Deschutes County Juvenile
Community Justice

Made possible through
grants from Deschutes
County Crime Preven-
tion Fund and the
Oregon Department of
Education, Youth
Development Division

**Functional
Family
Therapy**

What?

FFT helps kids and parents find ways to reduce conflict, trouble and stress.

FFT helps families with kids 12-17 who are getting in trouble at home, school or involved with drugs.

- Counselors help find and build on **your** family's strengths.
- Counselors meet with the whole family once per week, for about 3 months.
- Free of charge.

Why?

Raising a family is Hard Work

Families today have a lot of stress. Kids are faced with hard decisions about friends, drugs and alcohol. Parents are working hard to put food on the table. Every family can be the best family for its members, with a little help.

If you are or have kids between 11 and 17 and are experiencing:

- Behavior concerns at home or school
- Struggling with drug and alcohol
- Conflict in the family or with peers

FFT might be for you...

When?

Once enrolled, your counselor will arrange the best time and location for your family to work the program. Counselors will be available when you are.
