

Open House Notice

Tetherow Rd Bridge Replacement (Redmond)

The existing Tetherow Road bridge, crossing over the Deschutes River just south of NW Yucca Avenue is scheduled to be replaced. The existing bridge is structurally deficient due to scour problems and undersized members have caused the bridge to be load posted. In addition the existing bridge does not meet current design safety and width standards so is considered functionally obsolete.

The project is currently in preliminary design with construction scheduled for summer 2016.

An open house is planned for **Wednesday, July 29th from 5:00 pm to 7:00 pm** with informal presentation starting at 5:30 pm. It will be held in the Convention Center in room Juniper 2 at Eagle Crest Resort, 1522 Cline Falls Road, Redmond. Deschutes County and their consultant David Evans and Associates personnel will be available to answer questions about the project.
