

# TERREBONNE SEWER UPDATE - COMMUNITY OPEN HOUSE

6:00-7:30 pm on Wednesday December 15th

Terrebonne Grange Hall

At the request of property and business owners concerned about failing septic systems, Deschutes County, with the help and assistance of the Terrebonne Sewer Advisory Group, initiated an update to the 1999 Terrebonne Wastewater Feasibility Study in the spring of 2020.

The Terrebonne Wastewater Feasibility Study Process has been completed, including stakeholder meetings, City of Redmond coordination, preliminary design, cost estimates, and system phasing.

Deschutes County and the Terrebonne Sewer Advisory Group invite residents and businesses within the unincorporated boundary of Terrebonne to learn more about the findings of the Feasibility Study and potential next steps to form a Sanitary District and provide sewer service to the community, starting with the Commercial Core.

**Come and learn!**

**Meet with the Terrebonne Sewer Advisory Group, County representatives, and civil engineers involved in the sewer planning effort.**
