuts a residential zoning district, the minimum shall be 35 feet.
- ²² If the subject property abuts a residential or OSM zoning district, the maximum building height shall be 35 feet.
- ²³ If the building is located less than 100 feet from an Urban Low Density Residential, VR-4/5, or VR-5/7 District, the maximum building height shall be equal to the building's distance from the Urban Low Density Residential, VR-4/5, or VR-5/7 District.
- ²⁴ Floor area ratio shall be calculated pursuant to Subsection 1005.03(R).
- ²⁵ With an approved master plan, a lot greater than two and one-half acres may be developed in phases provided that the minimum floor area ratio of each phase prior to the final phase is 0.5 and that the minimum floor area ratio of 1.0 is achieved for the entire lot with development of the final phase.
- ²⁶ For the purposes of this provision, "office uses" include the following uses from Table 510-1, *Permitted Uses in the Urban Commercial and Mixed-Use Zoning Districts*: Business Services, Financial Institutions, Information Services, Offices, Offices and Outpatient Clinics, and Research Facilities and Laboratories.
- ²⁷ Net acreage shall be calculated pursuant to Subsections 1012.08(A) and (B).

2. The master plan shall contain a minimum of 10 percent useable open space. Open space shall be integral to the master plan. Plans shall emphasize public gathering places such as plazas, neighborhood parks, trails, and other publicly accessible spaces that integrate land use and transportation and contribute toward a sense of place. 3. Provide for a compatible mix of uses supportive of public transportation facilities;
 4. Provide for the protection of adjacent properties; and
 5. Provide for open space and outdoor activity areas.
- B. Site Area Requirements: A "site area" for purposes of Section 601 shall be the total land area to be developed as a unit, prior to the creation of any new parcels or lots within the land area. A site area may be either of the following:
1. A single tax lot, or two or more contiguous tax lots, under the same ownership.
 2. Two or more contiguous tax lots under separate ownership, provided that:
 - a. All individual property owners are members of a group formed for the purpose of developing the properties as a single planned development, and
 - b. All individual tax lot ownerships are converted into development shares prior to any building permit being issued for the project, or
 - c. The group shall record, in the office of the County Clerk, a contract in which all members agree to subject the use and development of individual tax lots or ownerships to the development plan for the site area as approved by the County. No permit shall be issued on any separate tax lot or ownership for any structure or use not indicated on the County approved development plan for the site area.
- C. Minimum Site Area:
1. Developments which include uses under at least two of the primary use categories under Subsection 601.03(A) through (D) shall require a minimum site area of three acres.

 3. Developments which include only uses under Subsection 601.03(D) shall require a minimum site area of one acre.
- D. Undersized Lots: Any primary use under Subsection 601.03, and its associated accessory and limited uses, may be established on a lot smaller than the minimum site area that is physically separated from all other underdeveloped properties in this district, or that is approved as a conditional use under Subsection 601.06(G). However, any lot less than two acres in size resulting from a property line adjustment is not buildable, except for recreational uses under Subsection

601.03(D) on a lot a minimum of one acre in size, unless combined with other property as provided under Subsection 601.08(B).

- E. Floor Area Ratio: The maximum floor area for all primary and conditional uses within a site area shall not exceed the net site area multiplied by one (1:1 ratio).
- F. Floor Area Requirements: Any primary use or combination of primary uses under Subsections 601.03(A) through (D) may be allowed within a development at floor area percentages, excluding accessory uses, not exceeding those illustrated in Table 601-1.

Table 601-1: Floor area limitations for primary use categories under Subsection 601.03

A	B	C	D
100 percent	70 percent	75 percent	100 percent

 - b. The entire site, or any portion thereof, may be developed with mixed-use structures which combine housing and other primary uses allowed in this district.
 - c. The entire area may be used to calculate the allowed density under the district land area standard for the HDR District and Section 1012, subject to the floor area limitation of this district.
- 2. Limited Uses: Only primary use floor area may be included for purposes of calculating the allowed limited use floor area for a development.

- G. Exceptions to Floor Area Requirements: The requirements under Subsection 601.08(F) may be modified or waived subject to compliance with Subsections 601.08(G)(1) through (3), or Subsection 601.08(G)(4):
 - 1. The modification or waiver is consistent with the purposes under Subsection 601.08(A); and
 - 2. The need for the use for which additional floor area is requested is at least as great as the need for other compatible primary uses allowed in this district; and

3. The proposed use, and location of the use, is compatible with, and complementary to existing or proposed developments within the district area; or
4. A substantial mix of primary uses has been established within the immediate district area to the extent that all primary use categories under Subsections 601.03(A) through (D) are represented.

H. Maximum Lot Coverage: 55 percent.

- ² A government or special district use is a conditional use only if the proposed use does not also fall within one of the categories identified as a primary or accessory use in the applicable zoning district.
- ³ In Regionally Significant Industrial Areas (RSIAs) identified on Comprehensive Plan Map IV-8, parks—intended to serve people other than those working or residing in the RSIA—and schools are prohibited.
- ⁴ Notwithstanding other provisions of Section 602 that may permit outdoor display, storage, or processing, these uses shall be conducted entirely within a building, except the following are permitted: outdoor seating areas associated with a restaurant, outdoor play areas associated with a daycare facility, and similar outdoor amenities. Drive-thru window service facilities are prohibited.
- ⁵ In Regionally Significant Industrial Areas identified on Comprehensive Plan Map IV-8, building floor area associated with each use shall not exceed 3,000 square feet, and the total building floor area of all such uses in the same development project shall not exceed 20,000 square feet. Notwithstanding these limitations, the lawful use of any structure or land as of

September 9, 2013, may continue and expand to add up to 20 percent more building floor area. Outside Regionally Significant Industrial Areas identified on Comprehensive Plan Map IV-8, the same standards shall apply, except that the single-use limit is 5,000 square feet of building floor area. However, the building floor area limitations do not apply to the following uses in the BP District: destination restaurants that comply with Subsection 1016.05(B)(4) and provide lunch service; and hotels and associated convention facilities, gift shops, and restaurants.

Outside Regionally Significant Industrial Areas identified on Comprehensive Plan Map IV-8, building floor area associated with each use shall not exceed 5,000 square feet. Notwithstanding these limitations, the lawful use of any structure or land as of September 9, 2013, may continue and expand to add up to 20 percent more building floor area. In all cases, the total building floor area of all such uses on the same lot of record shall not exceed 20,000 square feet or 25 percent of the building floor area on the lot of record, whichever is less. However, the building floor area limitations do not apply to the following uses in the BP District: destination restaurants that comply with Subsection 1016.05(B)(4) and provide lunch service; and hotels and associated convention facilities, gift shops, and restaurants.

⁷ This use is limited to indoor areas for retail display and retail sales of products manufactured by the same business occupying the premises, as well as related products. In Regionally Significant Industrial Areas identified on Comprehensive Plan Map IV-8, building floor area for such retail display and retail sales shall not exceed 3,000 square feet per business, and the total building floor area of all such retail display and retail sales areas in the same development project shall not exceed 20,000 square feet. Notwithstanding these limitations, the lawful use of any structure or land as of September 9, 2013, may continue and expand to add up to 20 percent more building floor area. Outside Regionally Significant Industrial Areas identified on Comprehensive Plan Map IV-8, the same standards shall apply, except that the single-business limit is 5,000 square feet of building floor area.

- ⁵ The minimum yard depth for a silo, tower, or other specialized storage or processing structure (unless such structure is enclosed in a building) is 35 feet for structures 35 feet or less in height. An additional five feet of yard depth is required for each additional 10-foot height increment, or portion thereof, for structures over 35 feet in height. These greater yard depth standards do not apply if the yard abuts an LI or GI District.

- B. Minimum Rear Yard Depth: The minimum rear yard depth is 30 feet if the rear yard abuts a residential zoning district and 10 feet if the rear yard abuts a commercial zoning district. In either case, an additional five feet of yard depth is required for each additional 10-foot height increment, or portion thereof, for structures over 35 feet in height.
- C. Minimum Side Yard Depth: The minimum side yard depth is 30 feet if the side yard abuts a residential zoning district and 10 feet if the side yard abuts a commercial zoning district. In either case, an additional five feet of yard depth is required for each additional 10-foot height increment, or portion thereof, for structures over 35 feet in height.
- D. Nonconforming Dwellings: Notwithstanding Subsections 604.04(B) and (C), the minimum rear and side yard depth standards applicable in the RA-2 District apply to dwellings that are nonconforming uses, as well as to uses that are accessory to such dwellings.
- E. Minimum Lot Size: There is no minimum lot size standard, except within the Portland Metropolitan Urban Growth Boundary, where the minimum lot size is 20 acres. The 20-acre minimum lot size is applicable to a subdivision or partition, but not to a property line adjustment.
- F. Maximum Building Floor Space:

CLACKAMAS COUNTY ZONING AND DEVELOPMENT ORDINANCE

 - e. Uses sited on abandoned or diminished mill sites.
2. For an industrial use outside an unincorporated community, the maximum building floor space per use shall be 39,500 square feet, except:
 - a. No limit shall apply to the primary processing of raw material produced in rural areas or to uses sited on abandoned or diminished mill sites.
 - b. A lawfully established use that existed on December 20, 2001 may expand to occupy a maximum of 40,000 square feet of building floor space or 25 percent more building floor space than was occupied by the use on December 20, 2001, whichever is greater.

G. Modifications: The minimum yard depth standards are subject to modification under Section 903, *Setback Exceptions*, and may be modified pursuant to Section 1205, *Variances*.

822 HOME OCCUPATIONS

822.01 PURPOSE

Section 822 is adopted to:

- B. Reduce vehicle miles traveled by providing opportunities for people to work from their homes;
- C. Recognize the differences between residential communities, and provide standards for home occupations consistent with these differences;
- D. Ensure the compatibility of home occupations with other uses permitted in the underlying zoning district;
- E. Maintain and preserve the character of the community and residential neighborhoods; and
- F. Mitigate noise, traffic, and other possible negative effects of home occupations.

822.02 DEFINITIONS

Unless specifically defined in Subsection 822.02, words or phrases used in Section 822 shall be interpreted to give them the same meaning as they have in common usage and to give Section 822 its most reasonable application.

- A. Abutting Properties: Properties that are contiguous to the property on which the home occupation is proposed, as well as properties directly across any access drive, or private, public, or county road, provided the functional classification of the road is below that of a collector.
- B. Accessory Space: Any building space, other than the dwelling unit, that is used for the home occupation, including, but not limited to, an attached garage, detached garage, or pole building. Accessory space does not include manufactured dwellings, residential trailers, or recreational vehicles.

Home occupations do not include garage sales, yard sales, holiday bazaars, or home parties which are held for the purpose of the sale or distribution of goods or services unless such sales and/or parties are held more than six times in a calendar year or operate in excess of 24 total days in a calendar year.
- E. Incidental Use: The use of no more than 25 percent of the floor area of a structure or 500 square feet, whichever is less.

Vehicle: Any motorized or non-motorized transportation equipment intended for use on public roads and associated with the home occupation, including, but not limited to, a car, van, pickup, motorcycle, truck, detached trailer, or a truck tractor with no more than one trailer. An exception may be made for a detached trailer or trailers, which may be categorized as equipment if stored within an enclosed building approved for this use through a home occupation permit. Accessory space utilized for storage of a trailer shall be included in the calculation of total accessory space approved for the home occupation.
- I. Vehicle Trip: A vehicular movement either to or from the subject property by any vehicle used in the home occupation, any delivery vehicle associated with the home occupation, or any customer or client vehicle.

822.03 LEVEL ONE MINOR HOME OCCUPATIONS

No land use permit is required for a Level 1 Minor Home Occupation, which shall comply with the following standards:

- H. Storage and Display: No outside storage, display of goods or merchandise visible from outside an enclosed building space, or external evidence of the home occupation shall occur, except as specifically allowed by Subsection 822.05. 822.06 EXCEPTIONS

A. An exception to any of the standards identified in Subsections 822.04(C) through ~~(LM)~~, 822.04(M)(1) through (4), ~~or 822.05(C) through (LM)~~, or 822.05(M)(1) and (2) requires review as a Type III application pursuant to Section 1307, Procedures, and shall be subject to the following standards and criteria:

6. Subsection 841.04(G) does not apply to:
- a. Any marijuana retailer that applied for a registration with the Oregon Health Authority on or before March 3, 2014, and subsequently obtained full, unconditional approval on or before May 31, 2014; or
 - b. Any marijuana retailer operating in a building space that was approved for operation by the Oregon Health Authority on or before May 31, 2014, and where approved marijuana retailing activities have been continuously occurring in that building space since May 31, 2014, except during the effective dates of the Medical Marijuana Facility Moratorium adopted pursuant to Clackamas County Ordinance 01-2014 and as modified by Clackamas County Ordinance 01-2015.

During this four-year period, the approval shall be implemented, or the approval will become void.

1. Implemented means all major development permits shall be obtained and maintained for the approved conditional use, or if no major development permits are required to complete the development contemplated by the approved conditional use, implemented means all other necessary County development permits (e.g., grading permit, building permit for an accessory structure) shall be obtained and maintained. A major development permit is:

a. A building permit for a new primary structure that was part of the approved development; or

b. A permit issued by the County for parking lot or road improvements required by the approved development.

B. Approval of a permit under Subsection 841.04 is valid for one year from the date of the County's final decision. During this one-year period, the approval shall be implemented, or the approval will become void. Implemented means that the marijuana retailer has begun operation. Notwithstanding this one-year implementation period, a complete application for a marijuana retailing license shall be filed with the Oregon Liquor Control Commission, or a complete application for a medical marijuana dispensary registration shall be filed with the Oregon Health Authority, within three months of the date of the County's final decision, or the approval will become void.

1307.04 REVIEW PROCEDURE TYPES

- A. Land use permits and legislative land use proposals provided for under this Ordinance are classified as one of four types, each of which is subject to a corresponding review procedure. The four types are described as follows:
 1. Type I permits are ministerial in nature and involve land use actions governed by non-discretionary standards and clear and objective approval criteria. Approval of a Type I permit may require imposition of conditions of approval to ensure compliance with this Ordinance. The Type I procedure is an administrative review process, where the review authority reviews the application for conformance with the applicable standards and approval criteria and issues a decision.
 2. Type II permits are administrative in nature and involve land use actions governed by standards and approval criteria that generally require the exercise of limited discretion. Impacts associated with the land use action may require imposition of conditions of approval to minimize those impacts and to ensure compliance with this Ordinance. The Type II procedure is an administrative review process, where the review authority reviews the application for conformance with the applicable standards and approval criteria and issues a decision.
 3. Type III permits are quasi-judicial in nature, and involve land use actions governed by standards and approval criteria that require the use of discretion and judgment. The issues associated with the land use action may be complex and the impacts significant, and conditions of approval may be imposed to mitigate the impacts and ensure compliance with this Ordinance and the Comprehensive Plan. The Type III procedure is a quasi-judicial review process where the review authority receives testimony, reviews the application for conformance with the applicable standards and approval criteria, and issues a decision.
 4. Type IV proposals are legislative in nature, and involve the creation, broad-scale implementation, or revision of public policy. These include amendments to the text of the Comprehensive Plan or this Ordinance. Large-

scale changes in the Comprehensive Plan Land Use Plan maps and zoning maps also may be characterized as legislative where a larger number of property owners are directly affected.

B. Table 1307-1 lists the land use permits and legislative land use proposals that are provided for by this Ordinance and assigns a procedure type to each. In the event that the procedure type for a land use permit application is not identified in Table 1307-1, specified elsewhere in this Ordinance, or otherwise required by law, the Planning Director shall determine the applicable procedure based on the guidelines in Subsection 1307.04(A). Questions as to the appropriate procedure shall be resolved in favor of the procedure type providing the greatest notice and opportunity to participate by the public.

 - a. “PD” means Planning Director.
 - b. “HO” means Hearings Officer.
 - c. “BCC” means Board of County Commissioners

1307.05 PRE-APPLICATION CONFERENCE

- A. Purpose: Pre-application conferences are intended to familiarize applicants with the requirements of this Ordinance; to provide applicants with an opportunity to meet with County staff to discuss proposed projects in detail; and to identify standards, approval criteria, and procedures prior to filing a land use permit application. The pre-application conference is intended to be a tool to orient applicants and assist them in navigating the land use review process, but is not intended to be an exhaustive review that identifies or resolves all potential issues, and does not bind or preclude the County from enforcing all applicable regulations or from applying regulations in a manner differently than may have been indicated at the time of the pre-application conference.
- B. Applicability: Table 1307-1 identifies the land use permit applications for which pre-application conferences are mandatory. Pre-application conferences are voluntary for all other land use permit applications.

- C. Submittal Requirements: Pre-application conference requests shall include:
1. A completed application form, such form to be prescribed by the Planning Director, and containing, at a minimum, the following information:
 - a. The names, mailing addresses, and telephone numbers of the applicant(s);
 - b. The address of the subject property, if any, and its assessor's map and tax lot number;
 - c. The size of the subject property;
 - d. The Comprehensive Plan designation and zoning district of the subject property;
 - e. The type of application for which the pre-application conference is requested;
 - f. A brief description of the proposal for which the pre-application conference is requested; and
 - g. Signature(s) of the applicant(s), authorizing the filing of the pre-application request.
 2. Additional information necessary to demonstrate the nature and scope of the proposal in sufficient detail to allow County staff to review and comment; and
 3. Payment of the applicable fee, pursuant to Subsection 1307.15.
- D. Scheduling: Upon receipt of a complete application, the Planning Director will schedule the pre-application conference. The Planning Director will coordinate the involvement of other County departments, as appropriate, in the pre-application conference. Pre-application conferences are not open to the general public.
- E. Summary: Subsequent to the pre-application conference, the Planning Director will provide the applicant with a written summary of the conference. The purpose of the written summary is to provide a preliminary assessment of the proposal, but shall not be deemed to be a recommendation by the County or any other outside agency or service provider on the merits of the proposal.
- F. Validity Period for Mandatory Pre-Application Conferences; Follow-Up Conferences: A follow-up pre-application conference is required for those mandatory pre-application conferences that have already been held when:
1. A complete application relating to the proposed development has not been submitted within one year of the pre-application conference; or

2. The proposed use, layout, or design of the proposed development has changed significantly.

1307.06 REVIEW OF MULTIPLE APPLICATIONS

When multiple land use permits for the same property are required or proposed by an applicant, all of the applications may be filed concurrently. Each application shall be processed separately using the procedure identified in Table 1307-1 for that application, except that applications filed concurrently shall be processed through a consolidated procedure if:

- A. One of the applications is a Type III application for a Comprehensive Plan map amendment, in which case the Type III Comprehensive Plan map amendment procedure shall be used;
- B. Multiple land use permit applications are subject to the same procedure type with the same initial decision and appeal review authorities. Applications for an interpretation of this Ordinance are excluded from this consolidation provision; or
- C. The applicant elects to process multiple applications through a consolidated procedure, if such consolidation is consistent with Subsection 1307.04(C).

- B. Initiation of Legislative Proposals: Type IV legislative land use proposals may be initiated by the Board of County Commissioners, the Planning Commission, or the Planning Director. However, initiation of a legislative proposal does not obligate the County to further processing of the proposal pursuant to Subsection 1307.11, or prevent the County from discontinuing the processing of the proposal at any point prior to decision.
- C. Application Submittal: Type I, II, and III land use permit applications are subject

to the following submittal requirements:

1. The following shall be submitted for an application to be complete:

 2. Determination of completeness shall be based upon the submittal requirements of Subsection 1307.07(C)(1) and shall not be based on opinions as to quality or accuracy. A determination that an application is complete indicates only that the application is ready for review on its merits, not that the County will make a favorable decision on the application.
 3. If an application is determined to be complete, review of the application shall commence.

4. If an application is determined to be incomplete, written notice shall be provided to the applicant within 30 days of receipt of the application, identifying the specific information that is missing and allowing the applicant the opportunity to submit the missing information. 6. On the 181st day after first being submitted, the application is void, if the applicant has been notified of the missing information as required under Subsection 1307.07(E)(4) and has not submitted the missing information or otherwise responded, as provided in Subsection 1307.07(E)(4).

Subsection 1307.12 authorizes the Hearings Officer, Planning Commission, and Board of County Commissioners to adopt rules of procedure for the conduct of hearings.
- B. Parties: Any interested party shall be entitled to participate in a public hearing.
- C. Order of Proceeding: The order of proceeding for a hearing will depend in part on the nature of the hearing. The following shall be supplemented by the adopted bylaws or rules of procedure of the review authority, as appropriate.
1. Jurisdictional Objections: Before receiving the staff report or testimony on the application, any objections on jurisdictional grounds shall be noted in the record and if there is objection, the review authority has the discretion to proceed or terminate the hearing.
 2. Disclosure Statement: The review authority (or individual member thereof), or its designee, shall read the land use disclosure statement, which shall include:
 - a. A list of the applicable substantive criteria, or a reference to the staff report, where a list of the criteria can be found;
 - b. A statement that testimony, argument, and evidence must be directed toward the criteria described in Subsection 1307.12(C)(2)(a) or other criteria in the Comprehensive Plan or land use regulation which the person believes to apply to the decision;
 - c. A statement that failure to raise an issue accompanied by statements or evidence sufficient to afford the decision maker and the parties an opportunity to respond to the issue precludes appeal to the Oregon Land Use Board of Appeals (LUBA) based on that issue; and
 - d. If applicable, a statement that a failure to raise constitutional issues relating to proposed conditions of approval precludes an action for damages in circuit court.

3. Call for Ex Parte Contacts: If the review authority is the Planning Commission or the Board of County Commissioners, the presiding officer, or designee, shall inquire whether any member has had ex parte contacts. Any member announcing an ex parte contact shall state for the record the nature and content of the contact. If the review authority is the Hearings Officer, he or she shall declare any ex parte contacts and state for the record the nature and content of the contact.
4. Call for Abstentions: If the review authority is the Planning Commission or the Board of County Commissioners, the presiding officer, or designee, shall inquire whether any member must abstain from participation in the hearing due to conflicts of interest. Any member announcing a conflict of interest shall state the nature of the conflict, and shall not participate in the proceeding, unless the vote is necessary to meet a requirement of a minimum number of votes necessary to take official action; provided, however, that the member shall not participate in any discussion or debate on the issue out of which the conflict arises. If the review authority is the Hearings Officer, he or she shall declare any potential conflicts of interest. The Hearings Officer shall state the nature of the conflict, and if the nature of the conflict is such that the Hearings Officer cannot fulfill his or her duty to be a fair and impartial decision maker, the Hearings Officer shall recuse himself or herself from hearing the matter.
5. Staff Report: The Planning Director shall present a report and recommendation concerning the proposal.
6. Presentation of the Application:
 - a. Applicant's case;
 - b. Community planning organizations, hamlets, and villages. Appearance by a representative from any active community planning organization, hamlet, or village that is recognized by the County, if the subject property lies wholly or partially inside the boundaries of such organization, hamlet, or village, to present the organization's position on the proposal;
 - c. Public testimony; and
 - d. Rebuttal. Rebuttal may be presented by the applicant. The scope of rebuttal is limited to matters that were introduced during the hearing.
7. Close of Hearing: No additional testimony, evidence, or argument shall be accepted after the close of the hearing unless the record is held open by the review authority.

8. Reopened Hearing: The hearing may be reopened by the review authority, prior to decision, to receive additional testimony, evidence, or argument. Notice shall be provided to the same persons who received notice of the original hearing and to anyone who provided evidence, argument, or testimony as part of the record.
9. Deliberations: If the review authority is the Planning Commission or Board of County Commissioners, deliberations shall immediately follow the hearing, except that deliberations may be delayed to a subsequent date and time certain. If the review authority is the Hearings Officer, deliberations will not occur, and the Hearings Officer will instead take the matter under advisement.
10. Remand: The Board of County Commissioners may remand any matter previously considered by the Planning Commission back to the Planning Commission for further review.
11. Recommendation or Decision: When the review authority is the Planning Commission or Board of County Commissioners, the recommendation or decision, as applicable, will be voted on and announced during a public meeting.

D. Ex Parte Contact:

1. The review authority shall not do any of the following:
 - a. Communicate, directly or indirectly, with any party or their representatives in connection with any issue involved, except upon notice and opportunity for all parties to participate;
 - b. Take notice of any communications, reports, staff memoranda, or other materials prepared in connection with a particular application, unless the parties are afforded an opportunity to contest the material so noted; or
 - c. Inspect the site with any party or his representatives unless all parties are given an opportunity to be present. Individuals representing the review authority may inspect the site alone but must put the circumstances of the inspection on record.
2. A party may challenge the review authority, or individual member thereof, on the grounds of Subsection 1307.12(D)(1), or that such individual has a legal conflict of interest as defined by ORS 244.020(1) or ORS 244.120. A challenge and the decision thereon by the review authority shall be entered in the record of the application.

3. While every effort must be made to avoid ex parte contact, no decision of the review authority shall be invalid due to ex parte contact or bias resulting from ex parte contact, as described under Subsection 1307.12(D)(1), if the review authority (or individual member thereof) receiving the contact:
 - a. Places on the record the substance of any written or oral ex parte communication concerning the decision or action; and
 - b. Has a public announcement made of the content of the communication, and of the parties' right to rebut the substance of the communication, at the first hearing following the communication where action will be considered or taken on the subject to which the communication related.
4. A communication between County staff and the review authority (or individual member thereof) shall not be considered an ex parte contact for purposes of Subsection 1307.12(D)(1).

E. Evidence and Exhibits:

1. All evidence may be received unless excluded by the review authority on its own motion. Evidence received at any hearing shall be of the quality that reasonable persons rely upon in the conduct of their everyday affairs. Relevant evidence is any evidence having a tendency to make the existence or non-existence of a fact that is of consequence to the approval of the land use permit or legislative land use proposal more or less probable than it would without the evidence. Evidence may be received subject to a later ruling regarding its admissibility.
2. The review authority may exclude cumulative, repetitious, or immaterial evidence, but erroneous admission of evidence by the review authority shall not preclude action by the review authority or cause reversal on appeal unless shown to have substantially prejudiced the rights of a party.
3. All evidence shall be offered and made a part of the record in the application or legislative proceeding; and, except for matters stipulated to and except as provided in Subsection 1307.12(E)(4), no other factual information or evidence shall be considered in the recommendation or decision.
4. The review authority may take notice of judicially cognizable facts, and may take notice of general, technical, or scientific facts within specialized knowledge. Except in a Type IV proceeding, interested parties shall be notified at any time during the proceeding, but in any event prior to the final decision, of the material so noticed, and they shall be afforded an opportunity to contest the facts so noticed. The review authority may utilize experience, technical competence, and specialized knowledge in evaluation of the evidence presented.

5. All exhibits received shall be marked so as to provide identification upon review. Such exhibits may be returned when the period for review has expired, but shall otherwise be preserved by the Planning Director.
- F. Time Limits: The review authority may set consistent, reasonable time limits for oral presentations to the end that parties are encouraged to submit as much evidence as possible in writing prior to the hearing. No person may speak more than once without obtaining permission from the review authority.
- G. Questioning: The review authority (or individual member thereof) or County staff may question any person who testifies. The applicant and other parties to the proceeding shall not have the right to question or cross-examine any person who testifies.
- H. Scope of Testimony: Except in a Type IV proceeding, testimony shall be directed towards the applicable standards and criteria that apply to the proposal. The review authority may exclude or limit cumulative, repetitious, or immaterial testimony. To expedite hearings, the review authority may call for those in favor and those in opposition to rise, and the review authority shall note the numbers of such persons for the record.
- I. Continuances and Open Record Periods:
 1. All documents or evidence relied upon by the applicant shall be submitted to the County and be made available to the public. Any staff report used at the hearing shall be available at least seven days prior to the hearing. If additional documents or evidence are provided by any party, the review authority may allow a continuance or leave the record open to allow the parties a reasonable opportunity to respond. Any continuance or extension of the record requested by the applicant shall result in a corresponding extension of the time limitations of ORS 215.427 and ORS 215.429.
 2. Prior to the conclusion of the initial evidentiary hearing, any participant may request an opportunity to present additional evidence, argument, or testimony regarding the application. The review authority shall either continue the public hearing, pursuant to Subsection 1307.12(I)(2)(a), or leave the record open for additional written evidence, argument, or testimony, pursuant to Subsection 1307.12(I)(2)(b).

- a. If the review authority grants a continuance, the hearing shall be continued to a date, time, and place certain at least seven days from the date of the initial evidentiary hearing. An opportunity shall be provided at the continued hearing for persons to present and rebut new evidence, argument, or testimony. If new written evidence is submitted at the continued hearing, any person may request, prior to the conclusion of the continued hearing, that the record be left open for at least seven days to submit additional written evidence, argument, or testimony for the purpose of responding to the new written evidence. Only one continuance is available of right under Subsection 1307.12(I)(2)(a); provided, however, nothing in Subsection 1307.12(I)(2)(a) shall restrict the review authority, in its discretion, from granting additional continuances.
 - b. If the review authority leaves the record open for additional written evidence, argument, or testimony, the record shall be left open for at least seven days. The review authority may leave the record open for an additional period of at least seven days for any participant to respond to new evidence submitted during the prior open-record period. However, if the review authority has not provided for this additional open-record period, any participant may file a written request with the Planning Director for an opportunity to respond to new evidence submitted during the period the record was left open. Any such request shall be filed no later than the end of the last business day the record is left open. If such a request is filed, the review authority may reopen the record pursuant to Subsection 1307.12(I)(4).
 - c. A continuance or extension granted pursuant to Subsection 1307.12(I)(2) shall be subject to the limitations of ORS 215.427 and ORS 215.429, unless the continuance or extension is requested or agreed to by the applicant.
3. Additional notice of a continued hearing is not required, unless the hearing is continued without announcing a date, time, and place certain, in which case notice of the continued hearing shall be given as though it were the initial hearing.
 4. If the record is reopened to admit new evidence, argument, or testimony, any person may raise new issues which relate to the new evidence, argument, testimony, or criteria for decision-making which apply to the matter at issue. Notice of the reopened record shall be provided to any person who presented evidence, argument, or testimony as part of the record prior to the date the record was reopened.

5. Unless waived by the applicant, the review authority shall allow the applicant at least seven days after the record is closed to all other parties to submit final written argument in support of the application. The applicant's final submittal shall be considered part of the record, but shall not include any new evidence. This seven-day period shall not be subject to the limitations of ORS 215.427 and ORS 215.429.

J. Record of Hearing:

1. A verbatim record of the proceeding shall be made by written, mechanical, or electronic means, which record need not be transcribed except upon review on the record.
2. The record of proceedings is comprised of:
 - a. The Comprehensive Plan and this Ordinance, all of which shall be automatically incorporated into the record;
 - b. The application or legislative proposal that initiated the proceeding;
 - c. All testimony, argument, evidence, and exhibits submitted prior to the close of the record of the proceeding;
 - d. Any staff reports submitted prior to the close of the record of the proceeding;
 - e. Any electronic presentation used by either staff, applicant, or other participant in the proceeding;
 - f. The verbatim record, as provided in Subsection 1307.12(J)(1);
 - g. Minutes, if any, of the hearing;
 - h. A verbatim record, as provided in Subsection 1307.12(J)(1), of any public meeting after the close of the hearing at which the proceeding is discussed by or acted upon by the review authority;
 - i. Minutes, if any, of any public meeting after the close of the hearing at which the proceeding is discussed by or acted upon by the review authority; and
 - j. The written decision.

1307.13 APPEALS

Subsection 1307.13 applies to all appeals processed by the County of decisions issued under Section 1307. Table 1307-1 identifies those land use permit decisions that may be appealed at the County level and the applicable review authority for those appeals.

- A. Filing an Appeal: An appeal shall be in writing and must be received by the Planning Director within 12 days of the date of mailing of the notice of decision, or if the 12th day falls on a day on which the County is not open for business, by the next day on which the County is open for business.
- B. Notice of Appeal: Notice of appeal shall be made on a form prescribed by the Planning Director and shall be accompanied by the appeal fee. The notice of appeal shall contain:
1. Identification of the decision sought to be appealed, including its assigned file number, the name of the applicant, and the decision date;
 2. The name, mailing address, and telephone number of the appellant;
 3. The nature of the decision being appealed and the grounds for appeal; and
 4. Signature(s) of the appellant(s), or the duly authorized representative(s) thereof, authorizing the filing of the appeal.
- C. Proper Filing of Notice of Appeal: The failure to file a timely and complete notice of appeal is a jurisdictional defect, and the Planning Director shall not accept a notice of appeal that does not comply with Subsections 1307.13(A) and (B). The Planning Director's determination that an appellant has failed to comply with Subsections 1307.13(A) and (B) shall be final.
- D. Appeal Procedures; Scope: Appeals are subject to the following procedures:
1. De Novo Review: Appeals shall be de novo. In a de novo review, all issues of law and fact are heard anew, and no issue of law or fact decided by the lower-level review authority is binding on the parties in the hearing. New parties may participate, and any party may present new evidence and legal argument by written or oral testimony. The record of the initial proceeding shall be made a part of the record of the appeal. For purposes of Subsection 1307.13(D)(1), the record of the initial proceeding consists of
 - a. Those items listed in Subsections 1307.12(J)(2)(a) through (d) and (j); and
 - b. Those items listed in Subsections 1307.12(J)(2)(e) through (i), to the extent that any prior hearing(s) or public meeting(s) were conducted in reaching the decision that is being appealed.
 2. Notice of Public Hearing: Notice of public hearing shall be provided as follows:
 - a. A minimum of 20 days prior to the first evidentiary hearing on the appeal, written notice of the appeal and hearing shall be mailed to:

- i. Those who were entitled to notice pursuant to Subsection 1307.09(A)(1);
 - ii. The appellant; and
 - iii. Anyone who previously provided evidence, argument, or testimony as part of the record.
 - b. At a minimum, notice of hearing shall include those elements identified in Subsection 1307.10(A)(4), except that 1307.10(A)(4)(i) will reference the appealed decision, rather than the staff report.
 3. Public Hearing: A public hearing shall be held before the appeal review authority, for the purpose of receiving testimony regarding the application.
 4. Decision: The appeal review authority shall consider the record and affirm the decision, affirm the decision with additional conditions or modifications, or reverse the decision. The appeal review authority shall issue a written decision in the form of an order, which shall be signed and dated, that explains the standards and criteria considered relevant to the decision, states the facts relied upon in rendering the decision, and explains the justification for the decision based on the standards, criteria, and facts set forth. The decision also shall include the elements identified in Subsection 1307.10(D)(1) through (5).
 5. Notice of Decision: A copy of the written order shall be mailed to:
 - a. Those identified in Subsection 1307.10(E); and
 - b. The appellant.
 6. Appeal: Except where an additional County-level appeal is provided pursuant to Subsection 1307.13(E), the appeal review authority's decision is the final decision of the County. Appeal of the County's final decision is to the Oregon Land Use Board of Appeals.
- E. Review of an Interpretation by the Board of County Commissioners:
1. A second County-level appeal is provided for applications for an interpretation of the Comprehensive Plan, where the Board of County Commissioners shall review the decision of the Planning Commission on appeal. Processing of the appeal shall comply with Subsections 1307.13(A) through (D), except that notice of the public hearing shall be given to:
 - a. Those identified in Subsections 1307.09(A)(1)(a), (d) through (f), and (i);
 - b. The appellant;

- c. Anyone who provided evidence, argument, or testimony as part of the record; and
 - d. Anyone who made a written request for notice of decision.
2. A second County-level appeal is provided for applications for an interpretation of this Ordinance, where the Board of County Commissioners may choose to review the decision of the Hearings Officer on appeal but is not required to do so.
- a. If the Board of County Commissioners accepts the appeal, processing of the appeal shall comply with Subsections 1307.13(A) through (D), except that notice of the public hearing shall be given pursuant to Subsection 1307.13(E)(1).
 - b. If the Board of County Commissioners denies a request for review, it shall do so in writing. Notice of the denial shall be given pursuant to Subsection 1307.13(E)(1). If the Board of County Commissioners denies a request for review, the decision of the Hearings Officer stands as the final decision of the County. The period for appeal to the Oregon Land Use Board of Appeals commences on the date of mailing of the Board of County Commissioners' denial of review.
- F. Effect of Judicial or Administrative Review: Except as provided by law or order of a court or administrative tribunal having jurisdiction, a decision of the County shall remain valid and effective notwithstanding the initiation of judicial or administrative review of such decision; provided, however, that any development permit dependent upon such decision shall be issued only with the applicant's written acknowledgement in a form approved by County Counsel, that such review has been initiated and may result in the reversal of the decision, in which event the permit shall be revoked, as well as any temporary occupancy permit, and the premises shall thereafter be brought into conformity with the applicable standards and criteria by appropriate means. No permanent occupancy certificate shall be issued by the building official until such review has concluded through the adoption of a decision making such occupancy in all respects lawful.
- G. Remand from the Land Use Board of Appeals: The County shall take final action on decisions remanded by the Oregon Land Use Board of Appeals (LUBA) within one year of the effective date of LUBA's final order, unless the applicant requests in writing that the County proceed with the application pursuant to Oregon Revised Statutes (ORS) 215.435(2)(a), in which case the provisions of ORS 215.435 shall apply. The effective date of LUBA's final order shall be determined pursuant to ORS 215.435(1).

1307.14 CONDITIONS OF APPROVAL

Approval of a Type I, II, or III land use permit may be granted subject to conditions. The following limitations shall be applicable to conditional approvals:

- A. Conditions shall be fulfilled within the time limitations set forth in the approval thereof, or, if no time is set forth, within a reasonable time. Failure to fulfill any conditions within the time limitations provided shall be grounds for the Planning Director to initiate revocation of the approved land use permit pursuant to Subsection 1307.16(L).
- B. Conditions shall be imposed to ensure compliance with the standards and approval criteria applicable to the land use permit, or shall be reasonably calculated to fulfill public needs emanating from the proposed land uses as set forth in the application, in the following respects:
 - 1. Protection of the public from the potentially deleterious effects of the proposed use; or
 - 2. Fulfillment of the need for public services created by the proposed use.
- C. The review authority may find compliance with an applicable approval criterion by imposing conditions necessary to ensure compliance and finding that it is feasible for the conditions to be satisfied. Notwithstanding this provision, where conditions require state agency permits to be obtained, the review authority need only find substantial evidence to demonstrate that the applicant is not precluded from obtaining such state agency permits as a matter of law.
- D. A surety may be required from the applicant, in an amount sufficient to ensure compliance with one or more conditions of approval, subject to Section 1311, *Completion of Improvements, Sureties, and Maintenance*.

1307.15 FEES

Fees are for the purposes of defraying administrative costs and are subject to the following:

- A. Fees payable at the time of application or appeal are established by separate order of the Board of County Commissioners.
- B. The failure to submit the required fee with an application or appeal, including return of checks unpaid or other failure of consideration, shall be a jurisdictional defect.
- C. An active community planning organization that is recognized by the County may file appeals without fee, provided the decision to file an appeal is made at a public meeting held in compliance with Oregon Revised Statutes 192.610 to 192.690.

- D. Appeal fees shall be refunded if the appellant prevails. Any other fee refund policy shall be established by separate order of the Board of County Commissioners.
- E. The County Administrator or designee may reduce or waive fees upon showing of just cause to do so.

1307.16 GENERAL PROVISIONS

- A. Calculation of Time: For the purposes of this Ordinance, unless otherwise specifically provided, days mean calendar days. In calculating a specific time period, the day on which the period begins to run shall not be included; and the day on which the period ends shall be included. In the event the last day falls on a day on which the County is not open for business, the period of time shall end on the next day on which the County is open for business.
- B. Property Owner's Signature: When any person signs as the owner of property or as an officer of a public or private corporation owning the property, or as an attorney in fact or agent of any owner, or when any person states that he or she is buying the property under contract, the Planning Director and the review authority, if other than the Planning Director, may accept these statements to be true, unless the contrary be proved, and except where otherwise in this Ordinance more definite and complete proof is required. Nothing herein shall prevent the Planning Director or the review authority, if other than the Planning Director, from demanding proof that the signer is the owner, officer, attorney in fact, or agent.
- C. Property Owner Notice: Where notice to property owners of record is required by Section 1307, the records of the County Assessor shall be used to identify the owners and their mailing addresses. Persons whose names and addresses are not on file at the time of the filing of the applicable land use permit application or appeal need not be notified of the application, decision, or hearing. If a property within the notification area is located outside the County, the records of the applicable County Assessor shall be used. The failure of a property owner to receive notice as provided in Section 1307 shall not invalidate the proceedings, if the County can demonstrate by affidavit that such notice was given.
- D. Method of Mailing: When mailing is required by Section 1307, first-class mail shall be used, except that for mailing to any of the following, either first-class mail or electronic mail may be used: community planning organizations, hamlets, villages, cities, special districts, and government agencies.
- E. Burden of Proof: Except in a Type IV proceeding, the proponent has the burden of proof on all elements of the proposal. The proposal must be supported by a preponderance of evidence that it conforms to all applicable standards and criteria. The preponderance of evidence standard is often described as enough evidence to make the proponent's point more likely than not.

- F. Argument and Evidence: For the purposes of Section 1307:
1. Argument means assertions and analysis regarding the satisfaction or violation of legal standards or policy believed relevant by any party. Argument does not include facts.
 2. Evidence means facts, documents, data, or other information offered to demonstrate compliance or noncompliance with the standards and criteria believed by any party to be relevant to the proposal.
- G. Withdrawal: Prior to the issuance of the written decision, the applicant may submit a written notice of withdrawal of the application. Upon receipt of a written notice of withdrawal, the application shall be deemed dismissed without further action by the review authority. A withdrawal shall not bar filing a new application; withdrawal shall not be deemed a final decision for any purpose. A withdrawal cannot be appealed. If an application is withdrawn after the mailing of notice of application or public hearing, the Planning Director shall mail written notice stating the application has been withdrawn to all persons who were provided mailed notice of the application or public hearing.
- H. Final Action Deadline: Except as modified by ORS 197.763, the County shall take final action on a land use permit application that is subject to Oregon Revised Statutes (ORS) 215.427, including resolution of all County appeals, within the time period specified by ORS 215.427, unless the applicant provides written request for an extension of such period pursuant to ORS 215.427(5).
- I. Effective Date of Decision: The County's final decision on a Type I, II, or III land use permit application becomes effective on:
1. The day the final decision is issued, if no appeal at the County level is allowed;
 2. The day after the appeal period expires, if an appeal at the County level is allowed, but no notice of appeal is timely filed;
 3. The day the decision is issued by the final County appeal body, if an appeal is allowed and notice of appeal is timely filed. However, if the appeal is withdrawn prior to decision, the effective date of the County's final decision shall revert to the day after the appeal period would have expired had an appeal not been timely filed; or
 4. The date of mailing of the Board of County Commissioners' denial of review, pursuant to Subsection 1307.13(E)(2)(b).

- J. Reissuing a Decision: The review authority may reissue a Type I, II, or III decision as a result of a clerical error, a misstatement of facts, or the erroneous imposition or omission of conditions of approval. A decision may not be reissued after the expiration of the appeal period, if any, or after the filing of an appeal. Notice of the reissued decision shall be given in the same manner as notice of the original decision. A new appeal period equal to that of the original decision shall be provided from the date of mailing of the amended decision.
- K. Re-filing an Application: If a Type II or III land use permit application is denied, or a Type II or III land use permit is revoked pursuant to Subsection 1307.16(L), an applicant may re-file for consideration of the same or substantially similar application only if:
1. At least two years have passed after either final denial of an application by the County or revocation of a permit; or
 2. The review authority finds that one or more of the following circumstances render inapplicable all of the specific reasons for the denial:
 - a. A change, which is material to the application, has occurred in this Ordinance, the Comprehensive Plan, or other applicable law; for the purposes of this provision, “change” includes amendment to the applicable provisions or a modification in accepted meaning or application caused by an interpretation filed pursuant to Section 1308;
 - b. A mistake in facts, which was material to the application, was considered by the review authority;
 - c. There have been changes in circumstances resulting in new facts material to the application;
 - d. A change has occurred in the zoning of the subject property, or adjacent property, that substantially affects the merits of the application; or
 - e. There have been substantial changes in the surrounding area, or on the subject property, such as availability of services or improvements to public facilities, that affect the merits of the application.
- L. Revocation of Approval: An approval of a Type II or III land use permit may be revoked, as follows:
1. The Planning Director may initiate a public hearing for revocation of a prior approval of a land use permit when there is a violation of conditions attached to the previous approval sufficient to merit such revocation.

CLACKAMAS COUNTY ZONING AND DEVELOPMENT ORDINANCE

2. Revocation of approval shall be reviewed using the Type III procedure. The Hearings Officer shall be the review authority, and the decision of the Hearings Officer shall be the final decision of the County.
3. Revocation is in addition to, and not in lieu of, any other remedy provided by law or equity, and is not a condition precedent to any such remedy.

M. Modifications: Except as permitted pursuant to Section 1309:

1. A modification to an approved Type I, II, or III land use permit, or conditions thereto, shall be processed as a new application; and
2. A modification to conditions of approval for a Type II or III land use permit shall be considered only if one or more of the circumstances identified in Subsection 1307.16(K)(2) apply.
