Deschutes County

Group No.: G0037173
Plan Name: Medical Plan
Effective: January 1, 2020

With Third Party Administrative Services Provided By:

PacificSource
HEALTH PLANS
INTRODUCTION

Deschutes County has established the Deschutes County Group Health Plan (referred to as the or this “Plan”) to provide health care coverage for Eligible Employees and their Dependents. This Plan is established effective January 1, 2020 (the “Effective Date”). Deschutes County is the Plan Sponsor.

Any words or phrases used in this Plan Document that appear with an initial capital letter, or which are in italics, are defined terms. All such words or phrases are defined in the Definitions section of this Plan Document (see the Table of Contents for exact location). The Plan Sponsor highly encourages you to read this Plan Document in its entirety and to ask any questions you may have to ensure you understand your rights, responsibilities, and the benefits available to you under the terms of this Plan.

Nature of the Plan

This Plan is an employee welfare benefit plan. This Plan is not governed by the Employee Retirement Income Security Act (“ERISA”). This Plan is a self-insured medical plan intended to meet the requirements of Sections 105(b), 105(h) and 106 of the Internal Revenue Code so that the portion of the cost of coverage paid by the Employer, and any benefits received by a Covered Individual through this Plan, are not taxable income to the Covered Individual. The specific tax treatment of any Covered Individual will depend on the individual’s personal circumstances; the Plan does not guarantee any particular tax treatment. Covered Individuals are solely responsible for any and all federal, state, and local taxes attributable to their participation in this Plan, and the Plan expressly disclaims any liability for such taxes.

This Plan is "self-insured", which means benefits are paid from the Employer’s general assets and/or trust funds and are not guaranteed by an insurance company. The Plan Sponsor, which is also the Plan Administrator, has contracted with the Third Party Administrator to perform certain administrative services related to this Plan.

PacificSource Health Plans (“PacificSource”) is the Third Party Administrator and will process Claims, manage the network of Health Care Providers, answer medical benefit and Claim questions, and to generally provide administrative services to the Plan. If anything is unclear to you, please contact the Plan Sponsor or the Third Party Administrator at the number or address available in this Introduction section.

Written Plan Document and SPD

This Plan Document contains both the written Plan Document and the Summary Plan Description (“SPD”). It is very important to review this Plan Document carefully to confirm a complete understanding of the benefits available, as well as your responsibilities, under this Plan.

This Plan Document consists of several pieces, all of which work together. The Summary of Benefits provides an overview of the key benefit provisions of the Plan and can give you a general idea of what the Plan covers and how it works. However, it is important to read the entire Plan Document, including the Definitions, to fully understand the Plan’s coverage and benefits.
Non-Grandfathered Health Plan

The consumer protections of the Patient Protection and Affordable Care Act (PPACA) apply to this Plan.

Questions regarding the Plan's status can be directed to the Plan Administrator. You may also contact the U.S. Department of Health and Human Services at www.dol.gov/ebsa/healthreform.

Retention of Fiduciary Duties

The Plan Sponsor has retained all fiduciary duties under the Plan, including all interpretations of the Plan and the benefits and exclusions it contains. This means that the Plan Sponsor is solely responsible for all final decisions regarding what benefits are or will be covered, both now and in the future. The Plan Sponsor is solely responsible for the design of the Plan. The Plan Sponsor is solely responsible for setting any and all criteria used to determine enrollment and eligibility.

Questions?

PacificSource’s customer service representatives are available to answer questions or concerns regarding the Plan. Phone lines are open from 8 a.m. to 5 p.m. Monday through Friday (excluding holidays). PacificSource’s customer service representatives are not authorized to interpret or change the terms of the Plan.

For enrollment or eligibility questions, please contact us.

As used in this Plan Document, the word ‘year’ refers to the contract year, which is the 12-month period beginning January 1st and ending December 31st. The word lifetime as used in this document refers to the period of time you or your eligible family members participate in this Plan or any other plan offered by the Plan Sponsor.

Representations not warranties: In the absence of fraud, all statements made by the Plan Sponsor will be considered representations and not warranties. No statement made for the purpose of effecting coverage will void the coverage or reduce benefits unless it is contained in a written document signed by the Plan Sponsor and provided to a member.

Governing Law

This Plan must comply with applicable state and federal laws, including required changes occurring after the Plan’s Effective Date. Therefore, coverage is subject to change as required by law.

</tbody>
</table>

Please note: Your actual costs for services provided by an out-of-network provider may exceed this Plan’s out-of-pocket limit for out-of-network services. In addition, out-of-network providers can bill you for the difference between the amount charged by the provider and the amount allowed by the insurance company, and this amount is not counted toward the out-of-network out-of-pocket limit. Please see allowable fee in the Definitions section of the Plan Document.

The member is responsible for any amounts shown above, in addition to the following amounts:

</table>

This is a brief summary of benefits. Refer to the Plan Document for additional information or a further explanation of benefits, limitations, and exclusions.

^ Co-pay applies to ER physician and facility charges only. Co-pay waived if admitted into hospital.

** Medically necessary services, medication, and supplies to manage diabetes during pregnancy from conception through six weeks postpartum will not be subject to a deductible, co-payment, or co-insurance.

*** Physical Therapy services performed by a Chiropractor will apply to the Outpatient Rehabilitation benefit and not apply under the alternative care benefit.

Additional information

What is the annual deductible?
This Plan’s deductible is the amount of money that you pay first, before this Plan starts to pay. You’ll see that many services, especially preventive care, are covered by the Plan without you needing to meet the deductible. The individual deductible applies if you enroll without dependents. If you and one or more dependents enroll, the individual deductible applies for each member only until the family deductible has been met. Deductible expense is applied to the out-of-pocket limit.

In-network provider expense and out-of-network provider expense apply together toward your deductible.
What is the annual out-of-pocket limit?
The out-of-pocket limit is the most you’ll pay for covered medical expenses during the calendar year. Once the out-of-pocket limit has been met, the Plan will pay 100 percent of the allowed amounts for covered services for the rest of that calendar year. The individual out-of-pocket limit applies only if you enroll without dependents. If you and one or more dependents enroll, the individual out-of-pocket limit applies for each member only until the family out-of-pocket limit has been met. Be sure to check the Plan Document, as there are some charges, such as non-essential health benefits, penalties, and balance billed amounts that do not count toward the out-of-pocket limit.

In-network provider expense and out-of-network provider expense apply together toward your out-of-pocket limits. After the in-network out-of-pocket limit is met, the out-of-network provider expense continues to apply to the out-of-network out-of-pocket limit until the out-of-network out-of-pocket limit is met.

Payments to providers
Payment to providers is based on the prevailing or contracted PacificSource fee allowance for covered services. In-network providers accept the fee allowance as payment in full. Out-of-network providers are allowed to balance bill any remaining balance that this Plan did not cover. Services of out-of-network providers could result in out-of-pocket expense in addition to the percentage indicated.

Preauthorization
Coverage of certain medical services and surgical procedures requires a benefit determination by PacificSource before the services are performed. This process is called preauthorization. Preauthorization is necessary to determine if certain services and supplies are covered under this Plan, and if you meet the Plan’s eligibility requirements. Preauthorization does not change your out-of-pocket expense for in-network and out-of-network providers. You’ll find the most current preauthorization list on our website, PacificSource.com/member/preauthorization.aspx.

This is a brief summary of benefits. Refer to the Plan Document for additional information or a further explanation of benefits, limitations, and exclusions.

^ Co-pay applies to ER physician and facility charges only. Co-pay waived if admitted into hospital.

** Medically necessary services, medication, and supplies to manage diabetes during pregnancy from conception through six weeks postpartum will not be subject to a deductible, co-payment, or co-insurance.

*** Physical Therapy services performed by a Chiropractor will apply to the Outpatient Rehabilitation benefit and not apply under the alternative care benefit.

### Additional information

**What is the annual deductible?**

This Plan’s deductible is the amount of money that you pay first, before this Plan starts to pay. You’ll see that many services, especially preventive care, are covered by the Plan without you
needing to meet the deductible. The individual deductible applies if you enroll without dependents. If you and one or more dependents enroll, the individual deductible applies for each member only until the family deductible has been met. Deductible expense is applied to the out-of-pocket limit.

In-network provider expense and out-of-network provider expense apply together toward your deductible.

**What is the annual out-of-pocket limit?**
The out-of-pocket limit is the most you’ll pay for covered medical expenses during the calendar year. Once the out-of-pocket limit has been met, the Plan will pay 100 percent of the allowed amounts for covered services for the rest of that calendar year. The individual out-of-pocket limit applies only if you enroll without dependents. If you and one or more dependents enroll, the individual out-of-pocket limit applies for each member only until the family out-of-pocket limit has been met. Be sure to check the Plan Document, as there are some charges, such as non-essential health benefits, penalties, and balance billed amounts that do not count toward the out-of-pocket limit.

In-network provider expense and out-of-network provider expense apply together toward your out-of-pocket limits. After the in-network out-of-pocket limit is met, the out-of-network provider expense continues to apply to the out-of-network out-of-pocket limit until the out-of-network out-of-pocket limit is met.

**Payments to providers**
Payment to providers is based on the prevailing or contracted PacificSource fee allowance for covered services. In-network providers accept the fee allowance as payment in full. Out-of-network providers are allowed to balance bill any remaining balance that this Plan did not cover. Services of out-of-network providers could result in out-of-pocket expense in addition to the percentage indicated.

**Preauthorization**
Coverage of certain medical services and surgical procedures requires a benefit determination by PacificSource before the services are performed. This process is called preauthorization. Preauthorization is necessary to determine if certain services and supplies are covered under this Plan, and if you meet the Plan’s eligibility requirements. Preauthorization does not change your out-of-pocket expense for in-network and out-of-network providers. You’ll find the most current preauthorization list on our website, PacificSource.com/member/preauthorization.aspx.
VISION BENEFIT SUMMARY

The following shows the vision benefit available under this Plan for enrolled members for all covered vision exams, lenses, and frames when performed or prescribed by a licensed ophthalmologist or licensed optometrist. Co-payment and/or co-insurance for covered charges apply to the medical plan’s out-of-pocket limit.

If charges for a service or supply are less than the amount allowed, the benefit will be equal to the actual charge. If charges for a service or supply are greater than the amount allowed, the expense above the allowed amount is the member’s responsibility and will not apply toward the member’s medical plan deductible or out-of-pocket limit.

Benefit Limitations: enrolled members age 18 and younger

- One vision exam every calendar year (includes contact lens fitting).
- Vision hardware includes glasses (lenses and frames) and/or contacts.
- Corrective eye surgery is covered up to a lifetime maximum of $250 per eye. This includes reversals, revision, surgical procedures, and any complications.

Benefit Limitations: enrolled members age 19 and older

- One vision exam every calendar year (includes contact lens fitting).
- Vision hardware includes glasses (lenses and frames) and/or contacts.
- Corrective eye surgery is covered up to a lifetime maximum of $250 per eye. This includes reversals, revision, surgical procedures, and any complications.
- Lens tint is covered.
Exclusions

- Special procedures such as orthoptics or vision training.
- Special supplies such as plain sunglasses and subnormal vision aids.
- Plano contact lenses.
- Anti-reflective coatings and scratch resistant coatings.
- Nonprescription lenses.
- Visual analysis that does not include refraction.
- Services or supplies not listed as covered expenses.
- Eye exams required as a condition of employment, required by a labor agreement or government body.
- Expenses covered under any workers’ compensation law.
- Services or supplies received before this plan’s coverage begins or after it ends.
- Charges for services or supplies covered in whole or in part under any medical or vision benefits provided by the employer.
- Medical or surgical treatment of the eye (other than as specifically noted above).

Important information about your vision benefits

This Plan includes coverage for vision services. To make the most of those benefits, it’s important to keep in mind the following:

In-network Providers

PacificSource is able to add value to your vision benefits by contracting with a network of vision providers. Those providers offer vision services at discounted rates, which are passed on to you in your benefits.

Paying for Services

Please remember to show your current member ID card whenever you use this Plan’s benefits. Our provider contracts require in-network providers to bill us directly whenever you receive covered services and supplies. Providers will verify your vision benefits. In-network providers should not ask you to pay the full cost in advance. They may only collect your share of the expense up front, such as co-payments and amounts over your plan’s allowances. If you are asked to pay the entire amount in advance, tell the provider you understand they have a contract with PacificSource and they should bill PacificSource directly.

Sales and Special Promotions (sales and promotions are not considered insurance)

Vision retailers often use coupons and promotions to bring in new business, such as free eye exams, two-for-one glasses, or free lenses with purchase of frames. Because in-network providers already discount their services through their contract with
PacificSource, this Plan’s in-network provider benefits cannot be combined with any other discounts or coupons. You can use this Plan’s in-network provider benefits, or you can use this Plan’s out-of-network provider benefits to take advantage of a sale or coupon offer.

If you do take advantage of a special offer, the in-network provider may treat you as an uninsured customer and require full payment in advance. You can then send the claim to PacificSource yourself, and we will reimburse you according to this Plan’s out-of-network provider benefits.
PRESCRIPTION DRUG BENEFIT SUMMARY

Prescription Drug Benefit Maximum Out-of-Pocket amounts

<td>High Deductible Plan</td>
<td>$1,200</td>
<td>$3,200</td>
</tr>
</tbody>
</table>

Prescription Drug benefit co-payments/co-insurance will accumulate to the Prescription Drug benefit maximum out-of-pocket amount until the out-of-pocket amount, as shown above, is reached for the calendar year. Then, covered charges for Prescriptions Drug expenses incurred by a covered person will be payable at 100% for the remainder of the calendar year.

Prescription Drug co-payments/co-insurance amounts do not apply toward the medical maximum out-of-pocket amount.

Note: If the covered member’s physician prescribes a generic drug, but a brand name drug is purchased, the covered member must pay the copayment plus the difference in the generic and brand name cost.

The following will be covered at 100%, no co-payment required:

- Physician-prescribed tobacco cessation products or medications. Limited to a 168-day supply per calendar year of nicotine replacement products (nicotine patch, gum, lozenges) and a 168-day supply per calendar year of physician-prescribed medications (Zyban, Chantix).

- Physician-prescribed contraceptive methods (Food and Drug Administration (FDA) approved) including but not limited to oral contraceptive medications, transdermals, devices (diaphragms, cervical caps), vaginal contraceptives, and injectables. This also includes physician-prescribed over-the-counter (OTC) contraceptives (such as female condoms, spermicides, and sponges); for all covered female members with reproductive capacity. Refer to the medical section of this Plan Document, regarding additional coverage for intrauterine devices (IUDs), and implantables.

- Additional Physician-prescribed medications as recommended by the U.S. Preventive Services Task Force (USPSTF) grades A and B recommendations will be covered at 100%, no prescription co-payment, co-insurance or deductible will be required, and will only be available when utilizing an in-network pharmacy.
Please note, the USPSTF grades A and B recommendations are subject to change as new medications become available and other recommendations may change. Coverage of new recommended medications will be available following the one (1) year anniversary date of the adoption of the USPSTF grade A and B recommendation.

Refer to the following link for more information regarding USPSTF grade A and B recommendations or contact Northwest Pharmacy Services at (800) 998-2611 for more information regarding which medications are available. Note: Age and/or quantity limitations may apply.

http://www.uspreventiveservicestaskforce.org/Page/Name/uspstf-a-and-b-recommendations

Additional information on Prescription Drug coverage may be found in the Prescription Drug Benefit section of this Plan Document.
BECOMING COVERED

Who Pays for Your Benefits

Deschutes County shares the cost of employee and dependent coverage under this Plan with the covered employees. This authorization must be filled out, signed and returned with the enrollment application.

The level of any employee contributions is set by the Plan Sponsor. The Plan Sponsor reserves the right to change the level of employee contribution.

In addition, the deductibles, co-payment amounts, and/or co-insurance may also change periodically. You will be notified by your Plan Sponsor of any changes in the cost this Plan's coverage before they take effect.

Employees

Your status as an Employee is determined by the employment records maintained by the Plan Sponsor. Workers classified by the Plan Sponsor as independent contractors are not eligible for coverage under this Plan under any circumstances. The Plan Sponsor decides the minimum number of hours employees must work each week to be eligible for health benefits. The Plan Sponsor may also require new employees to satisfy a waiting period before they are eligible for benefits. The Plan Sponsor’s eligibility requirements, including the length of the waiting period are shown in your Medical Benefit Summary. All employees who meet those requirements are eligible for coverage.

Family members

While you are covered under this Plan, the following family members are also eligible for coverage:

- Your legal spouse or your domestic partner.
- Your, your spouse’s, or your domestic partner’s natural or step children under age 26 regardless of the child’s place of residence, marital status, or financial dependence on you.
- Your, your spouse’s, or your domestic partner’s unmarried dependent children age 26 or over who are mentally or physically disabled. To qualify as dependents, they must have been continuously unable to support themselves since turning age 26 because of a mental or physical disability. The Plan Sponsor requires documentation of the disability from the child’s physician, and will review the case before determining eligibility for coverage.
- A child placed for adoption with you, your spouse, or your domestic partner. ‘Placed for adoption’ means the assumption and retention by you, your spouse, or domestic partner of a legal obligation for full or partial support and care of the child in anticipation of adoption of the child. Coverage will continue assuming continued eligibility under this Plan unless placement is disrupted prior to legal adoption and the child is removed from placement.
- A foster child placed with you, your spouse, or your domestic partner. Placed means an individual who is placed by an authorized placement agency or by judgment, decree, or other order of any court of competent jurisdiction. Coverage will continue assuming continued eligibility under this Plan unless placement is disrupted and the child is removed from placement.
A child placed in your, your spouse’s, or your domestic partner’s guardianship. To be eligible for coverage, the child must be unmarried; not in a domestic partnership; under age 26; and for whom you are the court appointed legal custodian or guardian with the expectation the child will live in your household for at least a year.

No family or household members other than those listed above are eligible to enroll under your coverage.

No person can be covered both as an employee and as a dependent, or as a dependent of more than one employee. Separate enrollments for employees that are married or are in a domestic partnership will not be allowed. The employee who is employed the longest with Deschutes County must enroll his or her spouse, domestic partner and any other eligible dependents.

However, if both the mother and father are Employees of COIC, their children will be covered as Dependents of the mother and father.

In cases where the mother or father is an Employee of Deschutes County and the mother or father is an Employee of COIC, their children will be covered as Dependents of the mother and father.

To be eligible, the family or household member must permanently reside within the United States.

Special Rules for Eligibility

At any time the Plan Administrator may require proof that a person qualifies, or continues to qualify, as a dependent as defined by this Plan.

ENROLLING DURING THE INITIAL ENROLLMENT PERIOD

Once you satisfy the Plan Sponsor’s waiting period, and meet the hours required for eligibility, you and your eligible family members become eligible for this Plan. Starting on the date you become eligible, you and your family members have 31 days to enroll. The Plan Sponsor calls this 31 day window the initial enrollment period. To enroll you must submit the completed enrollment application to the Plan Sponsor.

If you miss your initial enrollment period, you will not be able to enroll in the Plan later in the year, unless you have a special circumstance, called a ‘qualifying event’. (For more information, see ‘Special Enrollment Periods’ and ‘Late Enrollment’ under the Enrolling After the Initial Enrollment Period section.)

Coverage for you and your enrolling family members begins after you satisfy the Plan Sponsor’s waiting period. The length of the waiting period is stated in your Medical Benefit Summary. Coverage will only begin if the Plan Sponsor receives your enrollment information, and forwards it to PacificSource.

Employees who were determined eligible for coverage during the applicable measurement period (and their eligible dependents) may enroll in the Plan the first day of the first full calendar month of the following stability period, as defined by the ACA. Employees will be credited for time previously satisfied toward the employment Waiting Period.

ENROLLING NEW FAMILY MEMBERS

Newborns

Your newborn child will be automatically enrolled from the date of birth for 31 days. To enroll your child beyond 31 days, the Plan Sponsor must receive your enrollment change
within 31 days of the child’s birth. A claim for maternity care is not considered notification for the purpose of enrolling a newborn child. The Plan Sponsor may ask for legal documentation to confirm validity.

In the case of a newborn of a dependent child, they will be automatically enrolled from the date of birth for 31 days. In order to enroll the child beyond 31 days, guardianship must be given to the employee on the Plan, and the Plan Sponsor must receive your enrollment change within 31 days of the child’s birth.

In the case of a newborn of a male dependent child, the employee must supply proof of paternity (at the Plan’s expense).

**Adopted Children**

Your adopted child is eligible from the date of birth, placement, or finalization for 31 days. To enroll your child, the Plan Sponsor must receive your enrollment change within 31 days of the birth, placement, or finalization. Coverage for your new family members will begin on the date of birth, placement, or finalization. The Plan Sponsor may ask for legal documentation to confirm validity. If your adopted child is older than age 18 at the time of placement or finalization, they may not be enrolled in this Plan.

**Foster Children**

When a foster child is placed in your home, you have 31 days from the date of placement to enroll them on the Plan. To enroll the child, the Plan Sponsor must receive your enrollment change within 31 days of the placement. Coverage for your new family members will begin on the date of placement. The Plan Sponsor may ask for legal documentation to confirm validity.

**Family Members Acquired by Marriage**

If you marry, you have 31 days from the date of the marriage to add your new spouse and any newly eligible dependent children on this Plan. The Plan Sponsor must receive your enrollment change from you within 31 days of the marriage. If the enrollment change is received prior to the date of marriage, coverage for your new family members will begin on the date of marriage. If the enrollment form is received after the date of marriage but within the 31 day enrollment period, coverage will begin on the first day of the month after the date of the marriage. The Plan Sponsor may ask for legal documentation to confirm validity.

**Family Members Acquired by Domestic Partnership**

If you and your domestic partner have been issued a Certificate of Registered Domestic Partnership, your domestic partner and your partner’s dependent children are eligible for coverage during the 31 day enrollment period after the registration of the domestic partnership. The Plan Sponsor must receive your enrollment change during the enrollment period. Coverage for your new family members will then begin on the first day of the month after the date of the registration of the domestic partnership. The Plan Sponsor may ask for legal documentation to confirm validity.

**Family Members Placed in Your Guardianship**

If a court appoints you custodian or guardian of an eligible dependent child, you have 31 days from the court appointment to enroll them in this Plan. The Plan Sponsor must receive your enrollment change and any additional contribution from you within 31 days of the court appointment. Coverage will then begin on the first day of the month after the date of the court appointment. The Plan Sponsor may ask for legal documentation to confirm validity. When
the court order terminates or expires, the child is no longer eligible for coverage under this Plan.

**Qualified Medical Child Support Orders**

This Plan complies with qualified medical child support orders (QMCSO) issued by a state court or state child support agency. A QMCSO is a judgment, decree, or order, including approval of a settlement agreement, which provides for health benefit coverage for the child of a member of this Plan.

If a court or state agency orders coverage for your spouse, domestic partner, or child, you have 31 days from the date of the court order to enroll them in this Plan. The Plan Sponsor must receive your enrollment change and any additional contribution from you within 31 days of the court order. Coverage will become effective on the first day of the month after the date of the court order. The Plan Sponsor may ask for legal documentation to confirm validity.

**ENROLLING AFTER THE INITIAL ENROLLMENT PERIOD**

**Returning to Work after a Layoff or Termination**

If you are laid off or terminated, and then rehired by the Plan Sponsor within six months, you will not have to satisfy another waiting period.

Your health coverage will resume the first day of the month after you return to work and again meet the Plan Sponsor’s minimum hour requirement. If your family members were covered before your layoff or termination, they can resume coverage at that time as well. You must re-enroll your family members by submitting your enrollment change within the 31 day enrollment.

**Returning to Work after a Leave of Absence**

If you return to work after a Plan Sponsor-approved leave of absence of six months or less, you will not have to satisfy another waiting period.

Your health coverage will resume the first day of the month after you return to work and again meet the Plan Sponsor’s minimum hour requirement. If your family members were covered before your leave of absence, they can resume coverage at that time as well. You must re-enroll your family members by submitting your enrollment application to the Plan Sponsor within the 31 day initial enrollment period following your return to work.

**Returning to Work after Family Medical Leave**

If the Plan Sponsor employs 50 or more people, it is probably subject to the Family Medical Leave Act (FMLA). To find out if you have rights under FMLA, contact your Human Resources Department or health Plan Administrator. Under FMLA, if you return to work after a qualifying FMLA medical leave, you will not have to satisfy another waiting period under this Plan. Your health coverage will resume the day you return to work and meet your employer’s minimum hour requirement. If your family members were covered before your leave, they can resume coverage at that time as well. You must re-enroll your family members by submitting an enrollment change to the Plan Sponsor within the 31 day initial enrollment period following your return to work.
**STATUS CHANGE**

*Part-time to full-time conversion*

Part-time employees who have waived coverage and then become a full-time employee or have a significant increase in work hours (minimum of 25%) may elect to enroll in the Standard Plan at that time. You may enroll by submitting an enrollment change to the Plan Sponsor within the 31 days following the change in your employment status. Coverage is effective the first of the month following the receipt of the application.

Part-time employees who are enrolled in the High Deductible Plan option who then become full-time employees may either waive continuation of coverage or enroll in the Standard Plan option at that time. You may enroll by submitting an enrollment change to the Plan Sponsor within the 31 days following the change in your employment status. Coverage will become effective the first day of the calendar month following or coinciding with the date the employee is considered a full-time employee.

If a part-time employee’s hours are reduced by a Deschutes County approved temporary reduction in hours, coverage will continue without termination.

*Full-time to part-time conversion*

Full-time employees who have been covered under the Standard Plan and then become part-time employees or have a significant decrease in work hours (minimum of 25%) may elect to waive continuation of coverage or enroll in the High Deductible Plan option at that time. You may enroll by submitting an enrollment change to the Plan Sponsor within the 31 days following the change in your employment status. Coverage will become effective the first day of the calendar month following or coinciding with the date the employee is considered a part-time employee.

Full-time hourly employees who were covered under the Standard Plan and who experience a change in job status to a part-time position of less than 20 hours per week while in a stability period may continue coverage in the Standard Plan for 3 calendar months following the job status change, if the employee continues to work in the part-time position and is on the employer’s payroll for that work. The employee may also choose to enroll in the High Deductible Plan option at the time of the job status change. You may enroll by submitting an enrollment change to the Plan Sponsor within the 31 days following the change in your employment status. Coverage will become effective the first day of the calendar month following or coinciding with the date the employee is considered a part-time employee. Starting with the fourth calendar month, the employee’s eligibility will be determined on a month-to-month basis for the remainder of the stability period.

*Employment transfer between COIC and Deschutes County*

Employees who were employed by COIC and transfer their employment to Deschutes County or vice versa, will not have to re-serve the waiting period.

*Special Enrollment Periods*

You and your family members may decline coverage during your initial enrollment period. To find out if this Plan allows employees to decline coverage, ask your Plan Sponsor. If you wish to do so, you must submit a completed Waiver of Coverage form to the Plan Sponsor. You and your family members may enroll in this Plan later if you qualify under the Special Enrollment Rules below.
Retirees and COBRA members may waive coverage for any reason. However, if they waive coverage, they will not be able to re-enroll at a future date.

If you enroll during your initial enrollment period, your family members may decline coverage, and they may enroll in the Plan later if they qualify under the Special Enrollment Rules below. Employees are allowed to waive medical coverage and enroll in dental only if the employee has an eligible waiver.

All special enrollment provisions assume that the employee has satisfied any periods required and each individual is eligible as stated in this Plan Document.

- **Special Enrollment Rule #1**

  If you declined enrollment for yourself or your family members because of other health coverage or there was a change in contribution, you or your family members may enroll in the Plan later if the other coverage ends. To do so, you must submit a completed enrollment application to the Plan Sponsor within 31 days after the other health coverage ends (or within 60 days after the other health coverage ends if the other coverage is through Medicaid or a State Children’s Health Insurance Program). Coverage will begin on the first day of the month following the receipt of the completed enrollment application.

- **Special Enrollment Rule #2**

  If you acquire new family members because of marriage, domestic partnership, birth, placement of foster child, or placement or finalization for adoption, you may be able to enroll yourself and/or your eligible family members at that time. To do so, you must submit a completed enrollment application to the Plan Sponsor within 31 days after the marriage, qualification of the domestic partnership, birth, placement of foster child, or placement for adoption. In the case of marriage or domestic partnership, coverage begins on the first day of the month after the marriage or qualification of the domestic partnership. In the case of birth, placement of foster child, placement or finalization for adoption, coverage begins on the date of birth or placement. In the case of marriage, if the enrollment application/change is received prior to the date of marriage, coverage will begin on the marriage date.

- **Special Enrollment Rule #3**

  If you or your family members become eligible for a premium assistance subsidy under Medicaid or a state Children’s Health Insurance Program (CHIP), you may be able to enroll yourself and/or your family members at that time. To do so, you must submit a completed enrollment application to the Plan Sponsor within 60 days of the date you and/or your family members become eligible for such assistance. Coverage will begin on the first day of the month after becoming eligible for such assistance.

**Late Enrollment**

*If you did not enroll during your initial enrollment period and you do not qualify for a special enrollment period, your enrollment will be delayed until the Plan’s next designated open enrollment period.*

A ‘late enrollee’ is an otherwise eligible employee or family member who does not qualify for a special enrollment period explained above, and who:

- Did not enroll during the initial enrollment period; or
- Enrolled during the initial enrollment period but discontinued coverage later.
A late enrollee may enroll by submitting a completed enrollment application to the Plan Sponsor during the open enrollment period. When you or your family members enroll during the open enrollment period, coverage becomes effective the first day of the contract year.

The annual open enrollment period is every November, during a two week period to be determined annually. Employees and their dependents who are late enrollees or who are otherwise eligible for coverage under the Plan will be able to enroll in the Plan. Benefit choices for late enrollees made during the open enrollment period will become effective January 1st. Plan participants will receive detailed information regarding open enrollment from their employer.

**PLAN SELECTION PERIOD**

If the Plan Sponsor offers more than one benefit plan, you may choose another plan option only upon this Plan’s anniversary date. You may select a different plan option by completing a selection form or application form and submitting it to the Plan Sponsor. Coverage under the new plan option becomes effective on this Plan’s anniversary date.

**WHEN COVERAGE ENDS**

If you leave your job for any reason or your work hours are reduced below the Plan Sponsor’s minimum requirement, coverage for enrolled individuals will end. Coverage ends on the last day of the last month in which you worked full time. You may, however, be eligible to continue coverage for a limited time. (See Continuation of Coverage section.)

**Divorced Spouses**

If you divorce, coverage for your spouse will end on the last day of the month in which the divorce decree or legal separation is final. You must notify the Plan Sponsor of the divorce or separation, and continuation coverage may be available for your spouse. If there are special child custody circumstances, contact the Plan Sponsor. (See Continuation of Coverage section.)

**Dependent Children**

When your enrolled child no longer qualifies as a dependent, their coverage will end on the last day of the month they become ineligible. Please see Eligibility in the Becoming Covered section for information on when your dependent child is eligible. The Continuation of Coverage section includes information on other coverage options for those children who no longer qualify for coverage. (See Continuation of Coverage section.)

If two employees are covered under the Plan and the employee who is covering the dependent children terminates coverage, the dependent child may be continued by the other covered employee with no waiting period as long as coverage has been continuous.

**Dissolution of Domestic Partnership**

If you dissolve your domestic partnership, coverage for your domestic partner and their children not related to you by birth or adoption will end on the last day of the month in which the dissolution of the domestic partnership is final. You must notify your employer of the dissolution of the domestic partnership. Domestic partners and their covered children are not recognized as qualified beneficiaries under federal COBRA continuation laws. Domestic partners and their covered children may not continue this Plan’s coverage under COBRA independent of the employee. See Continuation of Coverage section.
CONTINUATION OF COVERAGE

Under applicable state and federal laws, you and your covered family members may have the right to continue this Plan’s coverage for a specified time. You and your family members may be eligible if:

- Your employment ends or you have a reduction in hours;
- You take a leave of absence for military service;
- You divorce;
- You die;
- You become eligible for Medicare benefits if it causes a loss of coverage for your family members; or
- Your children no longer qualify as dependents.

The following sections describe your rights to continuation under applicable state and federal laws, and the requirements you must meet to enroll in continuation coverage.

CONTINUATION DUE TO PLAN SPONSOR APPROVED PAID ADMINISTRATIVE LEAVE OF ABSENCE, DISABILITY, OR LEAVE OF ABSENCE

A person may remain eligible for a limited time if active, full-time work ceases due to disability, employer-certified leave of absence, or paid administrative leave.

For disability or employer-certified leave of absence, this continuance will remain in effect until the end of the three calendar month period that next follows the month in which the person last worked as an active employee.

For paid administrative leave, continuance will remain in effect until the date the employer, in its sole discretion, ends the continuance.

While continued, coverage will be that which was in force on the last day worked as an active employee. However, if benefits reduce for others in the class, they will also reduce for the continued person.

If you return to work after a Plan Sponsor-approved paid administrative leave of absence, you will not have to satisfy another waiting period.

USERRA CONTINUATION

If you take a leave of absence from your job due to military service, you have continuation rights under the Uniformed Services Employment and Re-employment Rights Act (USERRA).

You and your enrolled family members may continue this Plan’s coverage if you, the employee, no longer qualify for coverage under the Plan because of military service. Continuation coverage under USERRA is available for up to 24 months while you are on military leave. If your military service ends and you do not return to work, your eligibility for USERRA continuation coverage will end. Premium for continuation coverage is your responsibility.
The following requirements apply to USERRA continuation:

- Only family members who were enrolled in this Plan can take continuation. The only exceptions are newborn babies and newly acquired eligible family members not covered by another group health plan.

- To apply for continuation, you must submit a completed Continuation Election form to the Plan Sponsor within 60 days after the last day of coverage under this Plan.

- You must pay continuation premium to the Plan Sponsor by the first of each month. PacificSource cannot accept the premium directly from you.

- The Plan Sponsor must still be self-insured. If the Plan Sponsor discontinues this Plan, you will no longer qualify for continuation.

**SURVIVING OR DIVORCED SPOUSES OR DOMESTIC PARTNERS**

If your group has 20 or more employees, or this Plan has 20 or more subscribers, and you die, divorce, or dissolve your domestic partnership, and your spouse or domestic partner is 55 years or older, your spouse or domestic partner may be able to continue coverage until eligible for Medicare or other coverage. Dependent children are subject to the Plan’s age and other eligibility requirements. Some restrictions and guidelines apply; please see your Plan Sponsor for specific details.

**COBRA CONTINUATION**

This Plan is subject to the continuation of coverage provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) as amended. To find out if you have continuation rights under COBRA, ask your Human Resources Department or health Plan Administrator.

**COBRA Eligibility**

A ‘qualifying event’ is the event that causes your regular group coverage to end and makes you eligible for continuation coverage. When the following qualifying events happen, you may continue coverage for the lengths of time shown:

<table>
<thead>
<tr>
<th>Qualifying Event</th>
<th>Continuation Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employee’s termination of employment or reduction in hours</td>
<td>Employee, spouse, and children may continue for up to 18 months¹</td>
</tr>
<tr>
<td>Employee’s divorce</td>
<td>Spouse and children may continue for up to 36 months²</td>
</tr>
<tr>
<td>Employee’s eligibility for Medicare benefits if it causes a loss of coverage</td>
<td>Spouse and children may continue for up to 36 months</td>
</tr>
<tr>
<td>Employee’s death</td>
<td>Spouse and children may continue for up to 36 months²</td>
</tr>
<tr>
<td>Child no longer qualifies as a dependent</td>
<td>Child may continue for up to 36 months²</td>
</tr>
</tbody>
</table>

¹ If the employee or covered family member is determined disabled by the Social Security Administration prior to or within the first 60 days of COBRA coverage, all qualified beneficiaries may continue coverage for up to 29 months.

² The total maximum continuation period is 36 months, even if there is a second qualifying event. A second qualifying event might be a divorce, death, or child no longer qualifying as a dependent after the employee’s termination or reduction in hours.

If your family members were not covered prior to your qualifying event, they may enroll in the continuation coverage while you are on continuation. They will be subject to the same rules that apply to active employees, including the late enrollment waiting period.
If your employment is terminated for gross misconduct, you and your family members are not eligible for COBRA continuation.

Domestic partners and their covered children may not continue this Plan’s coverage under COBRA independent of the employee.

**When Continuation Coverage Ends**

Your continuation coverage will end before the end of the continuation period above if any of the following occur:

- Your continuation premium is not paid on time.
- You become entitled to Medicare benefits.
- The Plan Sponsor discontinues this Plan and no longer offers a group health plan to any of its employees.
- Your continuation period was extended from 18 to 29 months due to disability, and you are no longer considered disabled.

**Type of Coverage**

Under COBRA, you may continue any coverage you had before the qualifying event. If the Plan Sponsor provides both medical and dental coverage and you were enrolled in both, you may continue both medical and dental. If the Plan Sponsor provides only one type of coverage, or if you were enrolled in only one type of coverage, you may continue only that coverage.

COBRA continuation benefits are always the same as your employer’s current benefits. The Plan Sponsor has the right to change the benefits of this Plan or eliminate the Plan entirely. If that happens, any changes to the Plan will also apply to everyone enrolled in continuation coverage.

**Your Responsibilities and Deadlines**

You must notify the Plan Sponsor within 60 days if you divorce, or if your child no longer qualifies as a dependent. That will allow the Plan Sponsor to notify you or your family members of your continuation rights.

When the Plan Sponsor learns of your eligibility for continuation, it will notify you of your continuation rights and provide a Continuation Election form. You then have 60 days from that date or 60 days from the date coverage would otherwise end, whichever is later, to enroll in continuation coverage by submitting a completed Continuation Election form to the Plan Sponsor. If continuation coverage is not elected during that 60 day period, coverage will end on the last day of the last month you were an active employee, or when your family member lost eligibility.

If you fail to provide the Plan Sponsor with the Continuation Election form in the required timeframe, then the Plan Sponsor’s obligation to provide you with COBRA coverage will end. PacificSource does not accept any liability for any failure, on your part or the part of the Plan Sponsor, to provide required notices or coverage.
**Continuation Premium**

Enrolled individuals are responsible for the full cost of continuation coverage. The Plan Sponsor uses the services of a third party COBRA administrator to collect premium for continuation coverage. Please see the Plan Sponsor for more information about the Plan’s COBRA administrator. The monthly premium must be paid to the Plan Sponsor’s COBRA administrator. You may make your first premium payment any time within 45 days after you return your Continuation Election Form to the Plan Sponsor’s COBRA administrator. After the first premium payment, each monthly payment must reach the Plan Sponsor’s COBRA administrator within 30 days of your premium due date. If the COBRA administrator does not receive your continuation premium on time, continuation coverage will end. If your coverage is canceled due to a missed payment, it will not be reinstated for any reason. It is solely your responsibility to ensure that the COBRA administrator receives the premium on time. Premium rates are established annually and may be adjusted if the Plan’s benefits or costs change.

**Keep Your Plan Sponsor Informed of Any Address Changes**

It is your responsibility to ensure that you keep the Plan Sponsor informed of any changes in your mailing address, and the mailing address of any dependents covered by your health coverage. You should also keep a copy of any notices you send to the Plan Sponsor along with proof of transmission or mailing.

**CONTINUATION WHEN YOU RETIRE**

Continuation upon retirement is based on meeting all the retirement requirements set forth in your employment agreement with your Plan Sponsor

- You must be receiving benefits from PERS (Public Employee Retirement System) or from a similar retirement Plan offered by your Plan Sponsor;

- You must have been continuously covered under the group’s Plan for at least 24 consecutive months prior to the retirement, unless otherwise indicated by a management/labor agreement.

Retired employees must elect Retiree coverage within 30 days of the date of their retirement or loss of other Deschutes County coverage to be eligible for this coverage.

Only those dependents who are enrolled under this Plan at the time the employee retired are eligible to continue coverage under this Plan as the retiree’s dependents. A covered retiree may only add a newborn child, adopted child or child placed for adoption, or a foster child after his/her retirement date.

If you become eligible for PERS while enrolled in COBRA due not being at work because of disability, you can elect to re-enroll as a retired employee only under this Plan. You must request re-enrollment within 6 months of PERS eligibility.

**Your continuation coverage will end when any one of the following occurs:**

When a retired employee’s coverage terminates. Retired employee coverage will terminate on the earliest of these dates:

- The date the Plan is terminated;

- The date the covered retired employee’s eligible class is eliminated;
- The first day of the calendar month the covered retired employee becomes eligible for Medicare;
- The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due or
- As otherwise specified in the Eligibility section of the Plan.

Your family member’s continuation of coverage will end when any one of the following occurs:

When Dependent Coverage, of a Retired Employee, Terminates.

When a retired employee’s coverage terminates under this Plan due to reaching age 65 or becoming entitled to Medicare, his/her dependents may remain eligible for benefits until the dependent’s coverage terminates as outlined below. The Plan Sponsor must be notified that the dependent coverage is to continue within 31 days of the retired employee’s termination. A retired employee’s dependent’s coverage will terminate on the earliest of these dates:

- The last day of the calendar month the Plan or dependent coverage under the Plan is terminated;
- On the last day of the calendar month a covered spouse or domestic partner of a retired employee loses coverage due to loss of dependency status. (See the Continuation of Coverage section.)
- The first day of the month the covered dependent spouse or domestic partner becomes entitled to Medicare;
- On the last day of the calendar month that a dependent child ceases to be a dependent as defined by the Plan. (See the Continuation of Coverage section.)
- The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due; or
- As otherwise specified in the Eligibility section of the Plan.

WORK STOPPAGE

Labor Unions

If an employee is employed under a collective bargaining agreement and involved in a work stoppage because of a strike or lockout, coverage may be continued for up to six months. The employee must pay the full contribution, including any part usually paid by the employer, directly to the union or trust that represents him or her. The union or trust must continue to pay the contributions on the due date. Coverage cannot be continued if fewer than 75% of those normally enrolled continue coverage or if the employee or dependent(s) otherwise lose eligibility under the Plan. This six months of continued coverage is in lieu of and not in addition to any continuation of coverage provisions of the Plan.

USING THE PROVIDER NETWORK

This section explains how this Plan’s benefits differ when you use an in-network or out-of-network providers and explains how we apply the reimbursement rate. This information is not meant to prevent you from seeking treatment from any provider if you are willing to take
increased financial responsibility for the charges incurred. Your network name is listed at the beginning of the Medical Benefit Summary.

All healthcare providers are independent contractors. Neither the Plan Sponsor nor PacificSource can be held liable for any claim for damages or injuries you experience while receiving medical care.

**IN-NETWORK PROVIDERS**

In-network providers contract with PacificSource to furnish medical services and supplies to members enrolled in this Plan for a set fee. That fee is called the contracted allowable fee. In-network providers agree not to charge more than the contracted allowable fee. In-network providers bill PacificSource directly, and are paid directly. When you receive covered services or supplies from an in-network provider, you are only responsible for the amounts stated in your Medical Benefit Summary. Depending on the terms of this Plan, those amounts can include deductibles, co-payments, and/or co-insurance payments.

PacificSource contracts directly and/or indirectly with in-network providers throughout their service area. They also have agreements with nationwide provider networks. These providers outside the service area are also considered PacificSource in-network providers under this Plan.

It is not safe to assume that when you are treated at an in-network medical facility, all services are performed by in-network providers. Whenever possible, you should arrange for professional services such as surgery and anesthesiology, to be provided by an in-network provider. Doing so will help you maximize your benefits and limit your out-of-pocket expenses.

*Risk-sharing Arrangements*

By agreement, an in-network provider may not bill a member for any amount in excess of the contracted allowable fee. However, the agreement does not prohibit the provider from collecting co-payments, deductibles, co-insurance, and amounts for non-covered services from the member.

**OUT-OF-NETWORK PROVIDERS**

When you receive services or supplies from an out-of-network provider, your out-of-pocket expense is likely to be higher than if you had used an in-network provider. If the same services or supplies are available from an in-network provider to whom you have reasonable access (explained in the next section), you may be responsible for more than the deductibles, co-payments, and/or co-insurance amounts stated in your Medical Benefit Summary.

*Allowable Fee for Out-of-network Providers*

To maximize this Plan’s benefits, always make sure your healthcare provider is an in-network provider on PacificSource’s network. Do not assume all services at an in-network facility are performed by in-network providers.

PacificSource, as your Third Party Administrator, bases payment to out-of-network providers on the ‘allowable fee’ which is derived from several sources, depending on the service or supply and the geographical area where it is provided. The allowable fee may be based on data collected from the Centers for Medicare and Medicaid Services (CMS), contracted vendor, other nationally recognized databases, or PacificSource, as documented in PacificSource’s payment policy.
In PacificSource’s service area the allowable fee for professional services is based on PacificSource’s standard out-of-network provider reimbursement rate. Outside the PacificSource service area and in areas where members do not have reasonable access to an in-network provider through one of the third party provider networks, the allowable fee, depending upon the service and supply, can be based on data collected from PacificSource or other nationally recognized databases. If the service is based on the usual, customary, and reasonable charge (UCR) PacificSource will utilize the 85th percentile. UCR is based on data collected for a geographic area. Provider charges for each type of service are collected and ranked from lowest to highest. Charges at the 85th position in the ranking are considered to be the 85th percentile.

To calculate the payment to out-of-network providers, PacificSource determines the allowable fee then subtracts the out-of-network provider benefits shown in the Out-of-network Provider column of your Medical Benefit Summary. The allowable fee is often less than the out-of-network provider’s charge. In that case, the difference between the allowable fee and the provider’s billed charge is also your responsibility. That amount does not count toward this Plan’s out-of-pocket maximum. It also does not apply toward any deductibles or co-payments required by the Plan.

To maximize this Plan’s benefits, please check with PacificSource before receiving care from an out-of-network provider. Their Customer Service team can help you locate an in-network provider in your area.

**Example of Provider Payment**

The following illustrates how payment could be made for covered service in three different settings: with a Tier One in-network provider, Tier Two in-network provider, and with an out-of-network provider. This is only an example; this Plan’s benefits may be different.

<table>
<thead>
<tr>
<th>Provider’s usual charge</th>
<th>Tier one In-network Provider</th>
<th>Tier two In-network Provider</th>
<th>Out-of-network Provider</th>
</tr>
</thead>
<tbody>
<tr>
<td>$120</td>
<td>$120</td>
<td>$120</td>
<td></td>
</tr>
<tr>
<td>Billed charge after negotiated provider discounts</td>
<td>$100</td>
<td>$100</td>
<td>$120</td>
</tr>
<tr>
<td>PacificSource’s allowable fee</td>
<td>$100</td>
<td>$100</td>
<td>$100</td>
</tr>
<tr>
<td>Allowable fee less patient co-insurance</td>
<td>$80</td>
<td>$70</td>
<td>$50</td>
</tr>
<tr>
<td>Percent of payment</td>
<td>80%</td>
<td>70%</td>
<td>50%</td>
</tr>
<tr>
<td>This Plan’s payment</td>

</tr>
</tbody>
</table>

**Patient’s responsibility:**

| Co-insurance              | 20%     | 30%     | 50%     |
| Patient’s amount of allowable fee | $20     | $30     | $50     |
| Difference between allowable fee and billed charge after discounts | $0      | $0      | $20     |
Patient’s total responsibility to the provider | $20 | $30 | $70

COVERAGE WHILE TRAVELING

This Plan is powered by the network shown at the beginning of the Medical Benefit Summary. You can save out of pocket expense by using an in-network provider in your service area. When you need medical services outside of your network, you can save out-of-pocket expense by using the in-network providers identified on the website at providerdirectory.pacificsource.com.

Nonemergency Care While Traveling

To find an in-network provider outside the regions covered by your network, go to the providerdirectory.pacificsource.com website. Nonemergency care outside of the United States is not covered.

- If an in-network provider is available in your area, the Plan’s in-network provider benefits will apply if you use an in-network provider.
- If an in-network provider is available but you choose to use an out-of-network provider, this Plan’s out-of-network provider benefits will apply.

Emergency Services While Traveling

In medical emergencies (see the Covered Expenses – Emergency Services section of this Plan Document), this Plan pays benefits at the in-network provider level regardless of your location. Your covered expenses are based on our allowable fee. If you are admitted to a hospital as an inpatient following the stabilization of your emergency condition, your physician or hospital should contact the PacificSource Health Services team at (888) 691-8209 as soon as possible to make a benefit determination on your admission. If you are admitted to an out-of-network hospital, this Plan may require you to transfer to an in-network facility once your condition is stabilized in order to continue receiving benefits at the in-network provider level.

FINDING IN-NETWORK PROVIDER INFORMATION

You can find up-to-date in-network provider information:

- By asking your healthcare provider if they are an in-network provider for your network.
- On the PacificSource website, provider directory PacificSource.com. Go to ‘Find a Doctor or Drug’ to easily look up in-network providers, specialists, behavioral health providers, and hospitals. You can also print your own customized directory.
- By contacting the PacificSource Customer Service Team, their staff can answer your questions about specific providers.

TERMINATION OF PROVIDER CONTRACTS

PacificSource, on behalf of the Plan Sponsor, will use its best efforts to notify you within 30 days of learning about the termination of a provider’s contractual relationship if you have received services in the previous six months from such a provider when:
A provider terminates a contractual relationship with PacificSource in accordance with the terms and conditions of the provider’s agreement;

A provider terminates a contractual relationship with an organization under contract with PacificSource; or

PacificSource terminates a contractual relationship with an individual provider or the organization with which the provider is contracted in accordance with the terms and conditions of the agreement.

Note: On the date a provider’s contract with PacificSource terminates, they become an out-of-network provider and any services you receive from them will be paid at the percentage shown in the ‘Out-of-network Provider’ column of your Medical Benefit Summary. To avoid unexpected costs, be sure to verify each time you see your provider that they are still in-network in the network.

You may be entitled to continue care with an individual provider for a limited period of time after the medical services contract terminates. Contact Customer Service for additional information.

**COVERED EXPENSES**

*Understanding Medical Necessity*

This Plan provides comprehensive medical coverage when care is medically necessary to treat an illness, injury, or disease. Be careful – just because a treatment is prescribed by a healthcare professional does not mean it is medically necessary under the terms of this Plan. Also remember that just because a service or supply is a covered benefit under this Plan does not necessarily mean all billed charges will be paid.

Medically necessary services and supplies that are excluded from coverage under this Plan can be found in the Benefit Limitations and Exclusions section of this Plan Document, as well as the section on Preauthorization. If you ever have a question about this Plan’s benefits, contact the Plan Administrator or the PacificSource Customer Service team.

*Understanding Experimental, Investigational, or Unproven Services*

Except for specified Preventive Care services, the benefits of this Plan are paid only toward the covered expense of medically necessary diagnosis or treatment of illness, injury, or disease. This is true even though the service or supply is not specifically excluded. All treatment is subject to review for medical necessity. Review of treatment may involve prior approval, concurrent review of the continuation of treatment, post-treatment review or any combination of these. For additional information, see ‘medically necessary’ in the Definitions section of this Plan Document.

*Be careful. Your healthcare provider could prescribe services or supplies that are not covered under this Plan. Also, just because a service or supply is a covered benefit does not mean all related charges will be paid.*

New and emerging medical procedures, medications, treatments, and technologies are often marketed to the public or prescribed by physicians before FDA approval, or before research is available in qualified peer-reviewed literature to show they provide safe, long-term positive outcomes for patients.
To ensure you receive the highest quality care at the lowest possible cost, PacificSource reviews new and emerging technologies and medications on a regular basis and consults with the Plan Sponsor about what procedures, technologies and medications should be covered under the terms of the Plan. The Plan Sponsor has sole and complete authority to determine what is and is not covered under the terms of the Plan.

**Eligible Healthcare Providers**

This Plan provides benefits only for covered expenses and supplies rendered by a physician (M.D. or D.O.), Nurse Practitioner, hospital or specialized treatment facility, durable medical equipment supplier, or other licensed medical provider as specifically stated in this Plan Document. The services or supplies provided by individuals or companies that are not specified as eligible providers are not eligible for reimbursement under the benefits of this Plan. For additional information, see ‘practitioner’, ‘specialized treatment facility’, and ‘durable medical equipment supplier’ in the Definitions section of this Plan Document.

To be eligible, the provider must also be practicing within the scope of their license. For example, although an Optometrist is an eligible provider for vision exams, they are not eligible to provide chiropractic services.

**After Hours and Emergency Care**

If you have a medical emergency, always go directly to the nearest emergency room, or call 911 for help.

If you’re facing a non-life-threatening emergency, contact your provider’s office, or go to an urgent care facility. Urgent care facilities are listed in PacificSource’s online provider directory at [providerdirectory.pacificsource.com](http://providerdirectory.pacificsource.com). Simply enter your City and State or Zip code, and then select Urgent Care in the ‘Specialty Category’ field and enter your Plan or Network. It is not safe to assume that when you are treated at an in-network urgent care facility, all services are performed by in-network providers.

**Appropriate Setting**

It is important to have services provided in the most suitable and least costly setting. For example, if you go to the emergency room to have a throat culture instead of going to a doctor’s office or urgent care facility, it could result in higher out-of-pocket expenses for you.

**Your Annual Out-of-Pocket Limit**

This Plan has an out-of-pocket limit provision to protect you from excessive medical expenses. The Medical Benefit Summary shows this Plan’s annual out-of-pocket limits for in-network and/or out-of-network providers. If you incur covered expenses over those amounts, this Plan will pay 100 percent of eligible charges, subject to the allowable fee.

Your expenses for the following do not count toward the annual out-of-pocket limit:

- Charges over the allowable fee for services of in-network providers;
- Incurred charges that exceed amounts allowed under this Plan;
- Prescription Drugs;
- Charges not covered by the plan.
Charges that do not count toward the out-of-pocket limit, that are not covered by this Plan, or that are over the allowable fee for services by out-of-network providers, will continue to be your responsibility even after the out-of-pocket or stop-loss limit is reached.

Out-of-pocket limits are applied on a calendar year basis. If this Plan renews or is modified mid-calendar year, the previously satisfied out-of-pocket amount will be credited toward the renewed difference between the increase and the amount you have already satisfied under the prior Plan’s requirement. If the out-of-pocket limit decreases, any excess in the amount credited to the lower amount is not refundable.

**PLAN BENEFITS**

This Plan provides benefits for the following services and supplies as outlined on your Benefit Summaries. These services and supplies may require you to satisfy a deductible, make a co-payment, and/or pay co-insurance, and they may be subject to additional limitations or maximum dollar amounts. For a medical expense to be eligible for payment, you must be covered under this Plan on the date the expense is incurred. Please refer to your Medical Benefit Summary and the Benefit Limitations and Exclusions section of this Plan Document for more information.

**PREVENTIVE CARE SERVICES**

This Plan covers the following preventive care services when provided by a physician, physician assistant, or nurse practitioner:

- **Preventive physicals** including appropriate screening, radiology and laboratory tests, and other screening procedures for members age 22 and older are covered according to the schedule below. Screening exams and laboratory tests may include, but are not limited to, blood pressure checks, weight checks, occult blood tests, urinalysis, complete blood count, prostate exams, cholesterol exams, stool guaiac screening, EKG screens, blood sugar tests, and tuberculosis skin test.
  
  — Ages 22+: One exam every calendar year
  
  Only laboratory tests and other diagnostic testing procedures related to the preventive physical exam are covered by this benefit. Any laboratory tests and other diagnostic testing procedures ordered during, but not related to, a preventive physical examination are not covered by this preventive care benefit. Please see Outpatient Services in this section.

- **Well woman visits**, including the following:
  
  — One **preventive gynecological exam** each calendar year for women 18 and over. Exams may include Pap smear, pelvic exam, breast exam, blood pressure check, and weight check. Covered lab services are limited to occult blood, urinalysis, and complete blood count.

  — **Preventive mammograms** for women as recommended.
    
    o There is no deductible, co-payment, and/or co-insurance for in-network mammograms that are considered preventive according to the guidelines of the U.S. Preventive Services Task Force.
    
    o Diagnostic mammograms for any woman desiring a mammogram for medical cause. The deductible, co-payment, and/or co-insurance stated in your Medical
Benefit Summary for ‘Outpatient Services – Diagnostic and therapeutic radiology and lab’ apply to diagnostic mammograms related to the ongoing evaluation or treatment of a medical condition.

— **Pelvic exams and Pap smear exams** for women 18 to 64 years of age annually, or at any time when recommended by a women’s healthcare provider.

— **Breast exams** annually for women 18 years of age or older or at any time when recommended by a women’s healthcare provider for the purpose of checking for lumps and other changes for early detection and prevention of breast cancer.

Members have the right to seek care from obstetricians and gynecologists for covered services without preapproval or preauthorization.

- **Colorectal cancer screening** exams and lab work including the following tests assigned a grade A or B by the USPSTF which includes:
  
  — A colonoscopy, including removal of polyps during the screening procedure if a positive result on any fecal test assigned either a grade “A” or ‘B’;
  
  — A fecal occult blood test;
  
  — A fecal immunochemical test (FIT) – DNA commonly called Cologuard
  
  — A flexible sigmoidoscopy; or
  
  — A double contrast barium enema.

A colonoscopy performed for preventive screening purposes is considered to be a preventive service according to the guidelines of the USPSTF that have a rating of ‘A’ or B’. The deductible, co-payment, and/or co-insurance stated in your Medical Benefit Summary for In-network Providers ‘Preventive Care – Preventive and diagnostic colonoscopy’ applies to colonoscopies that are considered ‘routine’ according to the guidelines of the USPSTF. It is not safe to assume that when you are treated at an in-network medical facility, all services are performed by in-network providers. Whenever possible, you should arrange for professional services such as surgery and anesthesiology to be provided by an in-network provider. Doing so will help you maximize your benefits and limit your out-of-pocket expenses.

A colonoscopy performed for evaluation or treatment of a known medical condition is considered to be Outpatient Surgery. The deductible, co-payment, and/or co-insurance stated in your Medical Benefit Summary for ‘Preventive Care – Preventive and diagnostic colonoscopy’ applies to colonoscopies related to ongoing evaluation or treatment of a medical condition.

A colonoscopy performed for screening purposes on individuals at ‘high risk’ is also considered a preventive service. An individual is at high risk for colorectal cancer if the individual has:

— Family medical history of colorectal cancer;

— Prior occurrence of cancer or precursor neoplastic polyps;

— Prior occurrence of a chronic digestive disease condition such as inflammatory bowel disease;

— Crohn’s disease or ulcerative colitis; or
— Other predisposing factors.

- **Prostate cancer screening**, including a digital rectal examination and a prostate-specific antigen test.

- **Well baby/well child care exams** for members age 21 and younger according to the following schedule:
  
  - **At birth**: One standard in-hospital exam
  
  - **Ages 0-2**: 12 additional exams during the first 36 months of life
  
  - **Ages 3-21**: One exam every calendar/contract year

Only laboratory tests and other diagnostic testing procedures related to a well baby/well child care exam are covered by this benefit. Any laboratory tests and other diagnostic testing procedures ordered during, but not related to, a well baby/well child care exam are not covered by this preventive care benefit. Please see Outpatient Services in this section.

- **Age-appropriate childhood and adult immunizations** for primary prevention of infectious diseases as recommended and adopted by the Centers for Disease Control and Prevention, American Academy of Pediatrics, American Academy of Family Physicians, or similar standard-setting body. Benefits do not include immunizations for more elective, investigative, unproven, or discretionary reasons (e.g. travel). Covered immunizations include, but may not be limited to the following:
  
  - Diphtheria, pertussis, and tetanus (DPT) vaccines, given separately or together;
  
  - Hemophilus influenza B vaccine;
  
  - Hepatitis A vaccine;
  
  - Hepatitis B vaccine;
  
  - Human papillomavirus (HPV) vaccine;
  
  - Influenza virus vaccine;
  
  - Measles, mumps, and rubella (MMR) vaccines, given separately or together;
  
  - Meningococcal (meningitis) vaccine;
  
  - Pneumococcal vaccine;
  
  - Polio vaccine;
  
  - Shingles vaccine for adult age groups; or
  
  - Varicella (chicken pox) vaccine.

- **Tobacco cessation program services** are covered at no charge when services are received from an in-network provider.

Any Plan deductible, co-payment, and/or co-insurance amounts stated in your Medical Benefit Summary are waived for the following recommended preventive care services when provided by an in-network provider:
• Services that have a rating of ‘A’ or ‘B’ from the U.S. Preventive Services Task Force (USPSTF);

• Immunizations recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (CDC);

• Preventive care and screening for infants, children, and adolescents supported by the Health Resources and Services Administration (HRSA);

• Preventive care and screening for women supported by the HRSA that are not included in the USPSTF recommendations.

The A and B list for preventive services can be found on the USPSTF website at: uspreventiveservicestaskforce.org/Page/Name/uspstf-a-and-b-recommendations/.

The list of women’s preventive services can be found on the HRSA website: https://www.hrsa.gov/womens-guidelines-2016/index.html

For members who do not have Internet access, please contact PacificSource Customer Service at 1(888)246-1370 for a complete description of the preventive services lists.

Current USPSTF recommendations include the January 2016 recommendations regarding breast cancer screening, mammography, and prevention. Cancer risk-reducing medications are covered according to the September 2013 USPSTF recommendations, at no cost, subject to reasonable medical management.

PEDiATRIC SERVICES

This Plan covers the following services for individuals age 18 and younger. Coverage for pediatric services will end on the last day of the month in which the enrolled individual turns 19:

• **Routine vision** examinations (includes contact lens fitting) are covered on this Plan. Benefits are subject to the deductible, limitations, co-payment, and/or co-insurance stated in your Vision Benefit Summary.

• **Vision hardware** including glasses (lenses and frames) and/or contact lenses are covered on this Plan. Benefits are subject to the deductible, limitations, co-payment, and/or co-insurance stated in your Vision Benefit Summary.

PROFESSIONAL SERVICES

This Plan covers the following professional services when medically necessary:

• Services of a **physician (M.D., D.O., naturopathy, or other provider practicing within the scope of their license)**, for diagnosis or treatment of illness, injury, or disease.

• Services of a licensed **physician assistant** under the supervision of a physician.

• Services of a **nurse practitioner**, including certified registered nurse anesthetist (C.R.N.A.) and certified nurse midwife (C.N.M.), or other provider practicing within the scope of their license, for medically necessary diagnosis or treatment of illness, injury, or disease.

• **Urgent care services** provided by a physician. ‘Urgent care’ means services for an unforeseen illness, injury, or disease that requires treatment within 24 hours to prevent
serious deterioration of a patient’s health. Urgent conditions are normally less severe than medical emergencies. Examples of conditions that could need urgent care are sprains and strains, vomiting, cuts, and headaches.

- **Outpatient rehabilitation services** provided by a licensed physical therapist, occupational therapist, speech language pathologist, physician or other practitioner licensed to provide physical, occupational, or speech therapy within the scope of the provider’s license. Services must be prescribed in writing by a licensed physician, dentist, podiatrist, nurse practitioner, or physician assistant. The prescription must include site, modality, duration, and frequency of treatment. Covered services are for the purpose of restoring certain functional losses due to disease, illness, or injury only, and do not include maintenance services. Total covered expenses for outpatient rehabilitation services, including vision therapy, are limited to a maximum of 30 visits per calendar year and subject to review for medical necessity, unless medically necessary to treat a mental health diagnosis. Treatment of neurodevelopmental problems, and other problems associated with pervasive developmental disorders for which rehabilitation services would be appropriate are covered when criteria for individual benefits are met. Up to 30 additional visits will be allowed for head and spinal injury, cardiovascular accident, stroke or major injury.

Services for speech therapy will only be allowed when needed to correct stuttering, hearing loss, peripheral speech mechanism problems, and deficits due to neurological disease or injury. Speech and/or cognitive therapy for acute illnesses and injuries are covered up to one year post-injury when the services do not duplicate those provided by other eligible providers, including occupational therapists or neuropsychologists. This exclusion does not apply if medically necessary as part of a treatment plan.

Outpatient pulmonary rehabilitation programs are covered when prescribed by a physician for patients with severe chronic lung disease that interferes with normal daily activities despite optimal medication management.

For related provisions, see ‘motion analysis’, ‘vocational rehabilitation’, and ‘speech therapy’, under ‘Excluded Services – Types of Treatments’ in the Benefit Limitations and Exclusions section of this Plan Document.

- **Outpatient habilitation services** provided by a licensed physical therapist, occupational therapist, speech language pathologist, physician, or other practitioner licensed to provide physical, occupational, or speech therapy services, within the scope of the provider’s license. Services must be prescribed in writing by a licensed physician, dentist, podiatrist, nurse practitioner, or physician assistant. The prescription must include site, modality, duration, and frequency of treatment. Total covered expenses for outpatient habilitation services, including vision therapy, are limited to a combined maximum of 30 visits per calendar year subject to review for medical necessity, unless medically necessary to treat a mental health diagnosis. Treatment of neurodevelopmental problems, and other problems associated with pervasive developmental disorders for which habilitation services would be appropriate are covered when criteria for individual benefits are met. Up to 30 additional visits will be allowed for head and spinal injury, cardiovascular accident, stroke or major injury.

- Services of a licensed audiologist for medically necessary **audiological (hearing) services**.

- Services of a dentist or physician to treat **injury of the jaw or natural teeth**. Services must be provided within 120 days of the injury. Except for the initial examination, services for treatment of an injury to the jaw or natural teeth require preauthorization to be covered.
- Services of a dentist or physician for **orthognathic (jaw) surgery** as follows:
  - When medically necessary to repair an accidental injury. Services must be provided within 120 days after the accident; or
  - For removal of a malignancy, including reconstruction of the jaw within 120 days after that surgery.

- Services of a board-certified or board-eligible **genetic counselor** when referred by a physician or nurse practitioner for evaluation of genetic disease.

- Medically necessary services for care and treatment of **temporomandibular joint syndrome (TMJ)**. Benefits for the treatment of TMJ and all related services are subject to the deductible, co-payment, and/or co-insurance stated in the Medical Benefit Summary under ‘Other Covered Services– Temporomandibular Joint’. Benefits are limited to a lifetime maximum benefit of $2,000 per person.

- Medically necessary **telemedical health services** for health services covered by this Plan when provided in person by a healthcare professional.

- Services for **chiropractic manipulation, acupuncture, and/or massage therapy** are covered up to a combined maximum of $1,500 per calendar year.

**HOSPITAL AND SKILLED NURSING FACILITY SERVICES**

This Plan covers medically necessary **hospital inpatient services**. Charges for a hospital room are covered up to the hospital’s semi-private room rate (or private room rate, if the hospital does not offer semi-private rooms). Charges for a private room are covered if the attending physician orders hospitalization in an intensive care unit, coronary care unit, or private room for medically necessary isolation. Coverage includes eligible services provided by a hospital owned or operated by the state, or any state approved mental health and developmental disabilities program.

In addition to the hospital room, covered inpatient hospital services may include (but are not limited to):

- Anesthesia and post-anesthesia recovery;
- Dressings, equipment, and other necessary supplies;
- Inpatient medications;
- Intensive and/or specialty care units;
- Lab services provided by a hospital;
- Operating room;
- Radiology services;
- Respiratory care; or
- Substance use disorders.

The Plan does not cover charges for rental of telephones, radios, or televisions, or for guest meals or other personal items.
Services of **skilled nursing facilities and convalescent homes** are covered. Services must be medically necessary. Confinement for custodial care is not covered. Coverage is limited to semiprivate rates.

**Inpatient rehabilitation services** are covered when medically necessary to restore and improve lost body functions after illness, injury, or disease. These services must be consistent with the condition being treated, and must be part of a formal written treatment program prescribed by a physician and subject to preauthorization by PacificSource. Total covered expenses for inpatient rehabilitation services are limited to a maximum of 30 days per calendar year subject to review for medical necessity, unless medically necessary to treat a mental health diagnosis. Recreation therapy is only covered as part of an inpatient rehabilitation admission.

**Inpatient habilitation services** are covered when medically necessary to help a person keep, restore or improve skills and functioning for daily living related to skills that have been lost or impaired because a person was sick, injured or disabled. These services must be consistent with the condition being treated, and must be part of a formal written treatment program prescribed by a physician and subject to preauthorization by PacificSource. Total covered expenses for inpatient habilitation services are limited to a maximum of 30 days per calendar year and are subject to review for medical necessity, unless medically necessary to treat a mental health diagnosis. Recreation therapy is only covered as part of an inpatient rehabilitation admission.

### OUTPATIENT SERVICES

‘Outpatient services are medical services that take place without being admitted to the hospital.’ This Plan covers the following outpatient services:

- **Advanced diagnostic imaging procedures** that are medically necessary for the diagnosis of illness, injury, or disease. For purposes of this benefit, advanced diagnostic imaging procedures include CT scans, MRIs, PET scans, CATH labs and nuclear cardiology studies. In all situations and settings, benefits require preauthorization and are subject to the deductibles, co-payments, and/or co-insurance stated in your Medical Benefit Summary for Outpatient Services – Advanced diagnostic imaging. Please note that if a co-payment is required for these services, the co-payment is ‘per test’. For example, if separate MRIs are performed on different regions of the back, there will be a co-payment charged for each region imaged.

- **Diagnostic radiology and laboratory procedures** provided or ordered by a physician, nurse practitioner, alternative care provider, or physician assistant. These services may be performed or provided by laboratories, radiology facilities, hospitals, and physicians, including services in conjunction with office visits.

    For services performed in an ambulatory surgical center or outpatient hospital setting, the benefits stated in your Medical Benefit Summary for Outpatient Services – Diagnostic and therapeutic radiology/lab apply.

- **Emergency room services.** The emergency room benefit stated in your Medical Benefit Summary covers only physician and hospital facility charges in the emergency room. The benefit does not cover further treatment provided on referral from the emergency room.

    Emergency medical screening and emergency services, including any diagnostic tests necessary for emergency care (including radiology, laboratory work, CT scans and MRIs) are subject to the deductibles, co-payments, and/or co-insurance stated in your Medical
Benefit Summary for either ‘Outpatient Services – Diagnostic and Therapeutic Radiology and Lab’ or ‘Outpatient Services - Advanced Diagnostic Imaging’, depending on the specific service provided.

Non-emergent services received in the emergency room are not covered.

- **Surgery** and other outpatient services. Benefits are based on the setting where services are performed.
  - For surgeries or outpatient services performed in a physician’s office, the benefit stated in your Medical Benefit Summary for Professional Services – Office Procedures and Supplies applies.
  - For surgeries or outpatient services performed in an ambulatory surgical center or outpatient hospital setting, both the benefits shown on your Medical Benefit Summary for Professional Services – Surgery and the Outpatient Services - Outpatient Surgery/Services apply.

- **Therapeutic radiology services, chemotherapy, and renal dialysis** provided or ordered by a physician. Covered services include a prescribed, orally administered anticancer medication used to kill or slow the growth of cancerous cells. Absent a contracted allowable fee amount based on the Medicare allowable, benefits for members who are receiving renal dialysis are limited to 125 percent of the current Medicare allowable amount for in-network and out-of-network providers. In all situations and settings, benefits are subject to the deductibles, co-payments, and/or co-insurance stated in your Medical Benefit Summary for Outpatient Services – Dialysis.

If the member or dependent obtains a Medicare Part B Supplement Policy upon qualifying for Medicare coverage due to ESRD, the Plan will reimburse the member or dependent for the cost of the applicable Medicare Part B Supplement policy. Requests for reimbursement must be submitted to the Plan per the Plan policies and procedures.

In order to ensure the correct coordination of claims payments between the Plan and Medicare, members are required to provide the Plan Administrator with the effective date of Medicare coverage.

- Other medically necessary **diagnostic services** provided in a hospital or outpatient setting, including testing or observation to diagnose the extent of a medical condition.

**EMERGENCY SERVICES**

For emergency medical conditions (see Definitions section), this Plan covers services and supplies necessary to evaluate and treat an emergency condition.

Examples of emergency medical conditions include (but are not limited to):

- Convulsions or seizures;
- Difficulty breathing;
- Major traumatic injuries;
- Poisoning;
- Serious burns;
- Sudden abdominal or chest pains;
• Sudden fevers;
• Suspected heart attacks;
• Unconsciousness; or
• Unusual or heavy bleeding.

If you need immediate assistance for a medical emergency, call 911. If you have an emergency medical condition, you should go directly to the nearest emergency room or appropriate facility. Emergency services may be subject to the deductible, co-payments and/or co-insurance stated in your Medical Benefit Summary. Non-emergent services received in the emergency room are not covered.

If you are admitted to an out-of-network hospital after your emergency condition is stabilized, the Plan Sponsor may require you to transfer to an in-network facility in order to receive benefits at the in-network provider level.

**MATERNITY SERVICES**

Maternity means, in any one pregnancy, all prenatal services including complications and miscarriage, delivery, postnatal services provided within six weeks of delivery, and routine nursery care of a newborn child. Maternity services are covered subject to the deductible, co-payments and/or co-insurance stated in your Medical Benefit Summary.

Medically necessary services, medication, and supplies to manage diabetes during pregnancy from conception through six weeks postpartum will not be subjected to a deductible, co-payment, or co-insurance. Diabetic medication and supplies, (including needles, syringes, test strips, insulin, etc.) are covered under the Prescription Drug benefit.

Services of a physician or other provider practicing within the scope of their license for pregnancy. Services are subject to the same payment amounts, conditions, and limitations that apply to similar expenses for illness.

*Please contact the PacificSource Customer Service team as soon as you learn of your pregnancy. Their staff will explain the Plan’s maternity benefits.*

This Plan provides **routine nursery care** of a newborn while the mother is hospitalized and eligible for pregnancy-related benefits under this Plan if the newborn is also eligible and enrolled in this Plan.

**Special Information about Childbirth** – This Plan covers hospital inpatient services for childbirth according to the Newborns’ and Mothers’ Health Protection Act of 1996. This Plan does not restrict the length of stay for the mother or newborn child to less than 48 hours after vaginal delivery, or to less than 96 hours after Cesarean section delivery. Your provider is allowed to discharge you or your newborn sooner than that, but only if you both agree. For childbirth, your provider does not need to preauthorize your hospital stay.

**MENTAL HEALTH AND SUBSTANCE USE DISORDER SERVICES**

This Plan covers medically necessary crisis intervention, diagnosis, and treatment of mental health conditions and substance use disorders the same as any other illness. For more information on services not covered by your Plan, see the Benefit Limitations and Exclusions section.
Providers Eligible for Reimbursement

A mental health and/or substance use disorder healthcare provider (see Definitions section) is eligible for reimbursement if:

- The mental health and/or substance use disorder healthcare provider is authorized for reimbursement under the laws of this Plan’s state of issuance; and
- The mental health and/or substance use disorder healthcare provider is accredited for the particular level of care for which reimbursement is being requested by The Joint Commission or the Commission on Accreditation of Rehabilitation Facilities; and
- The patient is staying overnight at the mental health and/or substance use disorder healthcare facility (see Definitions section) and is involved in a structured program at least eight hours per day, seven days per week; or
- The mental health and/or substance use disorder healthcare provider is providing a covered benefit under this Plan.

Eligible mental health and/or substance use disorder healthcare providers are:

- A program licensed, approved, established, maintained, contracted with, or operated by the accrediting and licensing authority of the state wherein the program exists;
- A Medical or Osteopathic physician licensed by the State Board of Medical Examiners;
- A Psychologist (PhD) licensed by the State Board of Psychologists’ Examiners;
- A Nurse Practitioner registered by the State Board of Nursing;
- A Licensed Clinical Social Worker (LCSW) licensed by the State Board of Clinical Social Workers;
- A Licensed Professional Counselor (LPC) licensed by the State Board of Licensed Professional Counselors and Therapists;
- A Licensed Marriage and Family Therapist (LMFT) licensed by the State Board of Licensed Professional Counselors and Therapists;
- A Board Certified Assistant Behavior Analyst (BCaBA) licensed by the State Board of Behavior Analysis;
- A Board Certified Behavior Analyst (BCBA) licensed by the State Board of Behavior Analysis;
- A Board Certified Behavior Analyst, Doctoral level (BCBA-D) licensed by the State Board of Behavior Analysis;
- A Behavior Analyst Interventionist (BAI) licensed by the State Board of Behavior Analysis; and
- A hospital or other healthcare facility accredited by The Joint Commission or the Commission on Accreditation of Rehabilitation Facilities for inpatient or residential care and treatment of mental health conditions and/or substance use disorders.
Medical Necessity and Appropriateness of Treatment

- As with all medical treatment, mental health and substance use disorders treatment is subject to review for medical necessity and/or appropriateness. Review of treatment may involve pre-service review, concurrent review of the continuation of treatment, post-treatment review, or a combination of these. PacificSource will notify the patient and patient’s provider when a treatment review is necessary to make a determination of medical necessity.

- A second opinion may be required for a medical necessity determination. PacificSource will notify the patient when this requirement is applicable.

- Medication management by a licensed physician (such as a psychiatrist) does not require review.

- Treatment of substance use disorders and related disorders is subject to placement criteria established by the American Society of Addiction Medicine, Third Edition (ASAM).

Mental Health Parity and Addiction Equity Act of 2008

This Plan complies with all state and federal laws and regulations related to the Mental Health Parity and Addiction Equity Act of 2008.

HOME HEALTH AND HOSPICE SERVICES

- This Plan covers home health services when preauthorized by PacificSource. Covered services include services by a licensed Home Health Agency providing skilled nursing; physical, occupational, and speech therapy; and medical social work services. Private duty nursing is not covered. Benefits are limited to two visits per day, and a maximum of 180 days per calendar year.

- Home infusion services are covered when preauthorized. This benefit covers parenteral nutrition, medications, and biologicals (other than immunizations) that cannot be self-administered. Benefits are paid at the percentage stated in your Medical Benefit Summary for home health services.

- This Plan covers hospice services. Hospice services including respite care are intended to meet the physical, emotional, and spiritual needs of the patient and family during the final stages of illness and dying, while maintaining the patient in the home setting. Services are intended to supplement the efforts of an unpaid caregiver. Hospice benefits do not cover services of a primary caregiver such as a relative or friend, or private duty nursing. The Plan Sponsor has set the following criteria to determine eligibility for hospice benefits:
  - The member’s physician must certify that the member is terminally ill with a life expectancy of less than six months;
  - The member must be living at home;
  - A non-salaried primary caregiver must be available and willing to provide custodial care to the member on a daily basis; and
  - The member must not be undergoing treatment of the terminal illness other than for direct control of adverse symptoms.

Only the following hospice services are covered:
— Durable medical equipment, oxygen, and medical supplies;
— Home health aides when necessary to assist in personal care;
— Home infusion therapy;
— Home nursing visits;
— Home visits by a medical social worker;
— Home visits by the hospice physician;
— Inpatient hospice care when provided by a Medicare-certified or state-certified program when admission to an acute care hospital would otherwise be medically necessary;
— Medically necessary physical, occupational, and speech therapy provided in the home;
— Pastoral care and bereavement services;
— Prescription medications for the relief of symptoms manifested by the terminal illness;
— Respite care provided in a nursing facility to provide relief for the primary caregiver, subject to a maximum of five consecutive days and to a lifetime maximum benefit of 30 days. A member must be enrolled in a hospice program to be eligible for respite care benefits.

The member retains the right to all other services provided under this Plan, including active treatment of non-terminal illnesses, except for services of another provider that duplicate the services of the hospice team.

**DURABLE MEDICAL EQUIPMENT**

- This Plan covers **prosthetic and orthotic devices** that are medically necessary to restore or maintain the ability to complete activities of daily living or essential job-related activities and that are not solely for comfort or convenience. Benefits include coverage of all services and supplies medically necessary for the effective use of a prosthetic or orthotic device, including formulating its design, fabrication, material and component selection, measurements, fittings, static and dynamic alignments, and instructing the patient in the use of the device. Benefits also include coverage for any repair or replacement of a prosthetic or orthotic device that is determined medically necessary to restore or maintain the ability to complete activities of daily living or essential job-related activities and that is not solely for comfort or convenience.

- This Plan covers **durable medical equipment** prescribed exclusively to treat medical conditions. Covered equipment includes crutches, wheelchairs, orthopedic braces, home glucose meters, equipment for administering oxygen, and non-power assisted prosthetic limbs and eyes. Durable medical equipment must be prescribed by a licensed M.D., D.O., N.P., P.A., D.D.S., D.M.D., or D.P.M. to be covered. This Plan does not cover equipment commonly used for nonmedical purposes, for physical or occupational therapy, or prescribed primarily for comfort. Please see the Benefit Limitations and Exclusions section for information on items not covered. The following limitations apply to durable medical equipment:

  — This benefit covers the cost of either purchase or rental of the equipment for the period needed, whichever is less. Repair or replacement of equipment is also covered when necessary, subject to all conditions and limitations of the Plan. If the cost of the
purchase, rental, repair, or replacement is over $1,000, preauthorization by PacificSource is required.

— Only expenses for durable medical equipment, or prosthetic and orthotic devices that are provided by a PacificSource contracted provider or a provider that satisfies the criteria of the Medicare fee schedule for Suppliers of Durable Medical Equipment, Prosthetics, Orthotics, Supplies (DMEPOS) and Other Items and Services are eligible for reimbursement.

— Purchase, rental, repair, lease, or replacement of a power-assisted wheelchair (including batteries and other accessories) requires preauthorization by PacificSource and is payable only in lieu of benefits for a manual wheelchair.

— The durable medical equipment benefit also covers lenses to correct a specific vision defect resulting from a severe medical or surgical problem, such as stroke, neurological disease, trauma, or eye surgery other than refraction procedures. Coverage is subject to the following limitations:

   o The medical or surgical problem must cause visual impairment or disability due to loss of binocular vision or visual field defects (not merely a refractive error or astigmatism) that requires lenses to restore some normalcy to vision.

   o The maximum allowance for glasses (lenses and frames), or contact lenses in lieu of glasses, is limited to one pair per year when surgery or treatment is performed on either eye. Other Plan limitations, such as exclusions for extra lenses, other hardware, tinting of lenses, eye exercises, or vision therapy, also apply.

   o Benefits for subsequent medically necessary vision corrections to either eye (including an eye not previously treated) are limited to the cost of lenses only.

   o Reimbursement is subject to the deductible, co-payment, and/or co-insurance stated in your Medical Benefit Summary for durable medical equipment and is in lieu of, and not in addition to any other vision benefit payable.

— Hearing aids, hearing assistive technology systems, and ear molds are provided in accordance with state and federal law. Contact the PacificSource Customer Service team for specific coverage requirements.

The durable medical equipment benefit covers hearing aids as follows:

   o For members 18 years of age or younger, or 19 to 25 years of age and enrolled in a secondary school or an accredited educational institution. Coverage is limited to a maximum benefit of one hearing aid per ear, every 24 months.

   o For members age 19 and older (19 to 25 years of age and not enrolled in a secondary school or an accredited educational institution), the benefit is limited to one hearing aid per ear up to a maximum dollar amount of $2,500 every 24 months.

— Medically necessary treatment for sleep apnea and other sleeping disorders is covered when preauthorized by PacificSource. Coverage of oral devices includes charges for consultation, fitting, adjustment, follow-up care, and the appliance. The appliance must be prescribed by a physician specializing in evaluation and treatment of obstructive sleep apnea, and the condition must meet criteria for obstructive sleep apnea.
— Manual and electric breast pumps are covered at no cost once per pregnancy when purchased or rented from an in-network licensed provider, or purchased from a retail outlet. Hospital-grade breast pumps are not covered.

— Wigs following chemotherapy or radiation therapy are covered up to a maximum benefit of $150 per contract year.

Diabetic Supplies, (including needles, syringes, test strips, insulin, etc.) are covered under the Prescription Drug benefit.

**TRANSPLANT SERVICES**

This Plan covers certain medically necessary organ and tissue transplants. It also covers the cost of acquiring organs or tissues needed for covered transplants and limited travel expenses for the patient, subject to certain limitations.

*All pre-transplant evaluations, services, treatments, and supplies for transplant procedures require preauthorization.*

This Plan covers the following medically necessary organ and tissue transplants:

- Bone marrow, peripheral blood stem cell and high-dose chemotherapy when medically necessary;
- Heart;
- Heart – Lungs;
- Intestine (adult and pediatric);
- Kidney;
- Kidney – Pancreas;
- Liver ;
- Lungs; or
- Pancreas whole organ transplantation.

This Plan only covers transplants of human body organs and tissues. Transplants of artificial, animal, or other non-human organs and tissues are not covered.

Expenses for the acquisition of organs or tissues for transplantation are covered only when the transplantation itself is covered under this contract, and is subject to the following limitations:

- Testing of related or unrelated donors for a potential living related organ donation is payable at the same percentage that would apply to the same testing of a covered recipient.
- Expense for acquisition of cadaver organs is covered, payable at the same percentage and subject to the same limitations, if any, as the transplant itself.
- Medical services required for the removal and transportation of organs or tissues from living donors are covered. Coverage of the organ or tissue donation is payable at the same percentage as the transplant itself if the recipient is a Plan member.
— If the donor is not covered by this Plan, only those complications of the donation that occur during the initial hospitalization are covered, and such complications are covered only to the extent that they are not covered by another health plan or government program. Coverage is payable at the same percentage as the transplant itself.

— If the donor is a Plan member, complications of the donation are covered as any other illness would be covered.

- Transplant related services, including human leukocyte antigen (HLA) typing, sibling tissue typing, and evaluation costs, are considered transplant expenses and accumulate toward any transplant benefit limitations and are subject to PacificSource’s provider contractual agreements (See Payment of Transplant Benefits, below).

If the transplant is performed at an in-network transplant facility or a Center of Excellence facility and the covered member resides 50 miles or more from the transplant facility, this Plan will pay for the following services incurred during the transplant benefit period. Travel and housing benefits are covered for the covered member, one caregiver, and the living donor. However, if the covered member is a dependent minor child, the coverage will be for the covered dependent minor child, the living donor, and two parents/legal guardians, or they may have one adult caregiver. Travel benefits are as follows:

— Limited to $200 per day, up to a maximum of $10,000 per transplant.

— Travel includes reasonable food, lodging (private residences are not covered), and transportation (limited to commercial transportation, coach class only).

Travel and housing expenses are not covered when transplant is received from out-of-network providers.

Payment of Transplant Benefits

If a transplant is performed at an in-network Center of Excellence transplantation facility, covered charges of the facility are subject to this Plan’s deductibles (co-insurance and co-payment amounts after deductible are waived). If the contract with the facility includes the services of the medical professionals performing the transplant (such as physicians, nurse practitioners, and anesthesiologists), those charges are also subject to this Plan’s deductibles (co-insurance and co-payment amounts after deductible are waived). If the professional fees are not included in the contract with the facility, then those benefits are provided according to your Medical Benefit Summary.

Transplant services that are not received at an in-network Center of Excellence and/or services of out-of-network medical professionals are paid at the out-of-network provider percentages stated in your Medical Benefit Summary. The maximum benefit payment for transplant services of out-of-network providers is 125 percent of the Medicare allowance.

OTHER COVERED SERVICES, SUPPLIES, AND TREATMENTS

- This Plan covers services of a state certified ground or air ambulance when private transportation is medically inappropriate because the acute medical condition requires paramedic support. Benefits are provided for emergency ambulance service and/or transport to the nearest facility capable of treating the condition. Air ambulance service is covered only when ground transportation is medically or physically inappropriate. Whenever possible, you should seek services from an air ambulance service that participates in PacificSource’s network of providers. Your in-network provider deductibles
and co-insurance will apply when out-of-network ground or air ambulance is part of medically necessary emergency services. Non-emergency medically necessary travel, other than transportation by a licensed ambulance service, to the nearest facility qualified to treat the patient’s medical condition is covered when approved in advance by PacificSource. Non-emergency ground or air ambulance travel requires preauthorization.

- This Plan covers biofeedback to treat migraine headaches or urinary incontinence when provided by an otherwise eligible provider. Benefits are limited to a lifetime maximum of ten sessions.

- This Plan covers blood transfusions, including the cost of blood or blood plasma.

- This Plan covers removal, repair, or replacement of breast prostheses due to a contracture or rupture, but only when the original prosthesis was for a medically necessary mastectomy. Preauthorization is required, and eligibility for benefits is subject to the following criteria which have been set by the Plan Sponsor:
  - The contracture or rupture must be clinically evident by a physician’s physical examination, imaging studies, or findings at surgery;
  - This Plan covers removal, repair, and/or replacement of the prosthesis; and
  - Removal, repair, and/or replacement of the prosthesis is not covered when recommended due to an autoimmune disease, connective tissue disease, arthritis, allergenic syndrome, psychiatric syndrome, fatigue, or other systemic signs or symptoms.

- As required by the Women’s Health and Cancer Rights Act of 1998 this Plan covers breast reconstruction in connection with a medically necessary mastectomy. Coverage is provided in a manner determined in consultation with the attending physician and patient for:
  - All stages of reconstruction of the breast on which the mastectomy was performed;
  - Surgery and reconstruction of the other breast to produce a symmetrical appearance;
  - Prostheses; and
  - Treatment of physical complications of the mastectomy, including lymphedema.

Benefits for breast reconstruction are subject to all terms and provisions of the Plan, including deductibles, co-payments, and/or co-insurance stated in your Medical Benefit Summary.

- This Plan covers cardiac rehabilitation as follows:
  - Phase I (inpatient) services are covered under inpatient hospital benefits;
  - Phase II (short-term outpatient) services are covered subject to the deductible, co-payment, and/or co-insurance stated in your Medical Benefit Summary for Diagnostic and therapeutic radiology and lab. Benefits are limited to services provided in connection with a cardiac rehabilitation exercise program up to a lifetime maximum of 36 visits and are reasonable and necessary.
  - Phase III (long-term outpatient) services are not covered.
• This Plan covers **child abuse medical assessments** which includes the taking of a thorough medical history, a complete physical examination and interview by or under the direction of a licensed physician or other licensed health care professional trained in the evaluation, diagnosis and treatment of child abuse. Child abuse medical assessments are covered when performed at a community assessment center. Community assessment center means a neutral, child-sensitive community-based facility or service provider to which a child from the community may be referred to receive a thorough child abuse medical assessment for the purpose of determining whether the child has been abused or neglected.

• This Plan covers single and bilateral **cochlear implants** when medically necessary, including programming and reprogramming.

• This Plan covers at no charge for all women with reproductive capacity; IUD, diaphragm, and cervical cap **contraceptives and contraceptive devices** along with their insertion or removal, as well as hormonal contraceptives including injections, formulary oral, patches, and rings prescribed by your physician or a pharmacist.

• Contraceptive drugs, devices, or products that are approved by the FDA and on the formulary are covered by this Plan when prescribed. Over-the-counter contraceptive drugs approved by the FDA, purchased without a prescription are reimbursable by the Plan. Contraceptive devices that can be obtained over the counter or without a prescription, such as condoms, are not covered.

• This Plan covers **corneal transplants**. Preauthorization is not required.

• In the following situations, this Plan covers **cosmetic or reconstructive surgery**:
  — When necessary to correct a functional disorder; or
  — When necessary due to a congenital anomaly; or
  — When necessary because of an accidental injury, or to correct a scar or defect that resulted from treatment of an accidental injury; or
  — When necessary to correct a scar or defect on the head or neck that resulted from a covered surgery.

Cosmetic or reconstructive surgery is provided for one attempt and must take place within 18 months after the injury, surgery, scar, or defect first occurred unless determined otherwise through medical necessity evaluation. Preauthorization by PacificSource is required for all cosmetic and reconstructive surgeries covered by this Plan. For information on breast reconstruction, see ‘breast prostheses’ and ‘breast reconstruction’ in this section.

• This Plan covers dental and orthodontic services for the treatment of **craniofacial anomalies** when medically necessary to restore function. Coverage includes but is not limited to physical disorders identifiable at birth that affect the bony structure of the face or head, such as a cleft palate, cleft lip, craniosynostosis, craniofacial microsomia and Treacher Collins syndrome. Coverage is limited to the least costly clinically appropriate treatment. Cosmetic procedures and procedures to improve on the normal range of functions are not covered. See the exclusions for cosmetic/reconstructive services, dental examinations and treatments, jaw surgery, and orthognathic surgery under the ‘Excluded Services’ section.
• This Plan provides coverage for certain **diabetic equipment, supplies and training** as follows:

  — Medications and diabetic supplies will be payable under the separate prescription drug benefit section under this Plan.

  — This Plan covers outpatient and self-management training and education for the treatment of diabetes, subject to the deductible, co-payment and/or co-insurance for office visits stated in the Medical Benefit Summary. To be covered, the training must be provided by a licensed health care professional with expertise in diabetes.

  — This Plan covers medically necessary telemedical health services provided in connection with the treatment of diabetes.

• This Plan covers **dietary or nutritional counseling** provided by a registered dietitian under certain circumstances. It is covered under the diabetic education, or for management of anorexia nervosa or bulimia nervosa as determined by a medical necessity evaluation.

• This Plan covers nonprescription **elemental enteral formula** ordered by a physician for home use. Formula is covered when medically necessary to treat severe intestinal malabsorption and the formula comprises a predominant or essential source of nutrition. Coverage is subject to the deductible, co-payment, and/or co-insurance stated in your Medical Benefit Summary for durable medical equipment.

• This Plan covers routine **foot care** for patients with diabetes mellitus.

• This Plan covers gender affirming surgery and related procedures, including hormone therapy, only when medically necessary to treat a mental health diagnosis. Preauthorization by PacificSource is required.

• **Hospitalization for dental procedures** is covered when the patient has another serious medical condition that may complicate the dental procedure, such as serious blood disease, unstable diabetes, or severe cardiovascular disease, or the patient is physically or developmentally disabled with a dental condition that cannot be safely and effectively treated in a dental office. Coverage requires preauthorization, and only charges for the facility, anesthesiologist, and assistant physician are covered. Hospitalization because of the patient’s apprehension or convenience is not covered.

• This Plan covers treatment for **inborn errors of metabolism** involving amino acid, carbohydrate, and fat metabolism for which widely accepted standards of care exist for diagnosis, treatment, and monitoring, including quantification of metabolites in blood, urine or spinal fluid or enzyme or DNA confirmation in tissues. Coverage includes expenses for diagnosing, monitoring and controlling the disorders by nutritional and medical assessment, including but not limited to clinical visits, biochemical analysis and medical foods used in the treatment of such disorders. Nutritional supplies are covered subject to the deductible, co-payment, and/or co-insurance stated in your Medical Benefit Summary for durable medical equipment.

• **Injectable drugs and biologicals** administered by a physician are covered when medically necessary for diagnosis or treatment of illness, injury, or disease. This benefit does not include immunizations (See Preventive Care Services in this section) or drugs or biologicals that can be self-administered or are dispensed to a patient.

• This Plan covers **maxillofacial prosthetic services** when prescribed by a physician as necessary to restore and manage head and facial structures. Coverage is provided only
when head and facial structures cannot be replaced with living tissue, and are defective because of disease, trauma, or birth and developmental deformities. To be covered, treatment must be necessary to control or eliminate pain or infection or to restore functions such as speech, swallowing, or chewing. Coverage is limited to the least costly clinically appropriate treatment, as determined by the physician. Cosmetic procedures and procedures to improve on the normal range of functions are not covered. Dentures, and artificial larynxx are also not covered.

- For **pediatric dental care requiring general anesthesia**, this Plan covers the facility charges of a hospital or ambulatory surgery center. Benefits are limited to one visit annually and are subject to preauthorization by PacificSource.

- **Post-mastectomy care** is covered for hospital inpatient care for a period of time as determined by the attending physician and, in consultation with the patient determined to be medically necessary following a mastectomy, a lumpectomy, or a lymph node dissection for the treatment of breast cancer.

- The **routine costs of care associated with approved clinical trials** are covered. For more information, see ‘routine costs of care’ in the Definitions section of this Plan Document. A ‘qualified individual’ is someone who is eligible to participate in an ‘approved clinical trial’. If an in-network provider is participating in an approved clinical trial, the qualified individual may be required to participate in the trial through that in-network provider if the provider will accept the individual as a participant in the trial.

- **Sleep studies** are covered when ordered by a pulmonologist, neurologist, otolaryngologist, internist, family practitioner, or certified sleep medicine specialist.

- This Plan covers medically necessary therapy and services for the treatment of **traumatic brain injury**.

- This Plan covers **tubal ligation and vasectomy** procedures.

- **Obesity services (interventions)** are covered when Plan Sponsor criteria is met. Covered services include physician-directed intensive, multicomponent behavioral interventions for weight management for covered members age 18 and older with a body mass index (BMI) of 30 kg/m2 or higher. This benefit is limited to 26 visits per calendar year. This benefit does not include surgery or other related services.

- **Preventive vision examinations** (includes contact lens fitting) are covered for enrolled members age 19 and older on this Plan. Benefits are subject to the deductibles, limitations, co-payment, and/or co-insurance stated in your Vision Benefit Summary details.

- **Vision hardware** including glasses (lenses and frames) and/or contact lenses are covered for enrolled members age 19 and older. Benefits are subject to the deductible, limitations, co-payment, and/or co-insurance stated in your Vision Benefit Summary for details.

- Electronic Beam Tomography (EBT) is a covered benefit.

- This Plan covers the medically necessary removal of benign skin lesions, such as but not limited to, skin tags, benign seborrheic keratosis, sebaceous cysts, and warts.

- This Plan covers Weight Watchers benefits up to an annual maximum of $100 per calendar year.
You must be enrolled in this Plan at the time of your first and last meeting to qualify for reimbursement. You must complete a minimum of ten weeks during a consecutive four month period during the contract year. Participation verification is required. To be eligible for reimbursement, the ‘Weight Watchers Reimbursement Request Form’ must be submitted within two months of the last Weight Watchers class attended. If you have questions, please contact PacificSource’s Customer Service team at (888) 246-1370 or email cs@pacificsource.com.

**HEALTH EDUCATION BENEFITS**

This Plan covers Health Education Benefits with an annual maximum of $150. Health education topics usually include matters such as maternity, fitness and education, newborn care and parenting skills, nutrition and healthy heart exercises or CPR skills.

Covered services include wellness-related classes and printed materials required for the class.

After you have completed the class, please provide PacificSource with proof of payment and a completed Reimbursement Form for PacificSource to review for benefit payment consideration based on the Plan Sponsor’s criteria. You may obtain the Reimbursement Form from the Plan Sponsor, or PacificSource’s Customer Service team.

**PRESCRIPTION DRUG BENEFITS**

This Plan includes prescription drug benefits through Northwest Pharmacy Services In-network Pharmacies and the Kelley-Ross Union Center Pharmacy Mail-Order Program.

This Plan will not exclude coverage of a particular drug for a particular indication based solely on the grounds that the indication has not been approved by the FDA. Coverage for such drug(s) is available if the State of Oregon Health Resources Commission has determined that the drug is recognized as effective for the treatment of that indication in publications that the Commission determines to be the equivalent to:

1. The American Hospital Formulary Services drug information;
2. “Drug Facts and Comparisons” (Lippincott-Raven Publishers);
3. The United States Pharmacopoeia drug information;
4. Other publications that have been identified by the United States Secretary of Health and Human Services as authoritative;
5. In the majority of the relevant peer-reviewed medical literature; or
6. By the United States Secretary of Health and Human Services.

Coverage of prescription drugs shall include coverage for medically necessary services associated with the administration of that drug.

Nothing in this section requires coverage for any prescription drug if the United States Food and Drug Administration has determined use of the drug to be contraindicated.

Nothing in this section requires coverage for experimental drugs not approved for any indication by the United States Food and Drug Administration, except covered charges as related to the Plan’s clinical trials benefit.

WHERE TO SUBMIT PHARMACY CLAIMS

Northwest Pharmacy Services is the Retail Claims Administrator. Claims for retail pharmacy expenses should be submitted to the Retail Claims Administrator at the address below:

Northwest Pharmacy Services
929 East Main Street, Suite 310
Puyallup, WA 98372-3124

Kelley-Ross Union Center Pharmacy is the Mail-Order Claims Administrator. Claims for mail-order pharmacy expenses should be submitted to the Mail-Order Claims Administrator at the address below:

Kelley-Ross Union Center Pharmacy
2324 Eastlake Ave E, Suite 405
Seattle, WA 98102

GENERIC SUBSTITUTION

Over 400 commonly prescribed drug products are now available in a generic form at an average cost of 50% less than the brand name products. This Plan encourages the use of generic prescription drugs. By law, generic drugs must meet the same standards of safety, purity, strength and effectiveness as brand name drugs. Since brand name drugs are often two to three times more expensive than generic drugs, use of generics with this benefit will save money, and the covered person is encouraged to ask his or her physician to prescribe a generic whenever possible.

If a generic drug is prescribed but the covered person purchases a brand name drug though the Kelley-Ross Union Center Pharmacy Mail-Order Program, the covered person will be required to pay both the copayment, plus the difference in cost between the generic and the brand name drug. If a generic drug is prescribed but the covered person purchases a brand name drug through a Northwest Pharmacy Services pharmacy, the covered person will be required to pay a higher co-payment.

STEP THERAPY

Step therapy requires the covered person to try two “first step” medications first before moving to a “second step” medication.

What happens when a medication is medically necessary but is part of a step therapy protocol? If it is medically necessary to the covered person to receive a “second step”
medication before any “first step” medications have been tried, the covered person’s physician may contact Northwest Pharmacy Services toll-free at 1 (800) 998-2611 to request coverage of the medication as a medical exception.

**PAYMENT SCHEDULE**

The covered person must pay a copayment for each prescription filled, as shown in the Prescription Drug Benefit Summary.

**PRESCRIPTIONS PURCHASED WITHOUT THE NORTHWEST PHARMACY SERVICES BENEFIT**

If a prescription is purchased at a Northwest Pharmacy Services In-network Pharmacy but the participant does not utilize his or her Northwest Pharmacy Services benefit at the time of the prescription purchase, or if a prescription is purchased at an out-of-network pharmacy, the member must file a claim with Northwest Pharmacy Services using their claim form; a 50% copayment will be taken.

**MAIL-ORDER INFORMATION**

For an existing prescription, provide Kelley-Ross Union Center Pharmacy with the information requested on the initial order form and a Kelley-Ross Union Center pharmacist will transfer the existing prescription to the Kelley-Ross Union Center Pharmacy, Mail-Order Pharmacy. The physician can also telephone in refill prescriptions to save time. Refills can be ordered over the telephone with a credit card by calling (800) 441-9174. They physician can also telephone or fax new prescriptions to Kelley-Ross Union Center Pharmacy if the participant has previously provided credit card payment information. Kelley-Ross Union Center pharmacists automatically call the physician for refills when the prescriptions expire.

Pharmacists are available for counseling Monday through Friday from 7:00 am to 5:00pm, Pacific Time, at (800) 441-9174.

Kelley-Ross Union Center Pharmacy maintains a quick turnaround time. Orders which do not require a conversation with either the participant or the physician prior to dispensing will be filled and mailed within one or two days. Prescriptions that require communication with either the participant or the physician will not be filled until all questions have been answered.

**SUMMARY**

In order to best use the prescription benefits, continue to have non-maintenance prescriptions (prescribed for an urgent illness or injury) filled at a Northwest Pharmacy Services in-network pharmacy. When ordering maintenance medications (those taken on a regular or long-term basis such as heart, allergy, diabetes or blood pressure medications), it may be more cost effective to use the Kelley-Ross Union Center Pharmacy Mail-Order Program. The covered person should call both their local retail pharmacist and Kelley-Ross Union Center Pharmacy to verify which copayment will be less for medications, since mail-order benefits are applied differently than retail pharmacy benefits.

**COVERED PRESCRIPTION DRUGS**

1. Legend drugs, (those drugs which cannot be purchased without a prescription written by a physician or dentist).
2. Allergy extracts or other injectable drugs intended for use in a physician’s office or settings other than home use.

3. Ritalin.

4. Insulin and diabetic supplies.

   Note: Diabetic medications, including insulin, and other diabetic supplies (and when prescribed by a physician) in connection with diabetes management for covered pregnant women will be payable subject to first dollar coverage (i.e., no deductible or copayment will apply) as shown in the Prescription Drug Benefit Summary.

5. Fluoride products.

6. Peridex.

7. Migraine therapy.

8. Injectable medications, including Imitrex, bee sting kits, Glucagon, growth hormones, Lupron, and interferons.

9. Acne treatments, including Retin-A, through age 24, and Accutane.

10. Antibiotics.

11. Vitamins and minerals requiring a physician’s prescription.

12. Hematinics (iron preparations) requiring a physician’s prescriptions.

13. Anabolic steroids.

14. Psychotherapeutic drugs.

15. Alcoholism and chemical dependency medications.

16. AIDS treatments.

17. Immunosuppressant agents.

19. Laxatives requiring a physician’s prescription.

20. Compound medications which include at least one legend drug.

21. Syringes and needles.

22. Orally administered anti-cancer medications.

The following will be covered at 100%, no copayment required:

1. Physician-prescribed tobacco cessation products or medications. Limited to a 168-day supply per calendar year of nicotine replacement products (such as nicotine patch, gum, lozenges) and a 168-day supply per calendar year of physician-prescribed medications (such as Zyban and Chantix).

2. Physician-prescribed contraceptive methods (Food and Drug Administration (FDA) approved) including but not limited to oral contraceptive medications, transdermals, devices (diaphragms, cervical caps), vaginal contraceptives, and injectables. This also
includes physician-prescribed over-the-counter (OTC) contraceptives (such as female condoms, spermicides, and sponges); for all female covered persons with reproductive capacity.

Refer to the medical benefits regarding additional coverage for intrauterine devices (IUD), and implantables.

3. Additional physician-prescribed medications as recommended by the U.S. Preventive Services Task Force (USPSTF) grades A and B recommendations will be covered at 100%, no prescription copayment, coinsurance or deductible will be required, and will only be available when utilizing an in-network pharmacy.

Please note, the USPSTF grades A and B recommendations are subject to change as new medications become available and other recommendations change. Coverage of new recommended medications will be available following the one (1) year anniversary date of the adoption of the USPSTF grade A and B recommendation.

Refer to the following link for more information regarding USPSTF grade A and B recommendations or contact Northwest Pharmacy Services for more information regarding which medications are available. Note: Age and/or quantity limitations may apply.

http://www.uspreventiveservicestaskforce.org/Page/Name/uspstf-a-and-b-recommendations

LIMITS TO THE PRESCRIPTION DRUG BENEFIT

The prescription drug Plan will cover the amount normally prescribed by a physician, not to exceed a 34-day supply for prescriptions purchased at the pharmacy, or up to a 100-day supply for prescriptions purchased through the Mail-Order Program.

Expenses Not Covered

1. No prescription. A drug or medicine that can legally be bought without a prescription. This does not apply to insulin or to over-the-counter drugs prescribed by a physician and as specifically stated as a covered benefit of this Plan.

2. Anorexiants.

3. Fertility drugs.

5. Viagra and other medications for impotence.

6. Ostomy supplies.

7. Drugs with no proven therapeutic indication.

8. Administration or injection of drugs.

9. Immunization agents, biological sera, blood, or blood plasma.

10. Vitamins and fluoride (except those which by law require a prescription order).

11. Drugs prescribed for weight loss or treatment of obesity (including, but not limited to amphetamines).
12. Drugs dispensed in a facility (drugs dispensed to the member while a patient in a hospital, skilled nursing facility, nursing home, or other health care institution).

13. Medical exclusions. A charge associated with treatment or services excluded by this Plan.

BENEFIT LIMITATIONS AND EXCLUSIONS

EXCLUDED SERVICES

Types of Treatment – This Plan does not cover the following:

- Abdominoplasty for any indication.
- Abortion – services, supplies, care or treatment in connection with an abortion unless the life of the mother is endangered by the continued pregnancy or the pregnancy is the result of rape or incest.
- Academic skills training. This exclusion does not apply if the program, training, or therapy is part of a treatment plan for a pervasive developmental disorder.
- Any amounts in excess of the allowable fee for a given service or supply.
- Aversion therapy.
- Biofeedback (other than as specifically noted under the Covered Expenses – Other covered Services, Supplies, and Treatment section).
- Charges for phone consultations, missed appointments, get acquainted visits, completion of claim forms, or reports PacificSource needs to process claims unless otherwise contracted.
- Charges over the usual, customary, and reasonable fee (UCR) – Any amount in excess of the UCR for a given service or supply.
- Charges that are the responsibility of a third party who may have caused the illness, injury, or disease or other insurers covering the incident (such as workers’ compensation insurers, automobile insurers, and general liability insurers).
- Chelation therapy including associated infusions of vitamins and/or minerals, except as medically necessary for the treatment of selected medical conditions and medically significant heavy metal toxicities.
- Computer or electronic equipment for monitoring asthmatic, or similar medical conditions or related data.
- Cosmetic/reconstructive services and supplies – (Except as specified in the Covered Expenses – Other Covered Services, Supplies, and Treatments section.) Services and supplies, including drugs, rendered primarily for cosmetic/reconstructive purposes (does not apply to emergency services). Cosmetic/reconstructive services and supplies are those performed primarily to improve the body’s appearance and not primarily to restore impaired function of the body, unless the area needing treatment is a result of congenital anomaly or gender dysphoria.
- Court-ordered sex offender treatment programs.
• Day care or custodial care – Care and related services designed essentially to assist a person in maintaining activities of daily living, e.g. services to assist with walking, getting in/out of bed, bathing, dressing, feeding, preparation of meals, homemaker services, special diets, rest crews, day care, and diapers. (This does not include rehabilitative or habilitative services that are covered under the ‘Professional Services’ section.) Custodial care is only covered in conjunction with respite care allowed under this Plan’s hospice benefit. For related provisions, see ‘Hospital and Skilled Nursing Facility Services’ and ‘Home Health and Hospice Services’ in the Covered Expenses section of this Plan Document.

• Dental examinations and treatment – For the purpose of this exclusion, the term ‘dental examinations and treatment’ means services or supplies provided to prevent, diagnose, or treat diseases of the teeth and supporting tissues or structures. This includes services, supplies, hospitalization, anesthesia, dental braces or appliances, or dental care rendered to repair defects that have developed because of tooth loss, or to restore the ability to chew, or dental treatment necessitated by disease. For related provisions, see ‘hospitalization for dental procedures’ under ‘Other Covered Services, Supplies, and Treatments’ in the Covered Expenses section of this Plan Document.

• Durable medical equipment available over the counter and/or without a prescription.

• Educational or correctional services or sheltered living provided by a school or halfway house, except outpatient services received while temporarily living in a shelter.

• Equine/animal therapy.

• Equipment commonly used for nonmedical purposes or marketed to the general public.

• Equipment used primarily in athletic or recreational activities. This includes exercise equipment for stretching, conditioning, strengthening, or relief of musculoskeletal problems.

• Experimental, investigational, or unproven procedures – This Plan does not cover experimental, investigational, or unproven treatment. By that, we mean services, supplies, protocols, procedures, devices, chemotherapy, drugs or medicines or the use thereof that are experimental, investigational, or unproven for the diagnosis and treatment of the patient. It includes treatment that, when and for the purpose rendered: has not yet received full U.S. government agency approval (for example FDA) for other than experimental, investigational, unproven, or clinical testing; is not of generally accepted medical practice in this Plan’s state of issuance or as determined by medical advisors, medical associations, and/or technology resources; is not approved for reimbursement by the Centers for Medicare and Medicaid Services; is furnished in connection with medical or other research; or is considered by any governmental agency or subdivision to be experimental, investigational, unproven, not reasonable and necessary, or any similar finding.

An experimental, investigational, or unproven service is not made eligible for benefits by the fact that other treatment is considered by your healthcare provider to be ineffective or not as effective as the service or that the service is prescribed as the most likely to prolong life.

When making benefit determinations about whether treatments are experimental, investigational, or unproven, this Plan relies on the above resources as well as: expert opinions of specialists and other medical authorities; published articles in peer-reviewed medical literature; external agencies whose role is the evaluation of new technologies and
drugs; and external review by an independent review organization. The Plan Sponsor retains sole and complete authority to determine what services are covered under the terms of this Plan.

The following will be considered in making the determination whether the service is in an experimental, investigational, or unproven status: whether there is sufficient evidence to permit conclusions concerning the effect of the services on health outcomes; whether the scientific evidence demonstrates that the services improve health outcomes as much or more than established alternatives; whether the scientific evidence demonstrates that the services' beneficial effects outweigh any harmful effects; and whether any improved health outcomes from the services are attainable outside an investigational setting.

If you or your provider have any concerns about whether a course of treatment will be covered, we encourage you to contact PacificSource’s Customer Service team. They will arrange for medical review of your case against the criteria established by the Plan Sponsor, and notify you of whether or not the proposed treatment will be covered.

- Eye exercises and eye refraction - therapy, and procedures – Orthoptics, vision therapy, and procedures intended to correct refractive errors.
- Family planning – Services and supplies for artificial insemination, in vitro fertilization, treatment of infertility, surgery to reverse voluntary sterilization.
  — Services and supplies, surgery, treatment, or prescriptions, except for medically necessary medication to preserve fertility during treatment with cytotoxic chemotherapy.
- Fitness or exercise programs and health or fitness club memberships.
- Food dependencies.
- Foot orthotics.
- Foot care (routine) – Services and supplies for corns and calluses of the feet, conditions of the toenails other than infection, hypertrophy or hyperplasia of the skin of the feet, and other routine foot care, except in the case of patients being treated for diabetes mellitus.
- Gender affirmation – Procedures, services, or supplies related to a sex reassignment unless medically necessary to treat a mental health diagnosis.
- Growth hormone injections or treatments, except to treat documented growth hormone deficiencies.
- Homeopathic medicines or homeopathic supplies.
- Hypnotherapy.
- Immunizations when recommended for or in anticipation of exposure through travel or work.
- Instructional or educational programs, except diabetes self-management programs unless medically necessary.
- Jaw – Services or supplies for developmental or degenerative abnormalities of the jaw, malocclusion, dental implants, or improving placement of dentures.
- Maintenance supplies and equipment not unique to medical care.
• Marital/partner counseling.

• Mattresses and mattress pads are only covered when medically necessary to heal pressure sores.

• Mental health treatments for conditions defined in the ‘Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5)’, that are not attributable to a mental health disorder or disease.

Mental illness does not include –relationship problems (for example, parent-child, partner, sibling, or other relationship issues), except the treatment of children five years of age or younger for parent-child relational problems, physical abuse of a child, sexual abuse, neglect of a child, or bereavement.

The following are also excluded: court-mandated psychological evaluations for child custody determinations; voluntary mutual support groups such as Alcoholics Anonymous; adolescent wilderness treatment programs; mental examinations for the purpose of adjudication of legal rights; psychological testing and evaluations not provided as an adjunct to treatment or diagnosis of a stress management, parenting skills, or family education; and assertiveness training.

• Modifications to vehicles or structures to prevent, treat, or accommodate a medical condition.

• Motion analysis, including videotaping and 3-D kinematics, dynamic surface and fine wire electromyography, including physician review.

• Myeloablative high dose chemotherapy, except when the related transplant is specifically covered under the transplantation provisions of this Plan. For related provisions, see ‘Transplant Services’ in the Covered Expenses section of this Plan Document.

• Narcosynthesis.

• Naturopathic supplies.

• Nicotine related disorders, other than those covered through tobacco cessation program services.

• Obesity or weight reduction control – Surgery or other related services or supplies provided for weight reduction control or obesity (including all categories of obesity), whether or not there are other medical conditions related to or caused by obesity. Obesity screening and counseling are covered for enrolled members age 18 and older; see the ‘obesity services (interventions)’ section under ‘Other Covered Services’.

• Oral/facial motor therapy for strengthening and coordination of speech-producing musculature and structures except as medically necessary in the restoration or improvement of speech following a traumatic brain injury or for members diagnosed with a pervasive developmental disorder.

• Orthognathic surgery – Services and supplies to augment or reduce the upper or lower jaw, except as specified under ‘Professional Services’ in the Covered Expenses section of this Plan Document. For related provisions, see exclusions for ‘jaw’ in this section.

• Orthopedic shoes, diabetic shoes and shoe modifications.
• Over-the-counter medications or nonprescription drugs. Does not apply to tobacco cessation medications covered under USPSTF guidelines, which are covered under the Prescription Drug benefit.

• Panniculectomy for any indication.

• Personal items such as telephones, televisions, and guest meals during a stay at a hospital or other inpatient facility.

• Physical or eye examinations required for administrative purposes such as participation in athletics, admission to school, or by an employer.

• Private nursing service.

• Programs that teach a person to use medical equipment, care for family members, or self-administer drugs or nutrition (except for diabetic education benefit).

• Psychoanalysis or psychotherapy received as part of an educational or training program, regardless of diagnosis or symptoms that may be present.

• Recreation therapy – Outpatient.

• Rehabilitation – Functional capacity evaluations, work hardening programs, vocational rehabilitation, community reintegration services, and driving evaluations and training programs.

• Replacement costs for worn or damaged durable medical equipment that would otherwise be replaceable without charge under warranty or other agreement.

• Scheduled and/or non-emergent medical care outside of the United States, unless specified in the Covered Expenses – Other Covered Services, Supplies, and Treatments section for this Plan Document.

• Screening tests – Services and supplies, including imaging and screening exams performed for the sole purpose of screening and not associated with specific diagnoses and/or signs and symptoms of disease or of abnormalities on prior testing (including but not limited to total body CT imaging, CT colonography and bone density testing). This does not include preventive care screenings listed under ‘Preventive Care Services’ in the Covered Expenses section of this Plan Document.

• Self-administered drugs or medication (including prescription drugs, injectable drugs, and biologicals), except when prescribed for inborn errors of metabolism, diabetic insulin, autism spectrum disorder, or unless given during a visit for outpatient chemotherapy or dialysis or during a medically necessary hospital, emergency room, or other institutional stay.

• Self-help or training programs.

• Sensory integration training. This exclusion does not apply if the program, training, or therapy is part of a treatment plan for a pervasive developmental disorder.

• Services of providers who are not eligible for reimbursement under this Plan. An individual organization, facility, or program is not eligible for reimbursement for services or supplies, regardless of whether this Plan includes benefits for such services or supplies, unless the individual, organization, facility, or program is licensed by the state in which services are provided as an independent practitioner, hospital, ambulatory surgical center, skilled nursing facility, durable medical equipment supplier, or mental and/or chemical healthcare
facility. To the extent PacificSource maintains credentialing requirements the practitioner or facility must satisfy those requirements in order to be considered an eligible provider.

- Services or supplies provided by or payable under any plan or program established by a domestic or foreign government or political subdivision, unless such exclusion is prohibited by law.

- Services or supplies with no charge, or for which your employer or the Plan Sponsor has paid for, or for which the member is not legally required to pay, or for which a provider or facility is not licensed to provide even though the service or supply may otherwise be eligible. This exclusion includes any services provided by the member, or by any licensed medical professional that is directly related to the member by blood or marriage.

- Services required by state law as a condition of maintaining a valid driver license or commercial driver license.

- Services, supplies, and equipment not involved in diagnosis or treatment but provided primarily for the comfort, convenience, intended to alter the physical environment, or education of a patient. This includes appliances like adjustable power beds sold as furniture, air conditioners, air purifiers, room humidifiers, heating and cooling pads, home blood pressure monitoring equipment, light boxes, conveyances other than conventional wheelchairs, whirlpool baths, spas, saunas, heat lamps, tanning lights, and pillows.

- Sexual disorders – Services or supplies for the treatment of erectile or sexual dysfunction unless defined in the ‘Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition’ (DSM-5).

- Snoring – Services or supplies for the diagnosis or treatment of snoring and/or upper airway resistance disorders, including somnoplasty, unless medically necessary to treat a mental health diagnosis.

- Social skill training. This exclusion does not apply if the program, training, or therapy is part of a treatment plan for a pervasive developmental disorder.

- Sterilization of dependent children.

- Support groups.

- Transplants – Any services, treatments, or supplies for the transplantation of bone marrow or peripheral blood stem cells or any human body organ or tissue, except as expressly provided under the provisions of this Plan for covered transplantation expenses. For related provisions see ‘Transplant Services’ in the Covered Expenses section of this Plan Document.

- Treatment after coverage ends – Services or supplies a member receives after the member’s coverage under this Plan ends.

- Treatment not medically necessary – Services or supplies that are not medically necessary for the diagnosis or treatment of an illness, injury, or disease. For related provisions, see ‘medically necessary’ in the Definitions section and ‘Understanding Medical Necessity’ in the Covered Expenses section of this Plan Document.

- Treatment of any illness, injury, or disease resulting from an illegal occupation or attempted felony, or treatment received while in the custody of any law enforcement other than with the local supervisory authority while pending disposition of charges.
• Treatment of any work-related illness, injury, or disease, except in the following circumstances:

— You are the owner, partner, or principal of the Plan Sponsor, were injured in the course of employment, and are otherwise exempt from the applicable state or federal workers' compensation insurance program;

— The appropriate state or federal workers' compensation insurance program has determined that coverage is not available for your injury. This exclusion includes any illness, injury, or disease that is caused by any for-profit activity, whether through employment or self-employment; or

— If your employer is based in Oregon and a timely application for coverage has been filed with the State Accident Insurance Fund or other Workers' Compensation Carrier and you are waiting for a determination of coverage from that entity.

• Treatment prior to enrollment – Services or supplies a member received prior to enrolling in coverage provided by this Plan, such as inpatient stays or admission to a hospital, skilled nursing facility or specialized facility that began before the patient's coverage under this Plan.

• Unwilling to release information – Charges for services or supplies for which a member is unwilling to release medical or eligibility information necessary to determine the benefits payable under this Plan.

• Vocational rehabilitation, functional capacity evaluations, work hardening programs, community reintegration services, and driving evaluations and training programs, except as medically necessary in the restoration or improvement of speech following a traumatic brain injury or for members diagnosed with a pervasive development disorder.

• War-related conditions – The treatment of any condition caused by or arising out of an act of war, armed invasion, or aggression, or while in the service of the armed forces unless not covered by the member’s military or veteran’s coverage.

**PREAUTHORIZATION**

Coverage of certain medical services and surgical procedures requires a benefit determination before the services are performed. This process is called 'preauthorization'. PacificSource will utilize the criteria adopted by the Plan Sponsor and, where necessary, will coordinate review with the Plan Sponsor, to render a determination based on the Plan.

Preauthorization is necessary to determine if certain services and supplies are covered under this Plan, and if you meet the Plan's eligibility requirements.

Your healthcare provider can request preauthorization by making the request to the PacificSource Health Services team. If your provider will not request preauthorization for you, you may contact PacificSource yourself. In some cases, they may ask for more information or require a second opinion before the Plan will authorize coverage.

Because of the changing nature of medicine, PacificSource continually reviews new technologies and standards of healthcare practice. The list of procedures and services requiring preauthorization is therefore subject to revision and update. **The list is not intended to suggest that all the items included are necessarily covered by the benefits of this Plan.** You'll find the most current preauthorization list on the PacificSource website, Pacificsource.com/member/preauthorization.aspx
When services are received from your in-network provider, the provider is responsible for contacting PacificSource to obtain preauthorization.

_If your treatment is not preauthorized, you can still seek treatment, but you will be held responsible for the expense if it is not medically necessary or is not covered by this Plan. Remember, any time you are unsure if an expense will be covered, contact the PacificSource Customer Service team._

Notification of the Plan’s benefit determination will be communicated by letter, fax, or electronic transmission to the hospital, the provider, and you. If time is a factor, notification will be made by telephone and followed up in writing.

PacificSource reserves the right to employ a third party to perform preauthorization procedures on its behalf.

In a medical emergency, services and supplies necessary to determine the nature and extent of the emergency condition and to stabilize the patient are covered without preauthorization requirements. PacificSource must be notified of an emergency admission to a hospital or specialized treatment center as an inpatient within two business days.

If your provider’s preauthorization request is denied as not medically necessary or as experimental, investigational, or unproven your provider may appeal our benefit determination. You retain the right to appeal our benefit determination independent from your provider.

**CASE MANAGEMENT**

Case management is a service provided by Registered Nurses who are Certified Case Managers and Licensed Behavioral Health Clinicians with specialized skills to respond to the complexity of a member’s healthcare needs. Case management services may be initiated by PacificSource when there is a high utilization of health services or multiple providers, or for health problems such as, but not limited to, transplantation, high risk obstetric or neonatal care, open heart surgery, neuromuscular disease, spinal cord injury, or any acute or chronic condition that may necessitate specialized treatment or care coordination. When case management services are implemented, the Case Manager will work in collaboration with the patient’s provider, PacificSource Medical Director and, where necessary, the Plan Sponsor, to enhance the quality of care and maximize available benefits of this Plan. A case manager may authorize benefits for supplemental services not otherwise covered by this Plan. (See Individual Benefits Management in this section.)

PacificSource reserves the right to employ a third party to assist with, or perform the function of, case management.

**INDIVIDUAL BENEFITS MANAGEMENT**

Individual benefits management addresses, as an alternative to providing covered services, PacificSource’s consideration of economically justified alternative benefits. The decision to allow alternative benefits will be made on a case-by-case basis. The determination to cover and pay for alternative benefits for a member shall not be deemed to waive, alter or affect the Plan Sponsor’s or PacificSource’s right to reject any other or subsequent request or recommendation. The Plan Sponsor may provide alternative benefits if PacificSource and the member’s attending provider concur in the request for and in the advisability of alternative benefits in lieu of specified covered services, and, in addition, PacificSource concludes that substantial future expenditures for covered services for the member could be significantly diminished by providing such alternative benefits under the individual benefit management program (See Case Management above).
UTILIZATION REVIEW

PacificSource has a utilization review program based on the criteria adopted by the Plan Sponsor to determine coverage of hospital admissions. This program is administered by their Health Services team. All hospital admissions are reviewed by PacificSource Case Managers, who are all Registered Nurses or Licensed Behavioral Health Clinicians. Questions regarding medical necessity, possible experimental, investigational, or unproven services, appropriate setting, and appropriate treatment are forwarded to the PacificSource Medical Director for review and benefit determination based on the criteria established by the Plan Sponsor.

PacificSource reserves the right to delegate a third party to assist with or perform the function of utilization management.

Authorization of Hospital Admissions

When a Plan member is admitted to a hospital within the area covered by PacificSource’s provider networks (see the Using the Provider Network – Coverage While Traveling section), the hospital calls PacificSource to verify the patient’s eligibility and benefits. The hospital gives PacificSource information about the patient’s diagnosis, procedure, and attending physician and they use this information to evaluate how long each patient is expected to remain hospitalized.

This is called the ‘target length of stay.’ PacificSource will use the target length of stay to monitor the patient’s progress and plan for any necessary follow-up care after the patient is discharged.

The PacificSource Health Services team assigns the target length of stay based on the patient’s diagnosis and/or procedure, and any other criteria adopted by the Plan Sponsor. For standard hospitalizations, they use written procedures that were developed based on the following guidelines:

- American Society of Addiction Medicine, Third Editions (ASAM);
- MCG™;
- MCG™ Goal Length of Stay (GLOS)*;
- Standard of practice in the State where the Plan was issued; and
- Any additional criteria adopted by the Plan Sponsor.

If they are unable to assign a target length of stay based on those guidelines, their Case Manager contacts the hospital for more specific information about the case. They will then use that information to assign a target length of stay for the patient.

Extension of Hospital Stays

If a patient’s hospital stay extends beyond the targeted length of stay, a Case Manager contacts the hospital to obtain current information about the patient’s medical progress and assign a new target length of stay or begin planning for the patient’s discharge. The PacificSource Medical Director may review the case to determine if extended hospitalization meets coverage criteria as defined in the previous section.

Occasionally, patients choose to extend their hospital stay beyond the length the attending physician considers medically necessary. Charges for hospital days and services beyond those determined to be medically necessary are the member’s responsibility.
Timeliness for Responding to Coverage Request

When PacificSource receives a request for coverage of an admission or extension of a hospital stay, they are generally able to provide an answer that same day. If they do not have enough information to make a benefit determination based on criteria, they may request further information, coordinate with the Plan Sponsor as necessary, and attempt to provide a determination on the day they receive that information. If a member is discharged before they receive the information we need, the case is reviewed retrospectively by the Case Manager and the Medical Director for a determination regarding coverage.

Questions About Specific Utilization Review Decisions

If you would like information on how PacificSource reached a particular utilization review benefit determination, please contact PacificSource’s Health Services team by phone at (541) 684-5584 or (888) 691-8209, or by email at healthservices@PacificSource.com.

CLAIMS PAYMENT

How to File a Claim

When an in-network provider treats you, your claims are automatically sent to PacificSource and processed. All you need to do is show your member ID card to the provider.

If you receive care from an out-of-network provider, the provider may submit the claim to PacificSource for you. If not, you are responsible for sending the claim to them for processing. Your claim must include a copy of your provider’s itemized bill. It must also include your name, ID number or social security number, group name, group number, and the patient’s name. If you were treated for an accidental injury, please include the date, time, place, and circumstances of the accident.

All claims for benefits must be turned in to PacificSource within 90 days of the date of service. If it is not possible to submit a claim within 90 days, turn in the claim with an explanation as soon as possible. In some cases PacificSource may accept the late claim. The Plan will never pay a claim that was submitted more than a year after the date of service.

Claim Handling Procedures

A claim for benefits under this Plan will be examined by PacificSource on a pre-service, concurrent, and/or a post-services basis. Each time your claim is examined, a new claims determination will be made regarding the category (pre-service, concurrent, or post-service) into which the claim falls at that particular time. In each case, PacificSource, on behalf of the Plan Sponsor, must render a claim determination within a prescribed period of time.

Pre-service review – This Plan subjects the receipt of benefits for some services or supplies to a preauthorization review. Although a preauthorization review is generally done on a pre-service basis, it may in some cases be conducted on a post-service basis. Unless a response is needed sooner due to the urgency of the situation, a pre-service preauthorization review will be completed and notification made to you and your medical provider as soon as possible, generally within two working days, but no later than 15 days within receipt of the request.

Urgent care review – If the time period for making a non-urgent care determination could seriously jeopardize your life, health or ability to regain maximum function, or would subject you to severe pain that cannot be adequately managed without the care or treatment that is
proposed, a preauthorization review will be completed as soon as possible, generally within 24 hours, but no later than 48 hours of receipt of the request.

**Concurrent care review** – Inpatient hospital or rehabilitation facilities, skilled nursing facilities, substance use disorder and psychiatric day treatment facilities, partial hospitalization, and residential behavioral healthcare require concurrent review for a benefit determination with regard to an appropriate length of stay or duration of service. Benefit determinations will be made as soon as possible but no later than one working day of receipt of all the information necessary to make such a determination.

**Post-service claims** – A claim determination that involves only the payment of reimbursement of the cost of medical care that has already been provided will be made as soon as reasonably possible but no later than 30 days from the day after receiving the claim.

**Retrospective review** – A claim for benefits for which the service or supply requires a preauthorization review but was not submitted for review on a pre-service basis will be reviewed on a retrospective basis within 30 working days after receipt of the information necessary to make a claim determination.

**Extension of time** – If a claim cannot be paid within the stated timeframes because additional information is needed, they will acknowledge receipt of the claim and explain why payment is delayed. If they do not receive the necessary information within 15 days of the delay notice, they will either deny the claim or notify you every 45 days while the claim remains under investigation. No extension is permitted for urgent care claims.

**Payment of claims** – PacificSource, on behalf of the Plan, has the sole right to pay benefits to the member, the provider, or both jointly. Neither the benefits of this Plan nor a claim for payment of benefits under the Plan are assignable in whole or in part to any person or entity.

**Adverse benefit determinations** – A decision made to reduce or deny benefits applied on a pre-service, post-service, or concurrent care basis may be appealed in accordance with the Plan’s Appeals procedures (See Complaints, Grievances, and Appeals section below).

**Questions about Claims**

If you have questions about the status of a claim, you are welcome to contact the PacificSource Customer Service team. You may also contact Customer Service if you believe a claim was denied in error. They will review your claim and this Plan’s benefits to determine if the claim is eligible to be reprocessed accordingly. Then PacificSource will either reprocess the claim, or contact you with an explanation.

**Benefits Paid in Error**

If PacificSource makes a payment to you that you are not entitled to, or pays a person who is not eligible for payment, we may recover the payment. PacificSource, on behalf of the Plan Sponsor, may also deduct the amount paid in error from your future benefits.

In the same manner, if PacificSource applies medical expense to the Plan’s deductible that would not otherwise be reimbursable under the terms of this Plan; PacificSource, on behalf of the Plan Sponsor, may deduct a like amount from the accumulated deductible amount and/or recover payment of the medical expense that would have otherwise been applied to the deductibles. Examples of amounts recoverable under this provision include, but are not limited to, services of an excluded medical condition. The fact that a medical expense was applied to the Plan’s deductibles or a drug was provided under the Plan’s prescription drug program.
does not in itself create an eligible expense or infer that benefits will continue to be provided for an otherwise excluded condition.

**COORDINATION OF BENEFITS**

This is a summary of only a few of the provisions of this Plan to help you understand coordination of benefits which can be very complicated. This is not a complete description of all of the coordination rules.

Double Coverage

It is common for family members to be covered by more than one healthcare plan. This happens, for example, when a husband and wife both work and choose to have family coverage through both employers.

When you are covered by more than one health plan, state law permits this Plan to follow a procedure called ‘coordination of benefits’ to determine how much each should pay when you have a claim. The goal is to make sure that the combined payments of all plans do not add up to more than your covered healthcare expenses.

Coordination of benefits (COB) is complicated, and covers a wide variety of circumstances. This is only an outline of some of the most common ones. If your situation is not described, contact the PacificSource Customer Service team or contact the Division of Financial Regulation.

Primary or Secondary?

You will be asked to identify all the plans that cover members of your family. PacificSource will need this information to determine whether we are the ‘primary’ or ‘secondary’ benefit payer. The primary plan always pays first when you have a claim.

Any plan that does not contain your state’s COB rules will always be primary.

When This Plan is Primary

If you or a family member are covered under another plan in addition to this one, this Plan will be primary when:

**Your Own Expenses**

- The claim is for your own health care expenses.

**Your Spouse’s or Domestic Partner’s Expenses**

- The claim is for your spouse or domestic partner, who is covered by this Plan.

**Your Child’s Expenses**

- The claim is for the health care expenses of your child who is covered by this Plan; and
- You are married and your birthday is earlier in the year than your spouse’s or your domestic partner’s, or you are living with another individual, regardless of whether or not you have ever been married to that individual, and your birthday is earlier than that other individual’s birthday. This is known as the ‘birthday rule;’ or
- You are separated or divorced and you have informed us of a court decree that makes you responsible for the child’s healthcare expenses; or
- There is no court decree, but you have custody of the child.
Other Situations

The Plan will be primary when any other provisions of federal law require it to be.

How this Plan Pays Claims When it is Primary

When this Plan is the primary plan, we will pay the benefits in accordance with the terms of this Plan, just as if you had no other healthcare coverage under any other plan.

How this Plan Pays Claims When it is Secondary

This Plan will be secondary whenever the rules do not require it to be primary.

When this Plan is the secondary plan, it does not pay until after the primary plan has paid its benefits. This Plan will then pay part or all of the allowable expenses left unpaid, as explained below. An ‘allowable expense’ is a healthcare expense covered by one of the plans, including copayments, coinsurance and deductibles.

- If there is a difference between the amounts the plans allow, this Plan will base its payment on the higher amount. However, if the primary plan has a contract with the provider, our combined payments will not be more than the amount called for in the contract or the amount called for in the contract of the primary plan, whichever is higher.

- This Plan will determine its payment by calculating the amount it would have paid if it had been primary, and apply that calculated amount to any allowable expense that is left unpaid by the primary plan. This Plan may reduce its payment by any amount so that, when combined with the amount paid by the primary plan, the total benefits paid do not exceed the total allowable expense for your claim. This Plan will credit any amount it would have paid in the absence of your other health care coverage toward this Plan’s deductible.

- If the primary plan covers similar kinds of healthcare expenses, but allows expenses that this Plan does not cover, it may pay for those expenses.

- This Plan will not pay an amount the primary plan did not cover because you did not follow its rules and procedures. For example, if your plan has reduced its benefit because you did not obtain preauthorization, as required by that plan, this Plan will not pay the amount of the reduction, because it is not an allowable expense.

Questions About Coordination of Benefits?

Contact Your Plan Sponsor, PacificSource’s Customer Service team, or the Division of Financial Regulation.

Coordination with Medicare

- ** Employers with 20 or more employees: If you are Medicare eligible due to age, this Plan is usually the primary payer and Medicare is secondary. This rule applies to you and your enrolled individuals only if you are an active employee.

- ** Employers with 19 or fewer employees: If you are Medicare eligible due to age, and are enrolled in Medicare Parts A and B, this Plan only pays the portion of covered charges that would not be paid by Medicare Parts A and B. In other words, this Plan pays secondary for anyone eligible for and enrolled in Medicare Parts A and B.

- ** Medicare disabled and end-stage renal disease (ESRD) patients: The rules above may not apply to disabled people under 65 and ESRD patients enrolled in Medicare, please see Medicare.gov for more information. For information on coordination of benefits in those situations, please contact PacificSource.
THIRD PARTY LIABILITY

Third party liability means claims that are the responsibility of someone other than this Plan. The liable party may be a person, firm, corporation, or other entity. Auto accidents and ‘slip-and-fall’ property accidents are examples of common third party liability cases.

A third party includes liability and casualty insurance, and any other form of insurance that may pay money to or on behalf of a member, including but not limited to uninsured motorist coverage, under-insured motorist coverage, premises med-pay coverage, Personal Injury Protection (PIP) coverage, homeowner’s insurance, and workers’ compensation insurance.

If you use this Plan’s benefit for an illness or injury you think may involve another party, you must contact PacificSource right away.

When PacificSource receives a claim that might involve a third party, it will send you a questionnaire to help determine responsibility.

In all third party liability situations, this Plan’s coverage is secondary. By enrolling in this Plan, you automatically agree to the following terms regarding third party liability situations:

- If this Plan pays any claim that you claim is, or that is alleged to be, the responsibility of another party, you will hold the right of recovery against the other party in trust for the Plan.

- The Plan is entitled to full reimbursement for any paid claims out of recovery from a third party if there is a settlement, judgment, or recovery from any source. This is regardless of whether the other party or insurer admits liability or fault, or otherwise disputes the relatedness of the claims paid by this Plan to the injury caused by the third party. This Plan shall have the first right of reimbursement in advance of all other parties, including the participant, and a priority to any money recovered from third parties.

- The Plan may subtract a proportionate share of the reasonable attorney’s fees you incurred from the money you are to pay back to the Plan.

- The Plan may ask you to take action to recover medical expenses we have paid from the responsible party. The Plan may also assign a representative to do so on your behalf. If there is a recovery, the Plan will be reimbursed for any expenses or attorney’s fees out of that recovery.

- If you receive a third party settlement, that money must be used to pay in full your related medical expenses incurred both before and after the settlement. If you have ongoing medical expenses after the settlement, the Plan may deny your related claims until the full settlement (less reasonable attorney’s fees) has been used to pay those expenses.

- You and/or your agent or attorney must agree to keep segregated in its own account any recovery or payment of any kind to you or on your behalf that relates directly or indirectly to an injury or illness giving rise to this Plan’s right of reimbursement or subrogation, until that right is satisfied or released.

- If any of these conditions are not met, then this Plan may recover any such benefits paid or advanced for any illness or injury through legal action, as well as reasonable attorney fees incurred by this Plan.

- Unless Federal Law is found to apply.
- This Plan’s right to reimbursement overrides the made whole doctrine and this Plan disclaims the application of the made whole doctrine to the extent permitted by law.

**Surrogacy Health Services**

The Plan Sponsor is entitled to reimbursement for any paid claims out of the compensation a member receives or is entitled to receive under a surrogacy agreement. A member who enters into a surrogacy agreement must reimburse the Plan Sponsor for covered expenses related to conception, pregnancy, delivery, or postpartum care that are received in connection with the surrogacy agreement. A member who enters into a surrogacy agreement must inform PacificSource, on behalf of the Plan Sponsor, of that agreement within 30 days of entering that agreement and provide a copy of the agreement to PacificSource.

**Motor Vehicle and Other Accidents**

If you are involved in a motor vehicle accident or other accident, your related medical expenses are not covered by this Plan if they are covered by any other type of insurance policy.

The Plan may pay your medical claims from the accident if an insurance claim has been filed with the other insurance company and that insurance has not yet paid.

By enrolling in this Plan, you agree to the terms in the previous section regarding third party liability.

**On-the-Job Illness or Injury and Workers’ Compensation**

This Plan does not cover any work-related illness, injury, or disease that is caused by any for-profit activity, whether through employment or from self-employment. The only exceptions would be if:

- You are the owner, partner, or principal of the Plan Sponsor, are injured in the course of employment, and are otherwise exempt from the applicable state or federal workers’ compensation insurance program;

- The appropriate state or federal workers’ compensation insurance program has determined that coverage is not available for your injury; or

- You have timely filed an application for coverage with the appropriate state or federal workers’ compensation insurance program, such as Oregon’s State Accident Insurance Fund or other Workers’ Compensation Carrier, and are awaiting a determination of coverage from that entity.

Claims submitted for coverage under this section are processed in accordance with the terms of this Plan.

If you are not the owner, partner, or principal of this group then the Plan may pay your medical claims if a workers’ compensation claim has been denied on the basis that the illness or injury is not work related, and the denial is under appeal.

The contractual rules for third party liability, motor vehicle and other accidents, and on-the-job illness or injury are complicated and specific. Please refer to your Plan Sponsor for complete details, or contact the PacificSource Third Party Claims team.
Continuation of benefits after injury or illness covered by workers’ compensation insurance

Coverage under this Plan shall be available to eligible employees who are not actively working and are receiving workers’ compensation insurance payments. Contribution amounts/levels will be the same as if the eligible employee was actively at work. This continuation of benefits is administered in accordance with the coverage extension provision and with any state or federal continuation requirements. The eligible employee may maintain such coverage until the earlier or:

- The employee takes full-time employment with another employer; or
- Twelve months from the date the employee first makes payment of contribution under this provision. This twelve months of continued coverage is in lieu of, not in addition to, any other continuation of insurance provision described in other sections.

COMPLAINTS, GRIEVANCES, AND APPEALS

Questions, Concerns, or Complaints

The Plan Sponsor understands that you may have questions or concerns about your benefits, eligibility, the quality of care you receive, or how we reached a claim determination or handled a claim. PacificSource will try to answer your questions promptly and give you clear, accurate answers based on the criteria established by the Plan Sponsor.

If you have a question, concern, or complaint about your coverage, please contact the Customer Service team. Many times the Customer Service team can answer your question or resolve an issue to your satisfaction right away. If you feel your issues have not been addressed, you have the right to submit a grievance and/or appeal in accordance with this section.

GRIEVANCE PROCEDURES

If you are dissatisfied with the availability, delivery, or the quality of healthcare services; or claims payment, handling or reimbursement for healthcare services, you may file a grievance in writing. PacificSource will attempt to address your grievance, generally within 30 days of receipt (See How to Submit Grievances or Appeals below).

APPEAL PROCEDURES

First Internal Appeal: If you believe the Plan Sponsor, or PacificSource acting on behalf of the Plan Sponsor, has improperly reduced or terminated a healthcare item or service, or failed or refused to provide or make a payment in whole or in part for a healthcare item or service, that is based on any of the reasons listed below, you or your authorized representative (see Definition section) may appeal (request a review) that decision. The request for appeal must be made in writing and within 180 days of the adverse benefit determination (See How to Submit Grievances or Appeals below). You may appeal if there is an adverse benefit determination based on a:

- Denial of eligibility for, or termination of, enrollment in a healthcare plan;
- Rescission or cancellation of your coverage;
- Determination of third party liability for a claim, network exclusion, annual benefit limit or other limitation on otherwise covered services or items;

- Determination that a healthcare item or service is experimental, investigational, unproven, or not medically necessary, effective or appropriate; or

- Determination that a course or plan of treatment you are undergoing is an active course of treatment for the purpose of continuity of care.

Any staff involved in the initial adverse benefit determination will not be involved in the internal appeal.

You or your authorized representative may submit additional comments, documents, records and other materials relating to the adverse benefit determination that is the subject of the appeal. If an authorized representative is filing on your behalf, your appeal is not considered to be filed until such time as PacificSource has received the ‘Authorization to Use or Disclose PHI’ and the ‘Designation of Authorized Representative’ forms.

You may receive continued coverage under the Plan for otherwise covered services pending the conclusion of the internal appeals process. If the Plan makes payment for any service or item on your behalf that is later determined not to be a covered service or item, you will be required to reimburse the Plan for the non-covered service or item.

**Second Internal Appeal:** If you are not satisfied with the first internal appeal decision, you may request an additional review. Your appeal and any additional information not presented with your first internal appeal should be forwarded to PacificSource within 60 days of the first appeal response.

Any staff involved in the first internal appeal determination will not be involved in the second internal appeal.

**Request for Expedited Response:** If there is a clinical urgency to do so, you or your authorized representative may request in writing or orally, an expedited response to an internal or external review of an adverse benefit determination. To qualify for an expedited response, your attending physician must attest to the fact that the time period for making a non-urgent benefit determination could seriously jeopardize your life or health or your ability to regain maximum function or would subject you to severe pain that cannot be adequately managed without the healthcare service or treatment that is the subject of the request. If your appeal qualifies for an expedited review and would also qualify for external review (See External Independent Review below) you may request that the internal and external reviews be performed at the same time.

**External Independent Review:** If your dispute with the Plan relates to an adverse benefit determination that a course or plan of treatment is not medically necessary; is experimental, investigational, or unproven; is not an active course of treatment for purposes of continuity of care; or is not delivered in an appropriate healthcare setting and with the appropriate level of care, you or your authorized representative may request an external review by an independent review organization (See How to Submit Grievances or Appeals below).

Your request for an independent review must be made within 180 days of the date of the second internal appeal response. External independent review is available at no cost to you, but is generally only available when coverage has been denied for the reasons stated above and only after all internal grievance levels are exhausted. The Plan will pay for any cost associated with the external independent review. **You must submit your request for an external review directly to PacificSource.**
The Plan Sponsor may, at its discretion and with your consent, waive the requirements of compliance with the internal appeals process and have a dispute referred directly to external review. You shall be deemed to have exhausted internal appeals if the Plan Sponsor fails to strictly comply with its appeals process and with state and federal requirements for internal appeals. If the Plan Sponsor fails to comply with the decision of the independent review organization assigned under Oregon law, you have a private right of action (sue) against the Plan Sponsor for damages arising from an adverse benefit determination subject to the external review.

If you have questions regarding Oregon’s external review process, you may contact: Division of Financial Regulation

Call (503) 947-7984 or (888) 877-4894.

Timelines for Responding to Appeals

You will be afforded two levels of internal appeal and, if applicable to your case, an external review. PacificSource will acknowledge receipt of an appeal no later than seven days after receipt. A decision in response to the appeal will be made within 30 days after receiving your request to appeal.

The above time frames do not apply if the period is too long to accommodate the clinical urgency of a situation, or if you do not reasonably cooperate, or if circumstances beyond your or our control prevent either party from complying with the time frame. In the case of a delay, the party unable to comply must give notice of delay, including the specific circumstances, to the other party.

Information Available with Regard to an Adverse Benefit Determination

The final adverse benefit determination will include:

- A reference to the specific internal rule or guideline used in the adverse benefit determination; and

- An explanation of the scientific or clinical judgment for the adverse benefit determination, if the adverse benefit determination is based on medical necessity, experimental, investigational, or unproven treatment, or a similar exclusion.

Upon request, the Plan Sponsor will provide you with any additional documents, records or information that are relevant to the adverse benefit determination at no cost.

HOW TO SUBMIT GRIEVANCES OR APPEALS

Before submitting a grievance or appeal, we suggest you contact PacificSource’s Customer Service team with your concerns. You can reach it by phone or email at the contact information found on the first page of this Plan Document. Issues can often be resolved at this level. Otherwise, you may file a grievance or appeal by contacting:

Appeal Writing to:

PacificSource  
Attn: Grievance Review  
PO Box 7068  
Springfield, OR 97475-0068

Emailing cs@PacificSource.com, with ‘Grievance’ as the subject
Faxing (541) 225-3628

If you are unsure of what to say or how to prepare a grievance, please call PacificSource’s Customer Service team. They will help you through the grievance process and answer any questions you have.

**Assistance Outside PacificSource**

You have the right to file a complaint or seek other assistance from the Division of Financial Regulation. Assistance is available by contacting:

Division of Financial Regulation  
Consumer Advocacy Unit  
PO Box 14480  
Salem, OR 97309-0405

Call (503) 947-7984 or (888) 877-4894  
Email DFR.InsuranceHelp@Oregon.gov

Website http://dfr.oregon.gov

**RESOURCES FOR INFORMATION AND ASSISTANCE**

**Assistance in Other Languages**

Plan members who do not speak English may contact PacificSource’s Customer Service team for assistance. PacificSource can usually arrange for a multilingual staff member or interpreter to speak with them in their native language.

**Information Available from PacificSource**

The Plan makes the following written information available to you free of charge. You may contact PacificSource’s Customer Service team to request any of the following:

- A directory of in-network healthcare providers under this Plan;
- Information about the drug list (also known as a formulary);
- A description (consistent with risk-sharing information required by the Centers for Medicare and Medicaid Services, formerly known as Health Care Financing Administration) of any risk-sharing arrangements the Plan or PacificSource has with providers;
- A description of the Plan and/or PacificSource’s efforts to monitor and improve the quality of health services;
- Information about how PacificSource checks the credentials of its network providers and how you can obtain the names and qualifications of your healthcare providers;
- Information about preauthorization and utilization review procedures; or
- Information about any healthcare plan offered by PacificSource.
**Information Available from the Division of Financial Regulation about PacificSource**

The following consumer information is available from the Division of Financial Regulation:

- The results of all publicly available accreditation surveys;
- A summary of our health promotion and disease prevention activities;
- Samples of the written summaries delivered to PacificSource policyholders;
- An annual summary of grievances and appeals against PacificSource;
- An annual summary of our utilization review policies;
- An annual summary of our quality assessment activities; and
- An annual summary of the scope of our provider network and accessibility of healthcare services.

You can request this information by contacting the Division of Financial Regulation:

Division of Financial Regulation  
Consumer Advocacy Unit  
PO Box 14480  
Salem, OR 97309-0405

**RIGHTS AND RESPONSIBILITIES**

_The Plan and PacificSource are committed to providing you with the highest level of service in the industry. By respecting your rights and clearly explaining your responsibilities under this Plan, we will promote effective healthcare._

**Your Rights as a Member:**

- You have a right to receive information about the Plan and PacificSource, our services, our providers, and your rights and responsibilities.
- You have a right to expect clear explanations of this Plan’s benefits and exclusions.
- You have a right to be treated with respect and dignity.
- You have a right to impartial access to healthcare without regard to race, religion, gender, national origin, or disability.
- You have a right to honest discussion of appropriate or medically necessary treatment options. You are entitled to discuss those options regardless of how much the treatment costs or if it is covered by this Plan.
• You have a right to the confidential protection of your medical records and personal information.

• You have a right to voice complaints about the Plan, PacificSource or the care you receive, and to appeal decisions you believe are wrong.

• You have a right to participate with your healthcare provider in decision-making regarding your care.

• You have a right to know why any tests, procedures, or treatments are performed and any risks involved.

• You have a right to refuse treatment and be informed of any possible medical consequences.

• You have a right to refuse to sign any consent form you do not fully understand, or cross out any part you do not want applied to your care.

• You have a right to change your mind about treatment you previously agreed to.

Your Responsibilities as a Member:

• You are responsible for reading this Plan Document and all other communications from the Plan and PacificSource, and for understanding this Plan’s benefits. You are responsible for contacting the Plan and/or PacificSource Customer Service team if anything is unclear to you.

• You are responsible for making sure your provider obtains preauthorization for any services that require it before you are treated.

• You are responsible for providing the Plan and PacificSource with all the information required to provide benefits under this Plan.

• You are responsible for giving your healthcare provider complete health information to help accurately diagnose and treat you.

• You are responsible for telling your providers you are covered by the Plan and showing your member ID card when you receive care.

• You are responsible for being on time for appointments, and calling your provider ahead of time if you need to cancel.

• You are responsible for any fees the provider charges for late cancellations or ‘no shows’.

• You are responsible for contacting the Plan or PacificSource if you believe you are not receiving adequate care.

• You are responsible for supplying information to the extent possible that the Plan or PacificSource needs in order to administer your benefits or your medical providers need in order to provide care.

• You are responsible for following plans and instructions for care that you have agreed to with your doctors.

• You are responsible for understanding your health problems and participating in developing mutually agreed upon goals, to the degree possible.
PRIVACY AND CONFIDENTIALITY

The Plan and PacificSource have strict policies in place to protect the confidentiality of your personal information, including your medical records. Your personal information is only available to the staff members who need that information to do their jobs.

Disclosure outside the Plan and PacificSource is allowed only when necessary to provide your coverage, or when otherwise allowed by law. Except when certain statutory exceptions apply, the law requires us to have written authorization from you (or your representative) before disclosing your personal information outside the Plan or PacificSource. An example of one exception is that we do not need written authorization to disclose information to a designee performing utilization management, quality assurance, or peer review on our behalf.

PLAN ADMINISTRATION

*Name of Plan:*
The Deschutes County Group Health Plan (the “Plan”).

*Name and Address of the Plan Sponsor:*
Deschutes County
PO Box 6005
Bend, OR 97708-6005
Phone: (541) 385-3215
Fax: (541) 330-4626

*Plan Number*
502

*Plan Sponsor’s Employer Identification / Tax Identification Number:*
93-6002292

*Contract Year:*
January 1 to December 31

*Type of Plan:*
Group Health Plan (self-insured)

*Type of Administration:*
The Plan is administered by employees of the Plan Sponsor and under an administrative services agreement with a third party administrator.

*Name and Address of Third Party Administrator:*
PacificSource Health Plans
P.O. Box 7068
Springfield, OR 97475-0068
Name and Address of Designated Agent for Service of Legal Process:

Deschutes County
Attn: Tom Anderson, County Administrator
PO Box 6005
Bend, OR 97708-6005
Phone: (541) 385-3215
Fax: (541) 330-4626

Funding Method and Contributions:

This Plan is self-insured, meaning that benefits are paid from the general assets and/or trust funds of the Plan Sponsor and are not guaranteed under an insurance policy or contract. The cost of the Plan is paid with contributions by the Plan Sponsor and participating employees. The Plan Sponsor determines the amount of contributions to the Plan, based on estimates of claims and administration costs. The Plan Sponsor may purchase insurance coverage to guard against excess loss incurred by allowed claims under the Plan, but such coverage is not included as part of the Plan.

Plan Changes

The terms, conditions, and benefits of this Plan may change based on changes in law, administrative decisions, or qualifying events. The following people have the authority to accept or approve such changes or terminate this Plan:

- The Plan Sponsor’s Board of County Commissioners or other governing body;
- The owner or partners of the Plan Sponsor; or
- Anyone authorized by the above people to take such action.

The Plan Administrator is authorized to make Plan changes on behalf of the Plan Sponsor.

If this Plan terminates and the Plan Sponsor does not replace the coverage with another plan, the Plan Sponsor is required by law to advise you in writing of the termination.

Legal Procedures

You may not take legal action against the Plan Sponsor or PacificSource to enforce any provision of the Plan until 60 days after your claim is properly submitted in accordance with established procedures. Also, you must exhaust this Plan’s claims procedures, and grievance and appeals procedures, before filing benefits litigation. You may not take legal action against the Plan Sponsor or PacificSource more than three years after the deadline for claim submission has expired. No such action shall be brought against the Plan Sponsor or PacificSource after the expiration of any applicable statutes of limitations.

DEFINITIONS

Wherever used in this Plan, the following definitions apply to the masculine and feminine and singular plural forms of terms. For the purpose of this Plan, ‘employee’ includes the employer when covered by this Plan. Other terms are defined where they are first used in the text.
**Accident** means an unforeseen or unexpected event causing injury that requires medical attention.

**Advanced diagnostic imaging** means diagnostic examinations using CT scans, MRIs, PET scans, CATH labs, and nuclear cardiology studies.

**Adverse benefit determination** means the Plan Sponsor’s denial, reduction, or termination of a healthcare item or service, or the Plan Sponsor’s failure or refusal to provide or to make a payment in whole or in part for a healthcare item or service that is based on the Plan Sponsor’s:

- Denial of eligibility for, or termination of, enrollment in a health plan;
- Rescission or cancellation of this Plan or coverage;
- Determination of third party liability for a claim, network exclusion, annual benefit limit or other limitation on otherwise covered services or items;
- Determination that a healthcare item or service is experimental, investigational, unproven, or not medically necessary, effective, or appropriate; or
- Determination that a course or plan of treatment that a member is undergoing is an active course of treatment for purposes of continuity of care.

**Allowable fee** is the dollar amount established for reimbursement of charges for specific services or supplies provided by out-of-network providers. PacificSource uses several sources to determine the allowable fee. Depending on the service or supply and the geographical area in which it is provided, the allowable fee may be based on data collected from the Centers for Medicare and Medicaid Services (CMS), contracted vendors, other nationally recognized databases, or PacificSource, as documented in PacificSource’s payment policy and adopted by the Plan Sponsor.

An out-of-network provider may charge more than the limits established by the definition allowable fee. Charges that are eligible for reimbursement, but exceed the allowable fee, are the member’s responsibility. For more information, see Out-of-network Providers section.

**Ambulatory surgical center** means a facility licensed by the appropriate state or federal agency to perform surgical procedures on an outpatient basis.

**Appeal** means a written or verbal request from a member or, if authorized by the member, the member’s representative, to change a previous decision made by the Plan Sponsor concerning:

- Access to healthcare benefits, including an adverse benefit determination made pursuant to utilization management;
- Claims payment, handling or reimbursement for healthcare services;
- Rescissions of member’s benefit coverage by the Plan Sponsor; and
- Other matters as specifically required by law.

**Approved clinical trials** are Phase I, II, III, or IV clinical trials for the prevention, detection, or treatment of cancer or another life-threatening condition or disease; or:

- Funded by the National Institutes of Health, the Centers for Disease Control and Prevention, the Agency for Healthcare Research and Quality, the Centers for Medicare
and Medicaid Services, the United States Department of Defense or the United States Department of Veterans Affairs;

- Supported by a center or cooperative group that is funded by the National Institutes of Health, the Centers for Disease Control and Prevention, the Agency for Healthcare Research and Quality, the Centers for Medicare and Medicaid Services, the United States Department of Defense or the United States Department of Veterans Affairs;

- Conducted as an investigational new drug application, an investigational device exemption or a biologics license application subject to approval by the FDA; or

- Exempt by federal law from the requirement to submit an investigational new drug application to the FDA.

**Authorized representative** is an individual who by law or by the consent of a person may act on behalf of the person. An authorized representative must have the member complete and execute an ‘Authorization to Use or Disclose PHI’ form and a ‘Designation of Authorized Representative’ form, both of which are available at [PacificSource.com](http://PacificSource.com), and which will be supplied to you upon request. These completed forms must be submitted to PacificSource before PacificSource can recognize the authorized representative as acting on behalf of the member.

**Behavioral health assessment** means an evaluation by a behavioral health clinician, in person or using telemedicine, to determine a patient’s need for immediate crisis stabilization.

**Behavioral health crisis** means a disruption in an individual’s mental or emotional stability or functioning resulting in an urgent need for immediate outpatient treatment in an emergency department or admission to a hospital to prevent a serious deterioration in the individual’s mental or physical health.

**Benefit determination** means the activity taken to determine or fulfill the Plan Sponsor’s responsibility for provisions under this Plan and provide reimbursement for healthcare in accordance with those provisions. Such activity may include:

- Eligibility and coverage determinations (including coordination of benefits), and adjudication or subrogation of health benefit claims;

- Review of healthcare services with respect to medical necessity (including underlying criteria), coverage under this Plan, appropriateness of care, experimental, investigational, or unproven treatment, justification of charges; and

- Utilization review activities, including precertification and preauthorization of services and concurrent and retrospective review of services.

**Calendar year** means the 12 month period beginning January 1 of any year through December 31 of the same year.

**Cardiac rehabilitation** refers to a comprehensive program that generally involves medical evaluation, prescribed exercise, and cardiac risk factor modification. Education, counseling, and behavioral interventions are sometimes used as well. Phase I refers to inpatient services that typically occur during hospitalization for heart attack or heart surgery. Phase II refers to a short-term outpatient program, usually involving ECG-monitored exercise. Phase III refers to a long-term program, usually at home or in a community-based facility, with little or no ECG monitoring.
Co-insurance means a defined percentage of the allowable fee for covered services and supplies the member receives. It is the percentage the member is responsible for, not including co-pays and deductible. The co-insurance the member is responsible for is listed in the Benefit Summary.

Complaint means an expression of dissatisfaction directly to the Plan Sponsor or PacificSource that is about a specific problem encountered by a member, or about a benefit determination by the Plan Sponsor or an agent acting on behalf of the Plan Sponsor, including PacificSource, and that includes a request for action to resolve the problem or change the benefit determination. The complaint does not include an inquiry.

Congenital anomaly means a condition existing at or from birth that is a significant deviation from the common form or function of the body, whether caused by a hereditary or developmental defect or disease. The term significant deviation is defined to be a deviation which impairs the function of the body and includes but is not limited to the conditions of cleft lip, cleft palate, webbed fingers or toes, sixth toes or fingers, or defects of metabolism and other conditions that are medically diagnosed to be congenital anomalies.

Contract year means a 12-month period beginning on the date this Plan is issued or the anniversary of the date this Plan was issued. The specific dates for the contract year applicable to this Plan are reflected in the introductory section at the beginning of this Plan Document. If changes are made to the Plan on a date other than the anniversary of issuance, a new contract year may start on the date the changes become effective if so agreed by the Plan Sponsor and PacificSource. A contract year may or may not coincide with a calendar year.

Contracted allowable fee is an amount the Plan agrees to pay an in-network provider for a given service or supply through direct or indirect contract.

Co-payment (also referred to as ‘co-pay’) is a fixed up-front dollar amount the member is required to pay for certain covered services. The co-pay applicable to a specific covered service is listed under that specific benefit in the Benefit Summary.

Covered expense is an expense for which benefits are payable under by this Plan subject to applicable deductibles, co-payments, co-insurance, out-of-pocket maximum, or other specific limitations.

Deductible means the portion of the healthcare expense that must be paid by the member before the benefits of this Plan are applied.

Dependent children means any natural, step, adopted or eligible child you, your spouse, or your domestic partner are legally obligated to support or contribute support. This may include eligible dependent children for which you are the court appointed legal custodian or guardian. Eligible dependent children may be covered under the Plan only if they meet the eligibility requirements of the Plan (See Becoming Covered – Eligibility section).

Domestic Partner means an individual that meets the following definition:

- Registered Domestic Partner means an individual of the same gender, age 18 or older, who is joined in a domestic partnership.

Durable medical equipment means equipment that can withstand repeated use; is primarily and customarily used to serve a medical purpose rather than convenience or comfort; is generally not useful to a person in the absence of an illness or injury; is appropriate for use in the home; and is prescribed by a physician. Examples of durable medical equipment include
but are not limited to hospital beds, wheelchairs, crutches, canes, walkers, nebulizers, commodes, suction machines, traction equipment, respirators, TENS units, and hearing aids.

**Durable medical equipment supplier** means a PacificSource contracted provider or a provider that satisfies the criteria in the Medicare Qualify Standards for Suppliers of Durable Medical Equipment, Prosthetics, Orthotics, Supplies (DMEPOS) and Other Items and Services noted in this Plan Document.

**Elective surgery or procedure** refers to a surgery or procedure for a condition that does not require immediate attention and for which a delay would not have a substantial likelihood of adversely affecting the health of the patient.

**Eligible employee** means an employee who has met the Plan Sponsor’s minimum eligibility requirements as defined in the Medical Benefit Summary.

**Emergency medical condition** means a medical condition:

- That manifests itself by acute symptoms of sufficient severity, including severe pain that a prudent layperson possessing an average knowledge of health and medicine would reasonably expect that failure to receive immediate medical attention would:
  - Place the health of a person, or an unborn child in the case of a pregnant woman, in serious jeopardy;
  - Result in serious impairment to bodily functions; or
  - Result in serious dysfunction of any bodily organ or part.

- With respect to a pregnant woman who is having contractions, for which there is inadequate time to affect a safe transfer to another hospital before delivery or for which a transfer may pose a threat to the health or safety of the woman or the unborn child.

- That is a behavioral crisis.

**Emergency medical screening exam** means the medical history, examination, ancillary tests, and medical determinations required to ascertain the nature and extent of an emergency medical condition.

**Emergency services** means, with respect to an emergency medical condition:

- An emergency medical screening exam or behavioral health assessment that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition; and

- Such further medical examination and treatment as are required under 42 U.S.C. 1395dd to stabilize the patient to the extent the examination and treatment are within the capability of the staff and facilities available at a hospital.

**Employee** means any individual employed by the Employer.

**Employer** generally means the Plan Sponsor unless otherwise noted.

**Essential health benefits** are services defined as such by the Secretary of the U.S. Department of Health and Human Services. Essential health benefits fall into the following categories:
• Ambulatory patient services;
• Emergency services;
• Hospitalization;
• Laboratory services;
• Maternity and newborn care;
• Mental health and substance use disorder services, including behavioral health treatment;
• Pediatric services, including oral and vision care.
• Prescription drugs;
• Preventive and wellness services and chronic disease management; and
• Rehabilitation and habilitation services and devices.

**Experimental, investigational, or unproven procedures** means services, supplies, protocols, procedures, devices, chemotherapy, drugs or medicines, or the use thereof, that are experimental, investigational, or unproven for the diagnosis and treatment of illness, injury, or disease.

• Experimental, investigational, or unproven services and supplies include, but not limited to, services, supplies, procedures, devices, chemotherapy, drugs or medicines, or the use thereof, which at the time they are rendered and for the purpose and in the manner they are being used:
  — Have not yet received full U.S. government agency required approval (for example, FDA) for other than experimental, investigational, unproven, or clinical testing;
  — Are not of generally accepted medical practice in this Plan’s state of issue or as determined by medical advisors, medical associations, and/or technology resources;
  — Are not approved for reimbursement by the Centers for Medicare and Medicaid Services;
  — Are furnished in connection with medical or other research; or
  — Are considered by any governmental agency or subdivision to be experimental, investigational, or unproven, not considered reasonable and necessary, or any similar finding.

• When making decisions about whether treatments are experimental, investigational, or unproven, the Plan Sponsor relies on the above resources as well as:
  — Expert opinions of specialists and other medical authorities;
  — Published articles in peer-reviewed medical literature;
  — External agencies whose role is the evaluation of new technologies and drugs; and
  — External review by an independent review organization.

• The following will be considered in making the determination whether the service is in an experimental, investigational, or unproven status:
— Whether there is sufficient evidence to permit conclusions concerning the effect of the services on health outcomes;

— Whether the scientific evidence demonstrates that the services improve health outcomes as much or more than established alternatives;

— Whether the scientific evidence demonstrates that the services’ beneficial effects outweigh any harmful effects; and

— Whether any improved health outcomes from the services are attainable outside an investigational setting.

**External appeal** or review means the request by an appellant for an independent review organization to determine whether or not the Plan Sponsor’s internal appeal decisions are correct.

**Geographical area** – PacificSource has direct and indirect provider contracts to offer services to members in specific geographical regions. PacificSource also has an agreement with a nationwide provider network to offer services to members while traveling throughout the United States.

**Global charge** means a lump sum charge for maternity care that includes prenatal care, labor and delivery and post-delivery care. Ante partum services such as amniocentesis, cordocentesis, chorionic villus sampling, fetal stress test, fetal non-stress test, lab, radiology, maternal and fetal echography are not considered part of global maternity services and are reimbursed separately.

**Grievance** means:

- A request submitted by a member or an authorized representative of a member;
  
  — In writing, for an internal appeal or an external review; or
  
  — In writing or orally, for an expedited internal review or an expedited external review.

- A written complaint submitted by a member or an authorized representative of a member regarding:
  
  — The availability, delivery, or quality of a healthcare service; or
  
  — Claims payment, handling, or reimbursement for healthcare services and, unless the member has not submitted a request for an internal appeal, the complaint is not disputing an adverse benefit determination.

**Habilitation services** means healthcare services that help a person keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn’t walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

**Health benefit plan** means any hospital expense, medical expense, or hospital or medical expense policy or certificate, healthcare contractor or health maintenance organization subscriber contract, or any plan provided by a multiple employer welfare arrangement or by another benefit arrangement defined in the federal Employee Retirement Income Security Act of 1974.
**Hearing aids** mean any non-disposable, wearable instrument or device designed to aid or compensate for impaired human hearing and any necessary ear mold, part, attachments or accessory for the instrument or device, except batteries and cords.

**Hearing assistive technology systems** means devices used with or without hearing aids or cochlear implants to improve the ability of a user with hearing loss to hear in various listening situations, such as being located a distance from a speaker, in an environment with competing background noise or in a room with poor acoustics or reverberation.

**Home healthcare** means services provided by a licensed home health agency in the member’s place of residence that is prescribed by the member’s attending physician as part of a written plan of care. Services provided by home healthcare include:

- Home health aide services;
- Hospice therapy;
- Medical supplies and equipment suitable for use in the home;
- Medically necessary personal hygiene, grooming and dietary assistance;
- Nursing;
- Occupational therapy;
- Physical therapy; and
- Speech therapy.

**Homebound** means the ability to leave home only with great difficulty with absences infrequently and of short duration. Infants and toddlers will not be considered homebound without medical documentation that clearly establishes the need for home skilled care. Lack of transportation is not considered sufficient medical criterion for establishing that a person is homebound.

**Hospital** means an institution licensed as a ‘general hospital’ or ‘intermediate general hospital’ by the appropriate state agency in the state in which it is located.

**Illness** includes a physical or mental condition that results in a covered expense. Physical illness is a disease or bodily disorder. Mental illness is a psychological disorder that results in pain or distress and substantial impairment of basic or normal functioning.

**Incurred expense** means charges of a healthcare provider for services or supplies for which a member becomes obligated to pay. The expense of a service is incurred on the day the service is rendered, and the expense of a supply is incurred on the day the supply is delivered.

**Infertility** means:

- Male: Low sperm counts or the inability to fertilize an egg; or
- Female: The inability to conceive or carry a pregnancy to 12 weeks.

**Initial enrollment period** means a period of days set by your employer that determines when an individual is first eligible to enroll.
**Injury** means bodily trauma or damage that is independent of disease or infirmity. The damage must be caused solely through external and accidental means and does not include muscular strain sustained while performing a physical activity.

**In-network provider** means a physician, healthcare professional, hospital, medical facility, or supplier of medical supplies that directly or indirectly holds a provider contract or agreement with PacificSource.

**Inquiry** means a written request for information or clarification about any subject matter related to the Plan.

**Internal appeal** means a review of an adverse benefit determination.

**Leave of absence** is a period of time off work granted to an employee by the Plan Sponsor at the employee’s request and during which the employee is still considered to be employed and is carried on the employment records of the Plan Sponsor. A leave can be granted for any reason acceptable to the Plan Sponsor, including disability and pregnancy.

**Lifetime maximum or lifetime benefit** means the maximum benefit that will be provided toward the expenses incurred by any one person while the person is covered by the Plan. If any covered expense that includes a lifetime maximum benefit amount is deemed to be an essential health benefit as determined by the Secretary of the U.S. Department of Health and Human Services, the lifetime maximum amount will not apply to that covered expense in accordance with the standards established by the Secretary.

**Mastectomy** is the surgical removal of all or part of a breast or a breast tumor suspected to be malignant.

**Medical supplies** means items of a disposable nature that may be essential to effectively carry out the care a physician has ordered for the treatment or diagnosis of an illness, injury, or disease. Examples of medical supplies include but are not limited to syringes and needles, splints and slings, ostomy supplies, sterile dressings, elastic stockings, enteral foods, drugs or biologicals that must be put directly into the equipment in order to achieve the therapeutic benefit of the durable medical equipment or to assure the proper functioning of this equipment (e.g. Albuterol for use in a nebulizer).

**Medically necessary** means those services and supplies that are required for diagnosis or treatment of illness, injury, or disease and that are:

- Consistent with the symptoms or diagnosis and treatment of the condition;

- Consistent with generally accepted standards of good medical practice in this Plan’s state of issue, or expert consensus physician opinion published in peer-reviewed medical literature, or the results of clinical outcome trials published in peer-reviewed medical literature;

- As likely to produce a significant positive outcome as, and no more likely to produce a negative outcome than, any other service or supply, both as to the illness, injury, or disease involved and the patient’s overall health condition;

- Not for the convenience of the member or a provider of services or supplies; and

- The least costly of the alternative services or supplies that can be safely provided. When specifically applied to a hospital inpatient, it further means that the services or supplies cannot be safely provided in other than a hospital inpatient setting without adversely affecting the patient’s condition or the quality of medical care rendered.
Services and supplies intended to diagnose or screen for a medical condition in the absence of signs or symptoms, or of abnormalities on prior testing, including exposure to infectious or toxic materials or family history of genetic disease, are not considered medically necessary under this definition (See Excluded Services – Screening tests).

**Member** means an individual covered under this Plan.

**Mental health and/or substance use disorder healthcare facility** means a corporate or governmental entity or other provider of services for the care and treatment of substance use disorders and/or mental or nervous conditions which is licensed or accredited by The Joint Commission or the Commission on Accreditation of Rehabilitation Facilities for the level of care which the facility provides.

**Mental health and/or substance use disorder healthcare program** means a particular type or level of service that is organizationally distinct within a mental health and/or substance use disorder healthcare facility.

**Mental health and/or substance use disorder healthcare provider** means a person that has met the applicable credentialing requirements, is otherwise eligible to receive reimbursement under the Plan and is:

- A healthcare facility;
- A residential program or facility where appropriately licensed or accredited by The Joint Commission or the Commission on Accreditation of Rehabilitation Facilities;
- A day or partial hospitalization program;
- An outpatient service; or
- An individual behavioral health or medical professional authorized for reimbursement under state law.

**Mental or nervous condition** means all disorders defined in the ‘Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition’ (DSM-5).

**Orthotic devices** means rigid or semi-rigid devices supporting a weak or deformed leg, foot, arm, hand, back or neck or restricting or eliminating motion in a diseased or injured leg, foot, arm, hand, back or neck. Benefits for orthotic devices include orthopedic appliances or apparatus used to support, align, prevent, or correct deformities or to improve the function of movable parts of the body. An orthotic device differs from a prosthetic in that, rather than replacing a body part, it supports and/or rehabilitates existing body parts. Orthotic devices are usually customized for an individual’s use and are not appropriate for anyone else. Examples of orthotic devices include but are not limited to Ankle Foot Orthosis (AFO), Knee Ankle Foot Orthosis (KAFO), and Lumbosacral Orthosis (LSO).

**Out-of-network provider** is a provider of covered medical services or supplies that does not directly or indirectly hold a provider contract or agreement with PacificSource.

**Physical/occupational therapy** is comprised of the services provided by (or under the direction and supervision of) a licensed physical or occupational therapist. Physical/occupational therapy includes emphasis on examination, evaluation, and intervention to alleviate impairment and functional limitation and to prevent further impairment or disability.

**Physician** means a state-licensed Doctor of Medicine (M.D.) or a Doctor of Osteopathy (D.O.).
**Physician assistant** is a person who is licensed by an appropriate state agency as a physician assistant.

**Plan Amendment** is a written attachment that amends, alters or supersedes any of the terms or conditions set forth in this Plan Document.

**Practitioner** means Doctor of Medicine (M.D.), Doctor of Osteopathy (D.O.), Doctor of Dental Surgery (D.D.S.), Doctor of Dental Medicine (D.M.D.), Doctor of Podiatry Medicine (D.P.M.), Doctor of Chiropractic (D.C.), Doctor of Optometry (O.D.), Licensed Nurse Practitioner (including Certified Nurse Midwife (C.N.M.) and Certified Registered Nurse Anesthetist (C.R.N.A.)), Registered Physical Therapist (R.P.T.), Speech Therapist, Occupational Therapist, Psychologist (Ph.D.), Licensed Clinical Social Worker (L.C.S.W.), Licensed Professional Counselor (L.P.C.), Licensed Marriage and Family Therapist (LMFT), Licensed Psychologist Associate (LPA), Physician Assistant (PA), Audiologist, Acupuncturist, Naturopathic Physician, Licensed Massage Therapist, and Pharmacist.

**Prescription drugs** are drugs that, under federal law, require a prescription by a licensed physician (M.D. or D.O.) or other licensed medical provider.

**Preventive Care** means a program of healthcare designed for the prevention and/or reduction of illness by providing such services as regular physical examinations as defined in the Dictionary of Insurance Terms, Sixth Edition.

**Prosthetic devices** (excluding dental) means artificial limb devices or appliances designed to replace in whole or in part an arm or a leg. Benefits for prosthetic devices include coverage of devices that replace all or part of an internal or external body organ, or replace all or part of the function of a permanently inoperative or malfunctioning internal or external organ, and are furnished on a physician’s order. Examples of prosthetic devices include but are not limited to artificial limbs, cardiac pacemakers, prosthetic lenses, breast prosthesis (including mastectomy bras), and maxillofacial devices.

**Rehabilitation services** means healthcare services and devices that help a person keep, get back, or improve skills and functioning for daily living to overcome or recover from an illness or diagnosis that is covered by this Plan. These services may include physical and occupational therapy, speech-language pathology, and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

**Rescind or rescission** means to retroactively cancel or discontinue coverage under a health benefit plan or group or individual health insurance policy for reasons other than failure to timely pay or required contributions toward the cost of coverage.

**Routine costs of care** mean medically necessary services or supplies which would normally be covered by the Plan if the member were not enrolled in an approved clinical trial. Routine costs of care do not include:

- The drug, device, or service being tested in the clinical trial unless the drug, device, or service would be covered for that indication by the Plan if provided outside of a clinical trial;
- Items or services required solely for the provisions of the drug, device, or service being tested in the clinical trial;
- Items or services required solely for the clinically appropriate monitoring of the drug, device, or service being tested in the clinical trial;
- Items of services required solely for the prevention, diagnosis, or treatment of complications arising from the provision of the drug, device, or service being tested in the clinical trial;

- Items or services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient;

- Items or services customarily provided by a clinical trial sponsor free of charge to any participant in the clinical trial; or

- Items or services that are not covered by the Plan if provided outside of the clinical trial.

**Skilled nursing facility or convalescent home** means an institution that provides skilled nursing care under the supervision of a physician, provides 24-hour nursing service by or under the supervision of a registered nurse (R.N.), and maintains a daily record of each patient. Skilled nursing facilities must be licensed by an appropriate state agency and approved for payment of Medicare benefits to be eligible for reimbursement.

**Specialized treatment facility** means a facility that provides specialized short-term or long-term care. The term specialized treatment facility includes ambulatory surgical centers, birthing centers, substance use disorder day treatment facilities, hospice facilities, inpatient rehabilitation facilities, mental health and/or substance use disorder healthcare facilities, organ transplant facilities, psychiatric day treatment facilities, residential treatment facilities, skilled nursing facilities, substance use disorder treatment facilities, and urgent care treatment facilities.

**Specialty drugs** are high dollar oral, injectable, infused or inhaled biotech medications prescribed for the treatment of chronic and/or genetic disorders with complex care issues that have to be managed. The major conditions these drugs treat include but are not limited to: cancer, HIV/AIDS, hemophilia, hepatitis C, multiple sclerosis, Crohn's disease, rheumatoid arthritis, and growth hormone deficiency.

**Specialty pharmacies** specialize in the distribution of specialty drugs and providing pharmacy care management services designed to assist patients in effectively managing their condition.

**Spouse** means any individual who is legally married under current state law.

**Stabilize** means to provide medical treatment as necessary to ensure that, within reasonable medical probability, no material deterioration of an emergency medical condition is likely to occur during, or to result from, the transfer of the patient from a facility; and with respect to a pregnant woman who is in active labor, to perform the delivery, including the delivery of the placenta.

**Step therapy** means a program that requires the member to try lower-cost alternative medications (Step 1 drugs) before using more expensive medications (Step 2 or 3 drugs). The program will not cover a brand name, or second-line medication, until less expensive, first-line/generic medications have been tried first.

**Subscriber** means an employee or former employee covered under the Plan. When a family that does not include an employee or former employee is covered under the Plan, the oldest family member is referred to as the subscriber.

**Substance use disorder** means the addictive relationship with any drug or alcohol characterized by either a physical or psychological relationship, or both, that interferes with the individual’s social, psychological, or physical adjustment to common problems on a
recurring basis. Substance use disorder does not include addiction to, or dependency on, tobacco products or foods.

**Substance use disorder treatment facility** means a treatment facility that provides a program for the treatment of substance use disorders pursuant to a written treatment plan approved and monitored by a physician or addiction counselor licensed by the state; and is licensed or approved as a treatment center by the department of public health and human services, is licensed by the state where the facility is located.

**Surgical procedure** means any of the following listed operative procedures:

- Procedures accomplished by cutting or incision;
- Suturing of wounds;
- Treatment of fractures, dislocations, and burns;
- Manipulations under general anesthesia;
- Visual examination of the hollow organs of the body including biopsy, or removal of tumors or foreign body;
- Procedures accomplished by the use of cannulas, needling, or endoscopic instruments; or
- Destruction of tissue by thermal, chemical, electrical, laser, or ultrasound means.

**Telemedical** is the use of technology for exchange of information for diagnosis.

**Third Party Administrator** means an organization that processes claims and performs administrative functions on behalf of a Plan Sponsor pursuant to the terms of a contract or agreement. In the case of this Plan, the term Third Party Administrator refers solely to PacificSource.

**Third party liability** occurs when a party other than this Plan is responsible for the processing and/or payment of a claim for medical expenses. The liable party may be a person, firm, corporation, or other entity.

**Tobacco cessation program** means a program recommended by a physician that follows the United States Public Health Services guidelines for tobacco cessation. Tobacco cessation program includes education and medical treatment components designed to assist a person in ceasing the use of tobacco products.

**Tobacco use** means use of tobacco on average four or more times per week within the past six months. This includes all tobacco products. Tobacco use does not include religious or ceremonial use of tobacco by American Indians and/or Alaska Natives.

**Urgent care treatment facility** means a healthcare facility whose primary purpose is the provision of immediate, short-term medical care for minor, but urgent, medical conditions.

**Usual, customary, and reasonable fee (UCR)** is the dollar amount established by PacificSource, and adopted by the Plan Sponsor, for reimbursement of eligible charges for specific services or supplies provided by out-of-network providers. PacificSource uses several sources to determine UCR. Depending on the service or supply and the geographical area in which it is provided, UCR may be based on data collected from the Centers for Medicare and Medicaid Services (CMS), contracted vendors, other nationally recognized databases, or PacificSource, as documented in PacificSource’s payment policy.
An out-of-network provider may charge more than the limits established by the definition of UCR. Charges that are eligible for reimbursement, but exceed the UCR are the member’s responsibility. For more information, see Out-of-network Providers section.

**Waiting period** means the period that must pass with respect to the individual before the individual is eligible to be covered for benefits under the terms of the Plan.

**Women’s healthcare provider** means an obstetrician, gynecologist, physician assistant, naturopathic physician, nurse practitioner specializing in women’s health, physician, or other provider practicing within the scope of their license.
