

# Deschutes County Health Services

## COVID-19 Public Health Update

George Conway, MD  
Health Services Director

Molly Wells Darling  
Deputy Incident Commander

Nahad Sadr-Azodi  
Director of Public Health

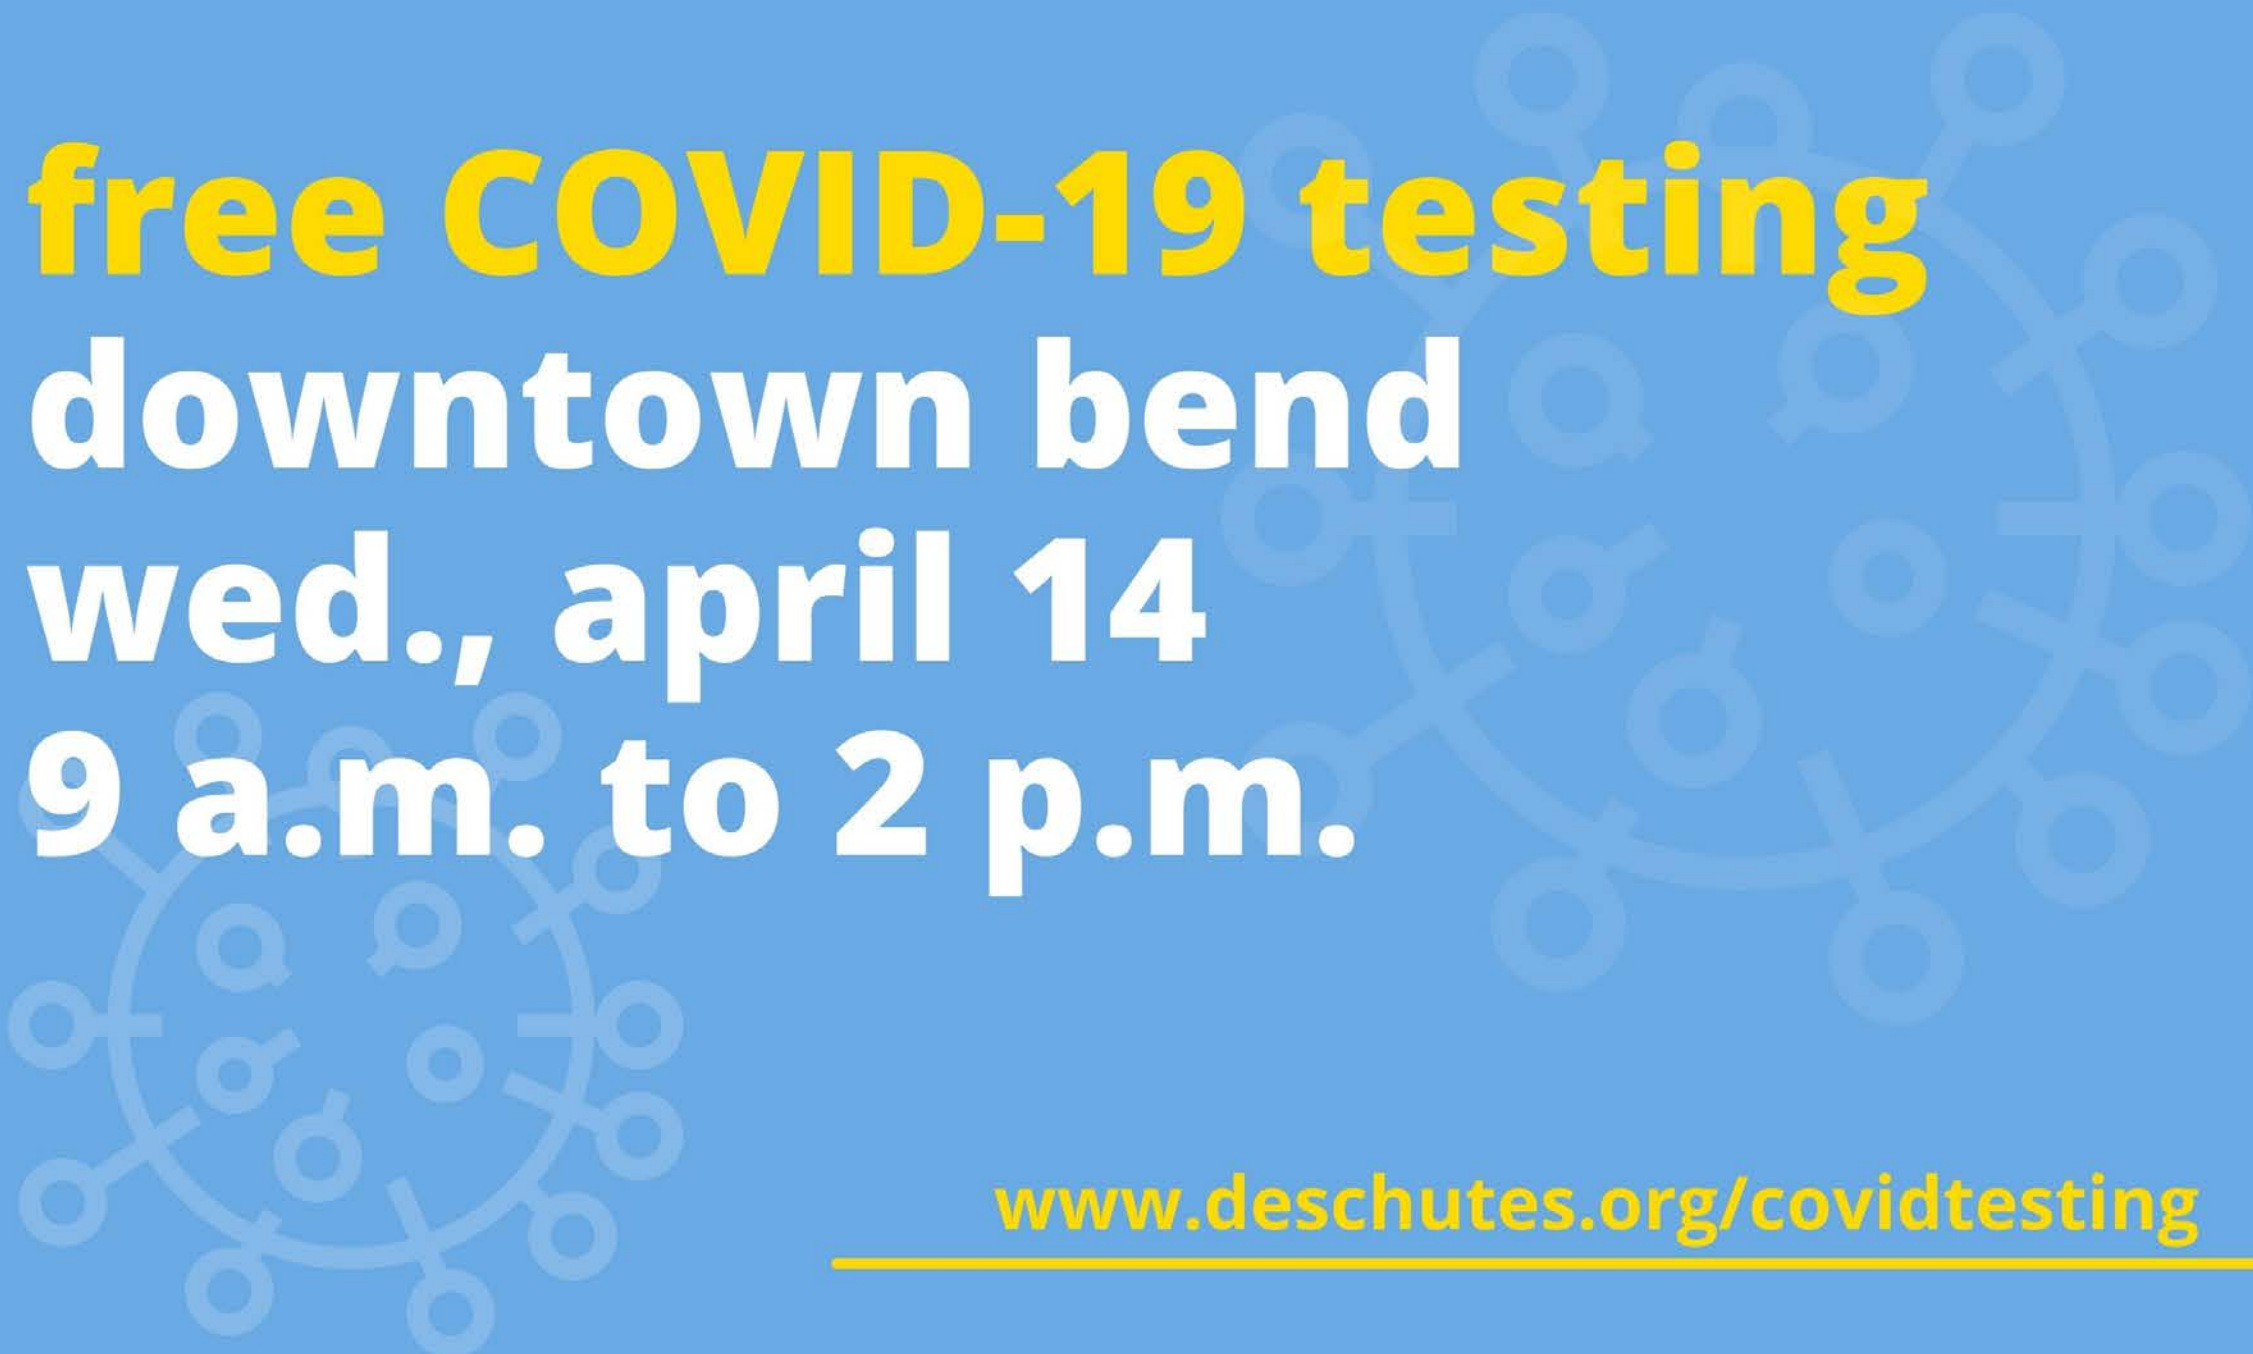

BoCC meeting | April 14, 2021

# PRE-REGISTER FOR YOUR COVID-19 VACCINE

[www.centraloregoncovidvaccine.com](http://www.centraloregoncovidvaccine.com)

A large, faint, stylized graphic of a virus particle, resembling a coronavirus, is centered in the background. It consists of a circular outer shell with small circles on its surface and a network of lines connecting these circles, representing the protein spikes and internal structure of the virus.

**free COVID-19 testing**  
**downtown bend**  
**wed., april 14**  
**9 a.m. to 2 p.m.**

---

# Deschutes County Cases by Week

**6,759 Cases**  
**72 deaths**

Deschutes County Known COVID-19 Cases by Week

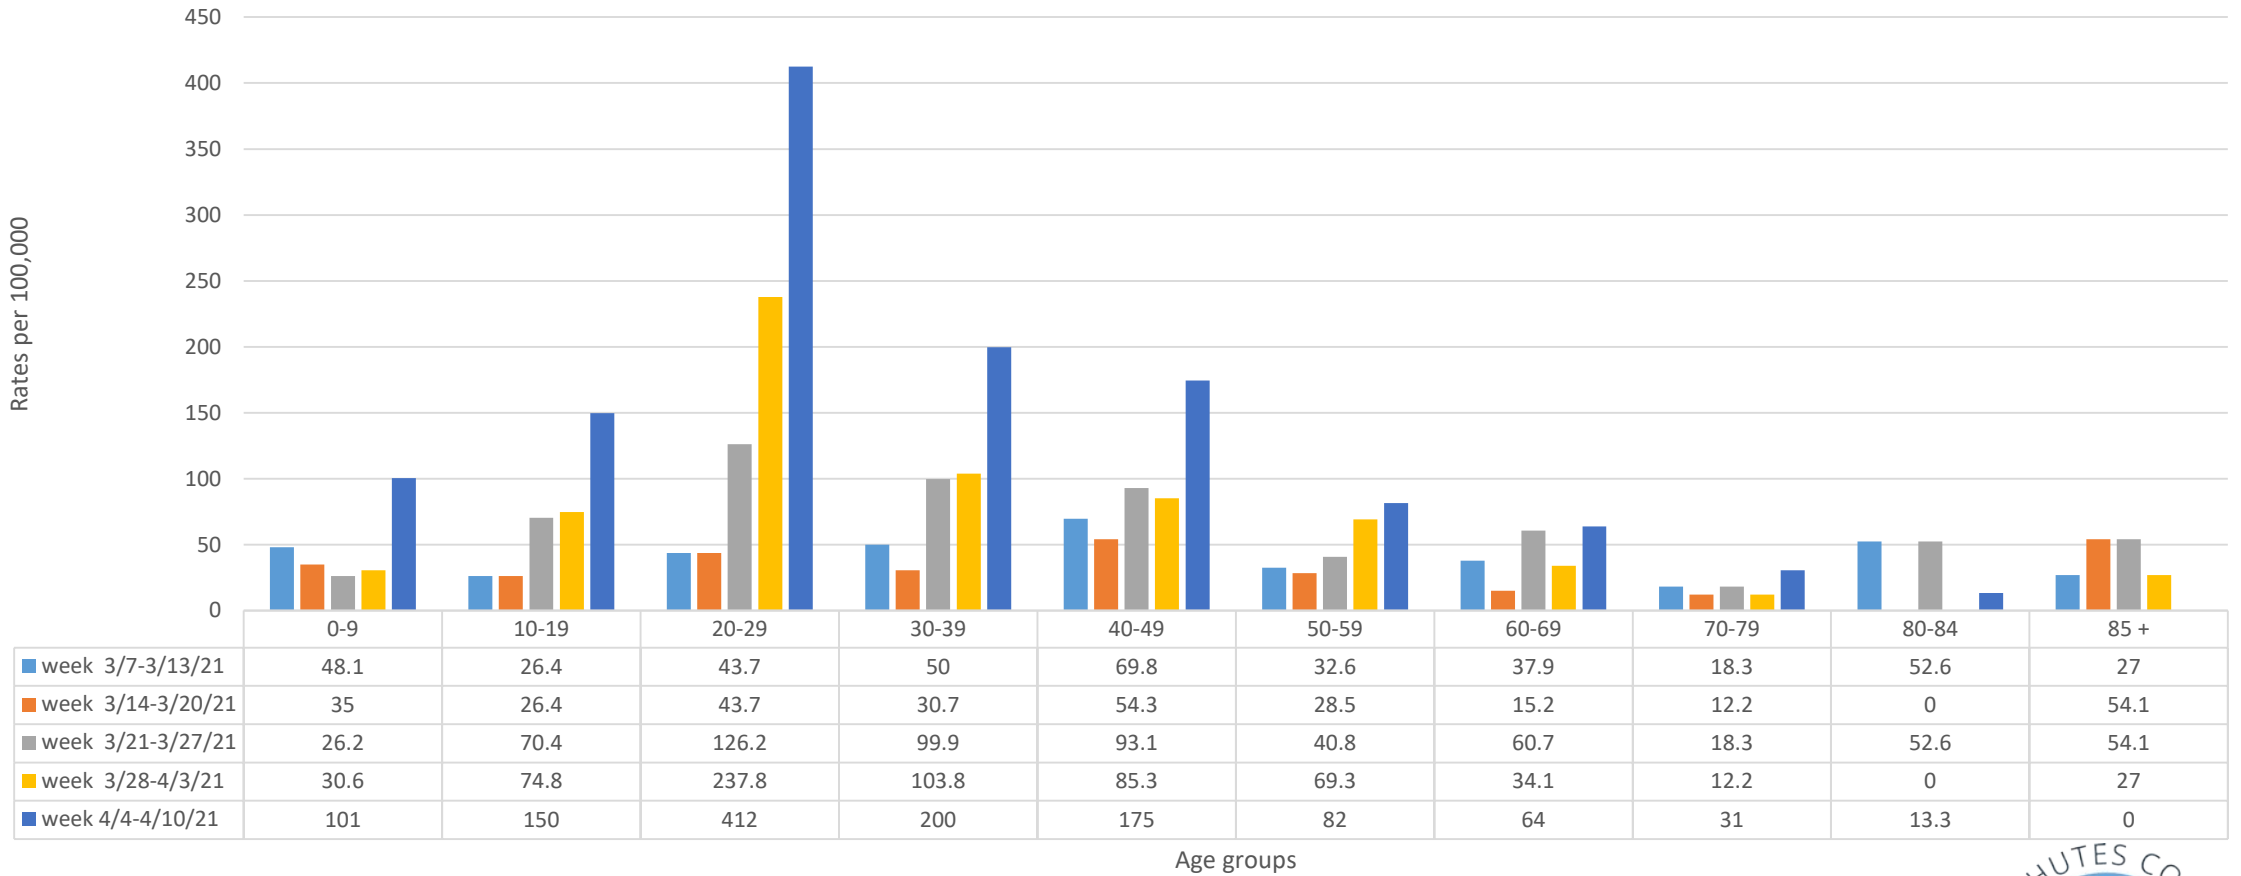

Data for this week is not yet shown. Data are shown based on the date a case first became identified as a case.

Disclaimer: Data is subject to change

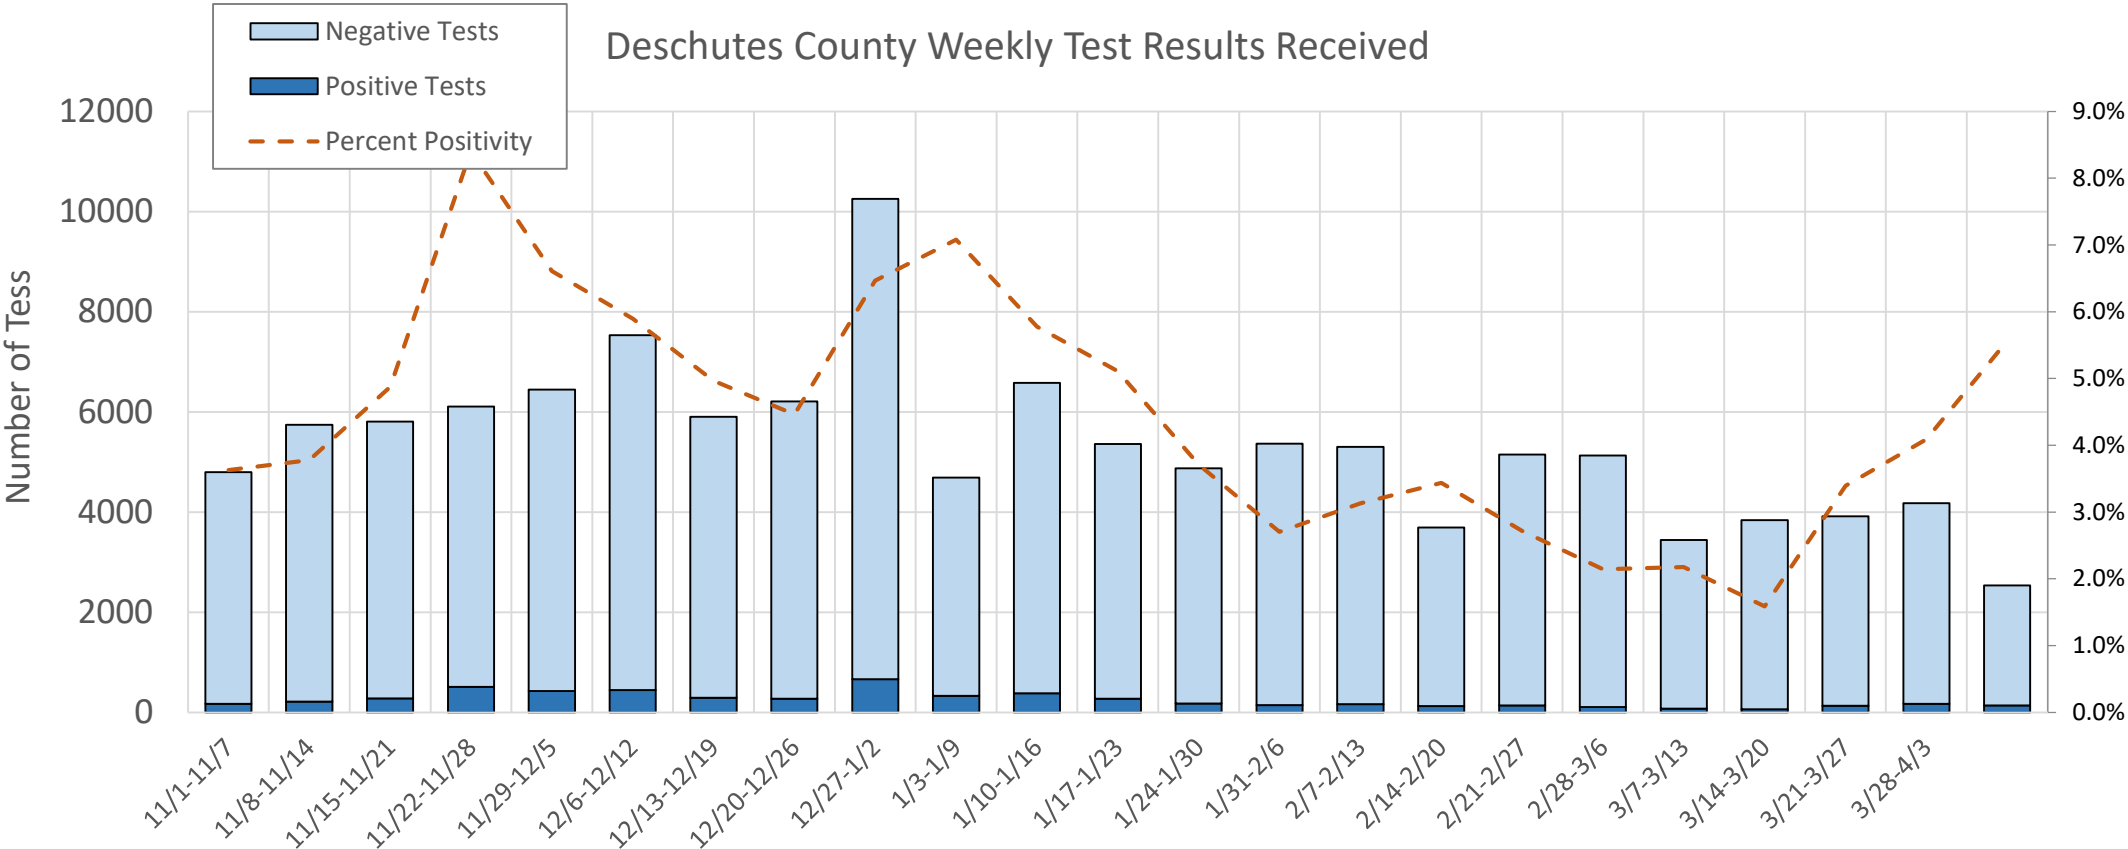

# Trends using age rates for Deschutes population

Rates by age groups

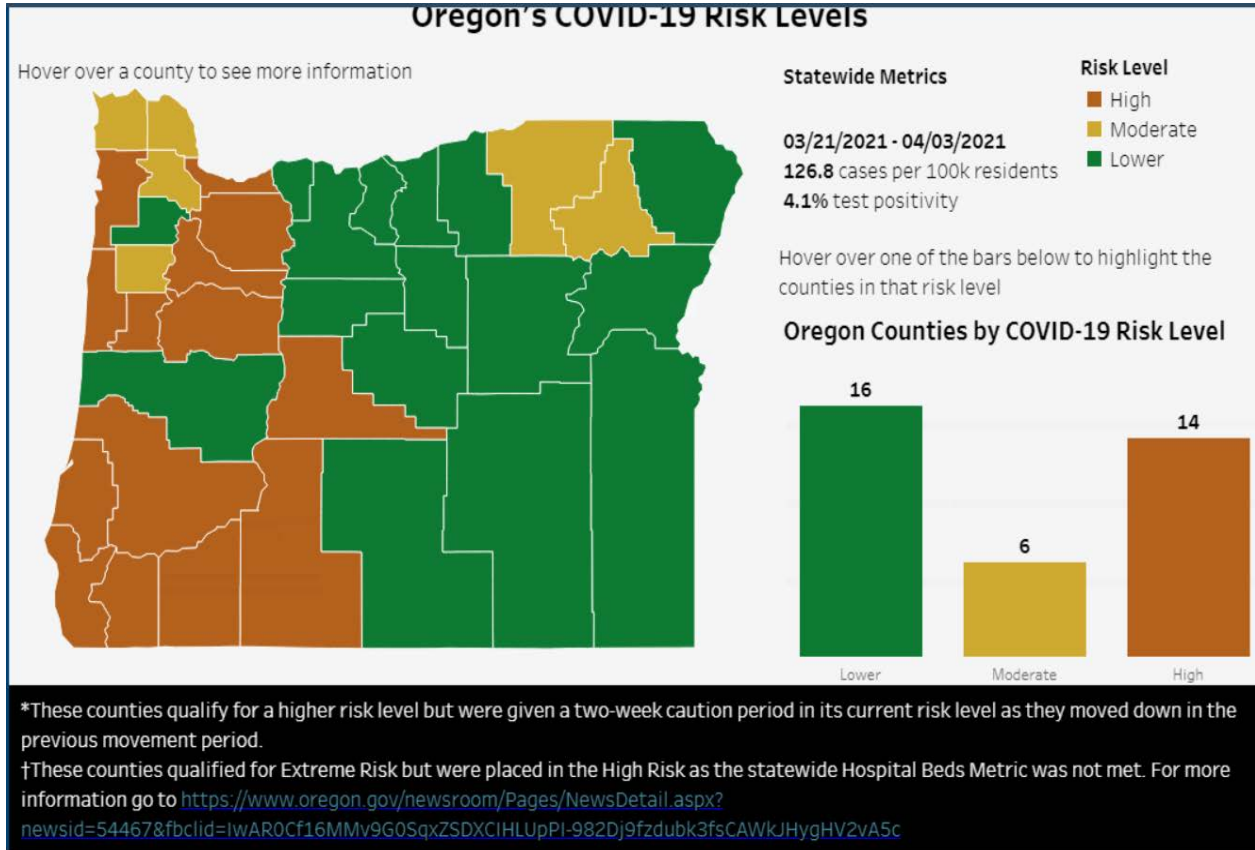

# Deschutes County COVID Tests by Week

# Risk-based Framework for Counties

## Deschutes County Risk Level Data

Dates (2-Week Period)	Risk Level Week Type	Risk Level	Case Count (2-Week Period)	Cases per 100,000 Population (2-week Period)
3/28/2021 - 4/10/2021	Warning Week	High Risk Level	432	223.8
3/29/20-3/10/21	Movement Week	High	270	139.9
3/14-3/27	Warning Week	Moderate	192	99.5

Deschutes County currently falls in the “High risk” category due to moderate spread of COVID-19.

**HANDS**

**FACE**

**SPACE**

**FRESH AIR**

# COVID-19 Cases Rising

Where are cases coming from?

- Extracurricular activities where safety measures are removed, like no masks during sports practice
- Social gatherings outside of work hours without mask wearing and distancing
- Travel-related exposures
- Carpooling
- Barbeques and outdoor events without mask and distancing

**Wear a mask – Social Distance – Schedule your vaccine**

# COVID-19 vs. Allergies

	COVID-19	Allergies
 Common	Fever or chills	
	Cough	
	Body aches	
	Headaches	
 Less Common	Tiredness	
	Loss of taste or smell	
	Shortness of breath	
 Not Common	Sore throat	
	Sneezing	
	Itchy or watery eyes	
	Runny or stuffy nose	
		

\*Seasonal allergies do not usually cause shortness of breath, unless a person has a respiratory condition such as asthma that can be triggered by pollen.

[cdc.gov/coronavirus](https://cdc.gov/coronavirus)

# Johnson & Johnson Vaccine

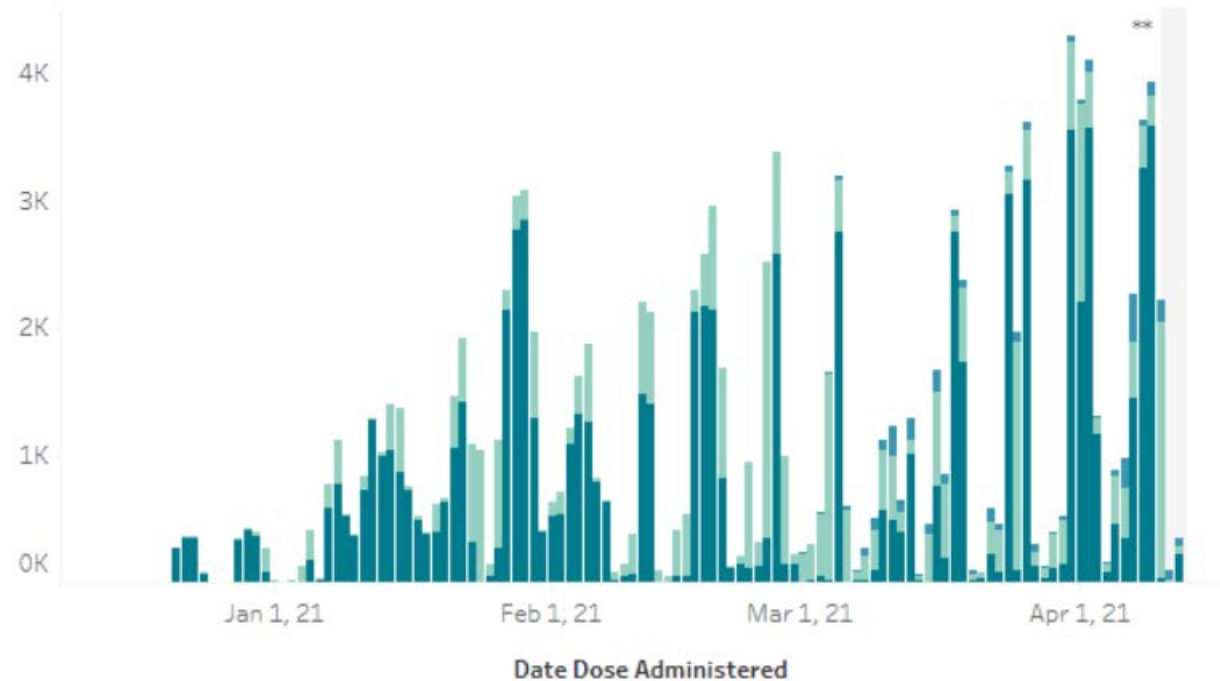

The CDC and FDA paused administration of the Johnson & Johnson vaccine to review 6 reported cases of blood clots in women age 18 to 48 who had received the J&J vaccine. These cases appear to be extremely rare, with an incidence of less than 1 in 1 million.

All scheduled appointments at the Mass Vaccine Clinic are for Pfizer or Moderna. No scheduling impacts are expected.

There has been no similar risk associated with the other vaccines being used in the US (Moderna and Pfizer), and there is no recommended pause for use of these vaccines.

# Doses administered to Deschutes residents. By type of vaccine

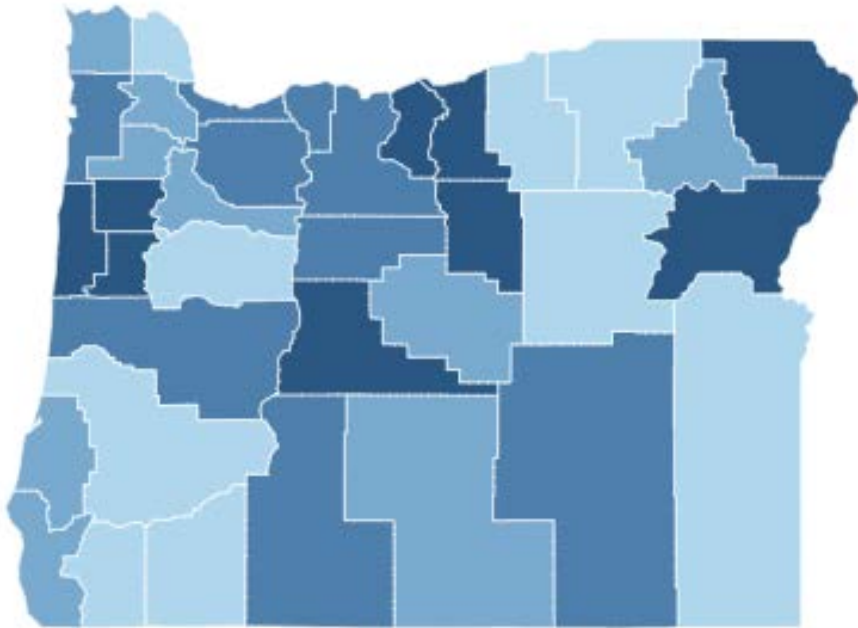

# COVID-19 Vaccine

# COVID-19 Vaccination Data – 4/11/2021

Vaccination Rates per 10,000 population, by county of residence\*

People vaccinated per 10,000: lighter colors represent counties with lower vaccination rates, while darker colors represent counties with higher vaccination rates.

## Deschutes County COVID-19 Vaccination Data as of 4/11/21

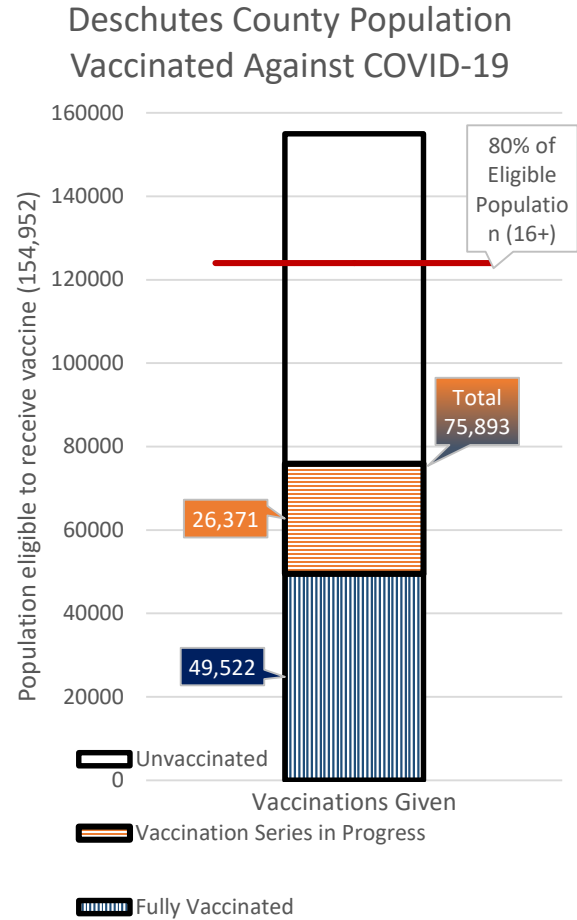

# people with vaccination series in progress	25,889
# people fully vaccinated	50,335
# people with vaccination series in progress or fully vaccinated per 10,000 population	3,949.9

\*Includes people with vaccination series in progress or fully vaccinated

Data as of 4/11/2021

# Estimated Proportion of County Population Vaccinated as of April 11, 2021

Data Source: Oregon Health Authority,  
04/11/2021

**Everyone in Phase 1A, Groups 1,2,3 and 4 is eligible for the vaccine.**

**Group 1**

- Hospital staff with patient care responsibilities
- Urgent care
- Skilled nursing and memory care facility healthcare personnel (HCP) and residents
- Tribal health programs
- Emergency medical services (EMS) providers and other first responders
- All health care interpreters and traditional health workers in any setting within Phase 1a

**Group 2**

- Other long-term care facilities, including all paid and unpaid HCP, all staff and contractors, including residents who meet the age requirements of:
  - » Residential care facilities
  - » Adult foster care
  - » Group homes for people with intellectual and developmental disabilities
  - » Other similar congregate care sites
- Hospice programs
- Mobile crisis care and related services

- Individuals working in a correctional setting
- Adults and youth in custody 16 years and older

**Group 3**

- HCPs in outpatient settings serving specific high-risk groups
- Day treatment services
- Non-emergency medical transport (NEMT)
- Paid or unpaid caregivers (including parents or foster parents) of medically fragile children or adults who live at home
- Adults and age-eligible children who have a medical condition or disability who receive services in their homes

**Group 4**

- All other outpatient HCPs
- Other HCP who provide direct service to people with I/DD and other high-risk populations.
- Other public health settings, such as HCP serving WIC, or CBO's with direct or indirect exposures

People eligible:  
**400,000** approximately

**Groups 1–5**

- Childcare providers, early learning and K–12 educators and staff
- People 65 and older

**Group 6**

**Eligible no later than March 29, 2021**

- Adults 45–64 with one or more underlying health conditions with increased risk\*
- Migrant and seasonal farm workers
- Seafood and agricultural workers
- Food processing workers
- People living in low-income senior housing, senior congregate and independent living
- Individuals experiencing houselessness (sheltered and unsheltered)
- People currently displaced by wildfires
- Wildland firefighters
- Pregnant people 16 and older

Educators:  
**152,000** approximately

**Group 7**

**Eligible no later than April 5, 2021**

- Frontline workers as defined by the CDC\*\* and their age eligible family members in the same household.
- Individuals living in a multigenerational household
  - » Multigenerational household means a household where:
    - People from three or more generations live, such as a home where an elder lives with a parent and grandchild; or
    - An individual or individuals residing with and caring for a relative who is not their own child (i.e. a grandchild, niece, or nephew)
- Adults 16–44 with one or more underlying health conditions with increased risk\*

People over 65:  
**765,000** approximately

**April 19**  
**Everyone 16 or older becomes eligible**

## \* Underlying health conditions with increased risk as defined by the Centers for Disease Control and Prevention (CDC)

- Cancer
- Chronic kidney disease
- Chronic lung diseases, including chronic obstructive pulmonary disease (COPD), asthma (moderate-to-severe), interstitial lung disease, cystic fibrosis, and pulmonary hypertension
- Dementia or other neurological conditions
- Diabetes (type 1 or type 2)
- Down syndrome
- Heart conditions (such as heart failure, coronary artery disease, cardiomyopathies, or hypertension)
- HIV infection
- Immunocompromised state (weakened immune system)
- Liver disease
- Overweight and obesity (defined as body mass index, or BMI, greater than 25 kg/m<sup>2</sup>)
- Pregnancy
- Sickle cell disease or thalassemia
- Smoking, current or former
- Solid organ or blood stem cell transplant
- Stroke or cerebrovascular disease
- Substance use disorder

**PRE-REGISTER FOR THE**  
**COVID-19**  
**VACCINE**

[centraloregoncovidvaccine.com](https://centraloregoncovidvaccine.com)

---

- 1 pre-register for the COVID-19 vaccine at [www.centraloregoncovidvaccine.com](http://www.centraloregoncovidvaccine.com)
- 2 wait until you are **eligible** to receive a vaccine (per Oregon Health Authority guidance)
- 3 when you're eligible & there's a dose for you, you will **receive a link to schedule**
- 4 schedule your **vaccine appointment** within 48 hours - we'll see you there!

## COVID-19 Vaccination Registration Form

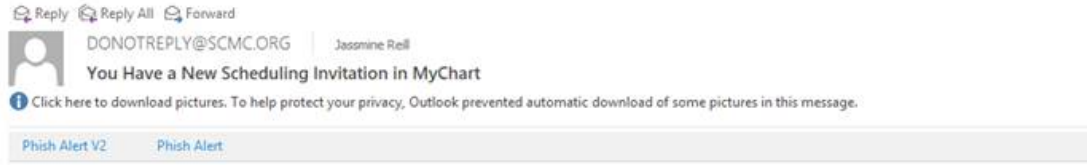

### You're all set

You're all set. You have successfully pre-registered for your COVID-19 vaccination appointment. You will **NOT** receive a confirmation email for this pre-registration. Print, write or take a picture of your confirmation code. We will contact you (email and, if applicable text) with more information when we have vaccination appointment available for you.

Confirmation Code: 0219ead8-bcaa-475e-a8ac-
