Background:

Pursuant to House Bill 4002 (2024), the Oregon Behavioral Health Deflection Program supports Oregon's federally recognized tribal governments and counties in the development and operation of "deflection programs," defined as a collaborative program between law enforcement agencies and behavioral health entities that assist individuals who may have substance use disorder, another behavioral health disorder or co-occurring disorders, to create community-based pathways to treatment, recovery support services, housing, case management or other services.

The purposes of CJC's Behavioral Health Deflection Program include:

- Addressing the need for more deflection programs to assist individuals whose behavioral health conditions, including substance use disorder, lead to interactions with law enforcement, incarceration, conviction and other engagement with the criminal justice system; and
- Tracking and reporting data concerning deflection program outcomes to determine the best practices for deflection programs in Oregon.

Purpose:

Establish a collaborative agreement between the Deschutes County Sheriff's Office and contractor(s) to implement a Deflection Program aimed at engaging individuals with substance use disorder into treatment and peer support services.

Objectives:

- Reduce incarceration rates.

- Divert eligible individuals from arrest or jail to treatment programs.
- Provide immediate support.
- Offer timely access to treatment, detoxification, and other support services.

- Medication Assisted Treatment based on current medical best practices, including ability to prescribe appropriate medications.
- Ability to provide dual diagnosis treatment (Mental health and Substance Use Disorder).

Navigators also engage in wrap around peer services to provide support for various social determinants of health factors, including housing, healthcare, insurance sign up, job/resume assistance, Supplemental Nutrition Assistance Program (SNAP) enrollment, and other factors in support of individuals. These services will be continuously available to individuals throughout program enrollment and remain available to individuals after program completion on a space available basis.

Grant Requirements

Recipient Subagreements and Procurements.

1) Subagreements. Recipient may enter into agreements with subgrantees and subrecipients ("Subagreements") for implementation of portions of the Project. Recipient shall notify CJC of each Subagreement and provide CJC with a copy of a Subagreement upon request by CJC. Any material breach of a term or condition of a Subagreement relating to Grant Funds provided under this Agreement must be reported by Recipient to CJC within ten (10) days of its discovery.

(2) Subagreement indemnity; insurance

Each Recipient Subagreement shall require each other party to such Subagreement, that is not a unit of local government as defined in ORS 190.003, or a unit of state government as defined in ORS 174.111, to indemnify, defend, save and hold harmless the CJC and its officers, employees and agents from and against any and all claims, actions, liabilities, damages, losses, or expenses, including attorneys' fees, arising from a tort, as now or hereafter defined in ORS 30.260, caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of the other party to the Subagreement or any of such party's officers, agents, employees or contractors ("Claims"). It is the specific intention of the Parties that CJC shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the CJC, be indemnified by the other party to the Subagreement from and against any and all Claims.

Any such indemnification shall also provide that neither the other party to such Subagreement nor any attorney engaged by such party shall defend a Claim in the name of the State of Oregon or an agency of the State of Oregon, nor purport to act as legal representative of the State of Oregon or any of its agencies, without the prior written consent of the Oregon Attorney General. The State may, at any time at its election, assume its own defense and settlement in the event that it determines that the other party to such Subagreement is prohibited from defending State or that such other party is not adequately defending State's interests, or that an important governmental principle is at issue or that it is in the best interests of State to do so. State reserves all rights to pursue claims it may have against the other party to such Subagreement if State elects to assume its own defense.

Recipient shall require each other party to each of its Subagreements, that is not a unit of local government as defined in ORS 190.003, or a unit of state government as defined in ORS 174.111, to obtain and maintain insurance of the types and in the amounts provided in Exhibit B to this Agreement.

(3) Procurements.

i. Recipient shall make purchases of any equipment, materials, or services for the Project under procedures that comply with Oregon law, including all applicable provisions of the Oregon Public Contracting Code and rules.

ii. All procurement transactions, whether negotiated or competitively bid and without regard to dollar value, shall be conducted in a manner so as to provide maximum open and free competition. Justification must be provided to CJC for any noncompetitive or sole-source procurement. Justification should include a description of the equipment, materials or services procured, an explanation of why it was necessary to procure noncompetitively, time constraints and any other pertinent information. All sole source procurements in excess of \$100,000 must receive prior written approval from CJC in addition to any other approvals required by law applicable to Recipient. Intergovernmental agreements between units of government are excluded from this requirement to obtain CJC approval of sole source procurements.

iii. Recipient shall be alert to organizational conflicts of interest or non-competitive practices among vendors that may restrict or eliminate competition or otherwise restrain trade. A vendor that develops or drafts specifications, requirements, statements of work, or Requests for Proposals (RFP) for a proposed procurement shall be excluded from bidding or submitting a proposal to compete for the award in such procurement. A request for a waiver of this restriction must be submitted to and approved by CJC in advance and in writing.
