Based on 2023 HHS Poverty Guidelines for the contiguous 48 states and DC (<https://aspe.hhs.gov/poverty-guidelines>)

### Instructions:

1. In the blue "FAMILY SIZE" row, locate the number of individuals in the household. This number should include the applicant, applicant's spouse/partner, and children. If applicant is providing more than 50% financial support for other related individuals who reside full-time in applicant's household, they may be counted as well (grandchildren, grandparents, nieces/nephews, aunts/uncles, etc).
2. Next, look down the column that corresponds to the family size and locate the annual income amount that is closest to BUT NOT MORE THAN applicant's gross annual household income (before taxes). Include income of all adults 18 years or older of the household.
3. Finally, look to the left of the applicable annual income box to locate the green box that provides the poverty level percentage. The applicable client fee is listed below the percentage.
