QUESTIONS

The following information does not change the details of the Request for Proposal and is provided for informational purposes only.

Q1: We wanted to confirm whether this opportunity requires a joint application from partnering organizations or if each organization should submit a separate application outlining their respective roles and budgets.

A1: If two organizations want to partner to provide complete services we ask that there be only one proposal submittal to outline the respective roles and budgets. One organization will need to serve as the prime contractor and the other will serve as a sub-contractor. The county will contract with the prime contractor only and will name the sub-contractor as a sub-contractor in the contract. All billings, reports, etc. will flow through the prime contractor.

The original deadline for proposal submissions identified in the RFP for this project is still applicable, June 3, 2025 at 5:00 PM PST.
