Subject: Endorsement for Sunriver Recycling side yard pickup

You don't often get email from jaredmp27@yahoo.com. [Learn why this is important](#)

[EXTERNAL EMAIL]

Dear Chad,

I'm reaching out to you to express my support for side-yard recycling pick-up in Sunriver. I understand that there is a proposal to have side-yard recycling pick-up for Sunriver residents as a universal service to all residences as opposed to a separate subscription service that would be added to existing trash pick-up services. I'm writing to express my support for this universal service.

As you and your team continue to organize on how to deploy recycling collection in Sunriver, I'd also ask you to consider the following points:

1. Make it easy. Many residents may not have space in their enclosed side yard trash areas for additional recycling bins. My residence is one such case. I ask that you consider the option to allow residents to bring recycling bins to the street or to the side yard on collection days. Many of my neighbors and me are eager to recycle more and this would make the recycling collection accessible to many more households.
2. Convenience for renters: As you may know, many owners rent out their properties on a short-term basis (daily/weekly). As an owner that rents our home out to others, a universal collection service would increase the convenience to our renters. Our renters are willing (per their feedback to me), to put recycling out on collection days. Further, as an owner, the ease of having a universal service vs. trying to pick the right mix of subscription services, will increase my adoption and uptake of new recycling services.

Thank you for considering my thoughts on this matter. I would also ask that my opinions on the matter be shared on the record at an upcoming Deschutes County meeting where this matter is being discussed.

Thank you,

Jared and Abby Preston
