I wanted to reach out to let you know that we are very interested in a bi weekly pickup of recycled glass, paper, yard debris.

We currently take our recycling to a drop off site.

We have used the free yard debris drop off this year, but really need more help to keep our property fire wise. Now we throw the debris into the trash, it it doesn't behold much and we need to be more green in this area.

We are in OWW11.

Thanks for all that you do
