Deschutes County Road Department

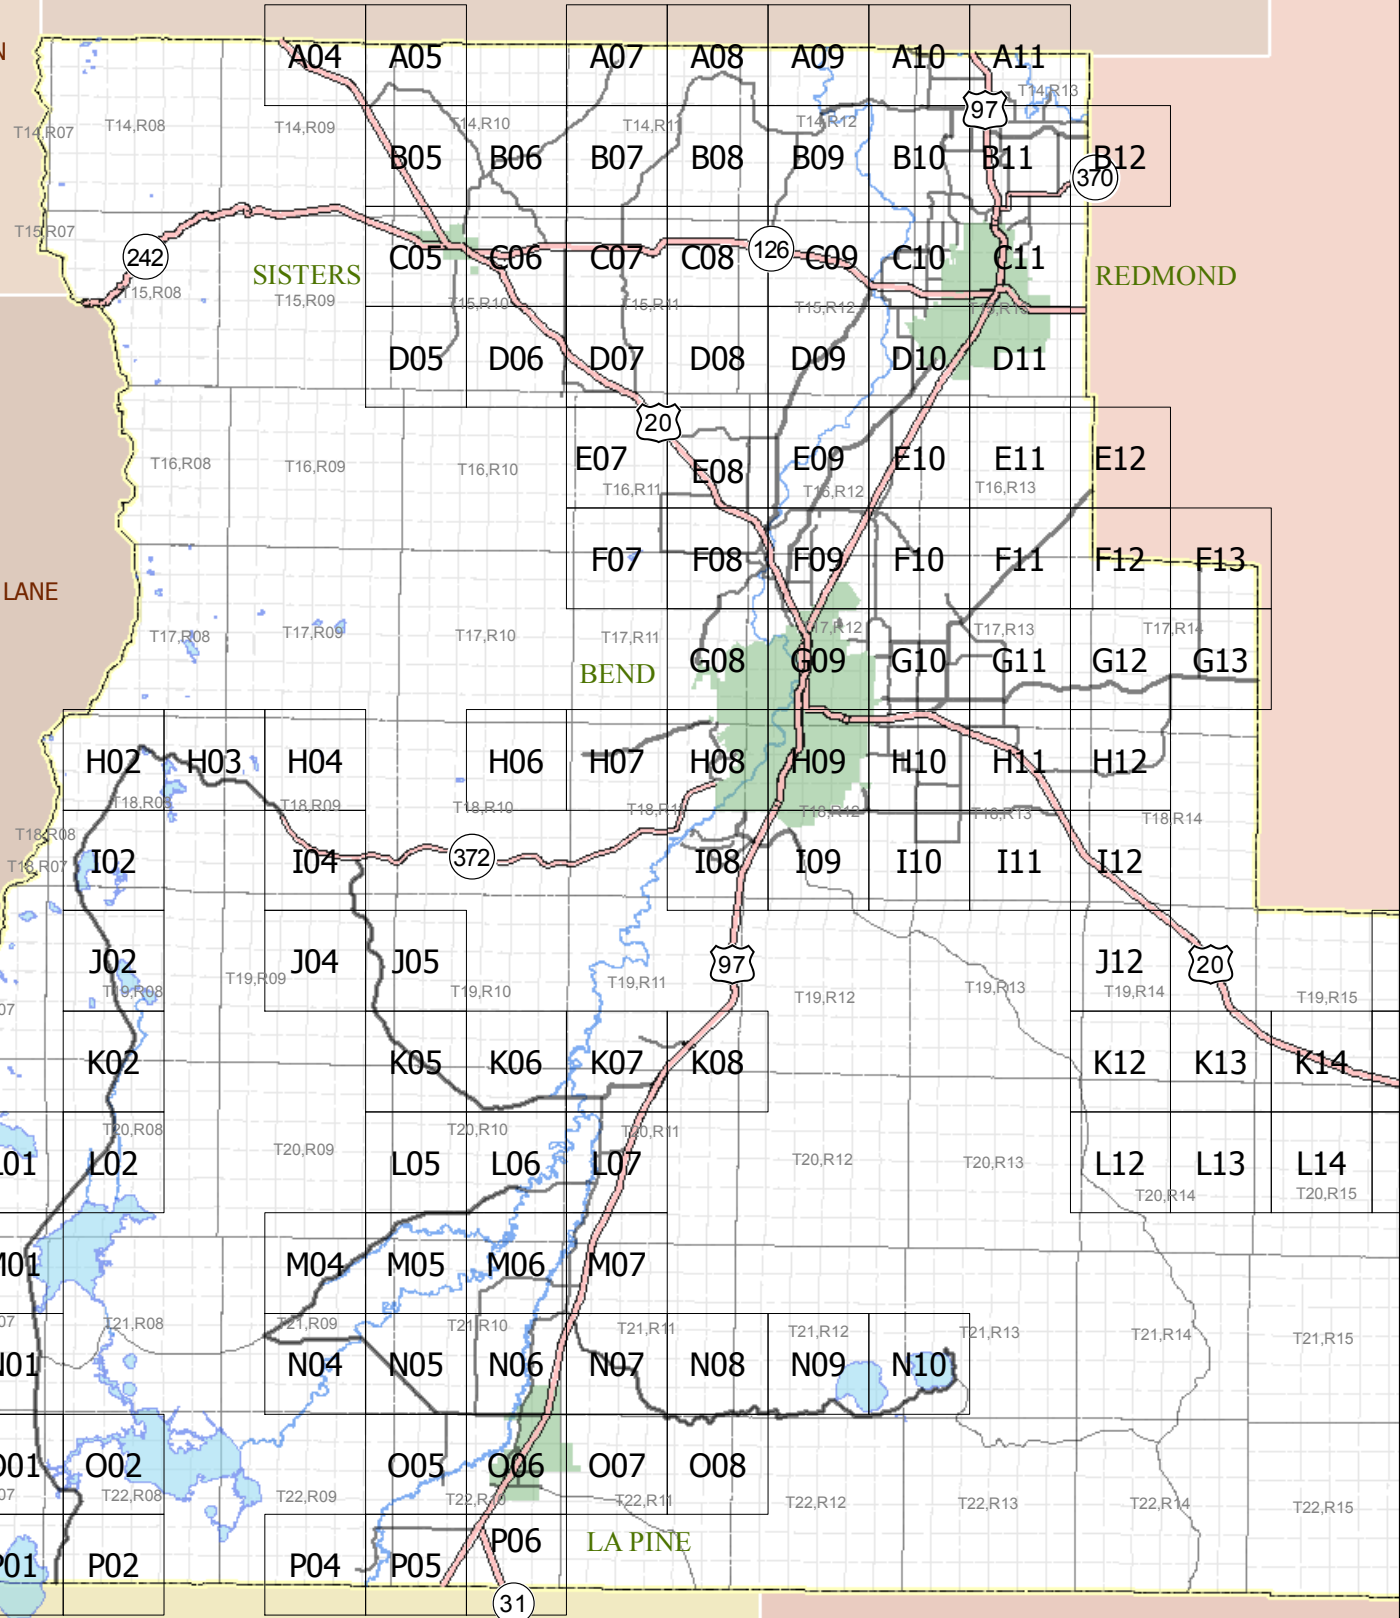

County Roads Atlas 2010

The County Roads Atlas was created for use by the employees of the Deschutes County Road Department. This atlas does not contain all roads within the county. The Road Department is concerned with county roads and those adjacent to them, which are the only roads shown in the atlas. Roads not shown include; city roads, private roads, public ways and any other roads that don't fall within the atlas boundaries.

In the map index, all county roads are shown in bold print. On the maps the county roads are shown as dark solid lines, and all other roads are shown as light dashed lines.

A downloadable pdf format file of this atlas is available for public use at www.deschutes.org.

For more information, questions, or concerns, please contact the Deschutes County Road Department via email (road@deschutes.org) or phone (541-388-6581).

The information on this map was derived from digital databases on Deschutes County's G.I.S. Care was taken in the creation of this map, but it is provided "as is". Deschutes County cannot accept any responsibility for errors, omissions, or positional accuracy in the digital data or the underlying records. There are no warranties, express or implied, including the warranty of merchantability or fitness for a particular purpose, accompanying this product. However, notification of any errors will be appreciated.
